### **Coleridge Biographia Literaria Chapter 13:**

**Coleridge and Newman** Philip C. Rule, 2004 By examining Samuel Taylor Coleridge's and John Henry Newman's parallel approaches to the central question of Christian apologetics the existence of God Coleridge and Newman The Centrality of Conscience documents more fully than ever before the extent of Coleridge's influence on Newman Both men sought to develop an argument for God's existence by understanding conscience as the moral self-awareness that makes us human The study provides fresh readings of three texts by Coleridge and three by Newman The result of these comparative readings is a rhetoric that both informs and invites the reader to personal reflection *The Whore's Story* Bradford Mudge, 2000 Bradford Mudge's book looks at the origins of literary pornography in English presenting a comprehensive overview of the complex issues surrounding pornography in the eighteenth century as it appears in fiction poetry criticism medical manuals and illustrations Mudge frames these battles in the context of contemporary feminine argument while closely reading the moment in which the lines of battle were first drawn *Double Vision* Darby Lewes, 2008-01-01 Tremendous philosophical social technological and aesthetic revolutions overwhelmed those living in the eighteenth and nineteenth centuries This volume examines the manner in which writers employed the metaphor of the literary palimpsest to respond to the resulting disorientation and alienation of this period of great change *The Nature of Aesthetic Value* Hugo Anthony Meynell, 1986-01-01 The Nature of Aesthetic Value proposes that aesthetic goodness the property in virtue of which works of art are valuable is a matter of their capacity in appropriate circumstances to give satisfaction It inquires into the nature of this satisfaction arguing that it consists of the extension and clarification of consciousness This provides a basis for treatment of the ancient problem of the relation between cultivation of the arts and the pursuit and maintenance of the true and the good The book summarizes critics judgments and arguments on literature the visual arts and music testing the author's theory about the nature of aesthetic opinion **Coleridge and the Conservative Imagination** Alan P. R. Gregory, 2003 Why should anyone bother with Coleridge either as a theologian or a political theorist At first in desperation but now quite deliberately Alan Gregory convincingly suggests that one should bother because Coleridge mounted an important critique of reductionist explanations of human society and moral agency and because Coleridge has much regarding that important enterprise to teach us still While Gregory also offers a perceptive outline of early British conservatism his main concern is with Coleridge's attack on reductionism including his defense of the will against associationism his criticisms of Enlightenment historiography his discussions of the inadequacies of political economy and the Trinitarian arguments against monism There is Gregory remarks no grasping the range or inner dynamic of Coleridge's thought without appreciating his religious vision his theology Indeed Coleridge himself affirmed that should we try to conceive a man without the ideas of God eternity freedom will absolute truth of the good the true the beautiful the infinite the man will have vanished *The Cambridge Companion to Coleridge* Lucy Newlyn, 2002-10-24 Samuel Taylor Coleridge is

one of the most influential as well as one of the most enigmatic of all Romantic figures The possessor of a precocious talent he dazzled contemporaries with his poetry journalism philosophy and oratory without ever quite living up to his early promise or overcoming problems of dependence and drug addiction The Cambridge Companion to Coleridge does full justice to the many facets of Coleridge's life and work Specially commissioned essays focus on his major poems including The Rime of the Ancient Mariner and Christabel his notebooks and his major work of non fiction the Biographia Literaria Attention is given to his role as talker journalist critic and philosopher his politics his religion and his reputation in his own times and afterwards A chronology and guides to further reading complete the volume making this an indispensable guide to Coleridge and his work

On Poetry and Philosophy Brayton Polka, 2021-11-04 Brayton Polka's book On Poetry and Philosophy Thinking Metaphorically with Wordsworth and Kant is unique in bringing poetry and philosophy together in a single study The poet and the philosopher whom he makes central to his project are both revolutionary founders of modernity Wordsworth of romantic poetry and Kant of critical philosophy Both the poet and the philosopher as the author makes clear in his study found their principles at once poetically metaphorical and philosophically critical on the religious values that are central to the Bible that all human beings are equal before God

**Geoffrey Hill's later work** Alex Wylie, 2019-09-12 An exploration of the later work of Geoffrey Hill often described as the greatest living poet in his lifetime This book reads interprets evaluates and sets in context the work of Hill's prolific later period from 1996 to 2016 the year of his death

Coleridge, Biographia Literaria, Chapters, I-IV, XIV--XXII. Samuel Taylor Coleridge, 1920

**The Nature of Aesthetic Value** Hugo A. Meynell, 1986-02-01 The Nature of Aesthetic Value proposes that aesthetic goodness the property in virtue of which works of art are valuable is a matter of their capacity in appropriate circumstances to give satisfaction It inquires into the nature of this satisfaction arguing that it consists of the extension and clarification of consciousness This provides a basis for treatment of the ancient problem of the relation between cultivation of the arts and the pursuit and maintenance of the true and the good The book summarizes critics judgments and arguments on literature the visual arts and music testing the author's theory about the nature of aesthetic opinion

**Theology for Non-Theologians** James Cantelon, 2009-12-09 How can I know God exists Are there different gods Are there religions that don't have a god at all What does God mean to me in everyday life Throughout his 40 year ministry James Cantelon has fielded questions like these about the nature of God and the relationship between God and believers and non believers alike They are deep and good questions and to help people understand God he felt compelled to write a book that discusses theology in a step by step and accessible way Here is theology as you have seldom seen it warm informal even humorous but always respectful and above all true to the Holy Scripture In Theology for Non Theologians Cantelon concentrates on God and His word the nature existence and works of God and God's revelation of himself in the Bible James Cantelon has accomplished the near impossible making theology engaging understandable and important in modern day life

THEOLOGY FOR NON THEOLOGIANS An Engaging Accessible

and Relevant Guide Features a Study Guide for ministers pastors lay people and students      Romanticism and Contemporary Criticism Morris Eaves, Michael R. Fischer, 2019-01-24 The core of this book is made up of five essays by distinguished scholars of international reputation that treat the relation between current literary theory and Romanticism The book originated in a series of lectures presented at the University of New Mexico in 1983 All but one of the essays are published here for the first time The contributors are Northrop Frye W J T Mitchell J Hillis Miller M H Abrams and Stanley Cavell Frye's essay is a major statement on the backgrounds of Romanticism W J T Mitchell's contribution takes up through the composite arts of William Blake the relation of poetry and painting writing and printing criticism and politics The controversy over deconstruction is the occasion for a matched pair of essays by J Hillis Miller and M H Abrams advocate and antagonist respectively In his essay Abrams makes a definitive statement on his view of deconstruction and its intellectual heritage The fifth piece by Stanley Cavell is the first extended discussion of English and American Romanticism by this major contemporary philosopher Following each essay is an edited transcript of a question and answer session in which the contributor critic ranges widely and freely over today's critical scene The sessions make fascinating reading This book should be of compelling interest to students of Romanticism as well as to students and scholars interested in the uses and implications of poststructuralist theory      **Keats and Shelley** Kelvin Everest, 2021-12-16 Keats and Shelley Winds of Light combines unrivalled textual knowledge biographical and contextual expertise and profoundly insightful close readings of the poetry in a selection of outstanding essays from a leading critic of English Romantic Poetry Some of the essays have been previously published and are established as classic studies which have strongly influenced scholarly interpretation of the poems they discuss including landmark readings of Shelley's Prometheus Unbound Julian and Maddalo and Ozymandias and Keats's Isabella or the Pot of Basil and his sonnet On First Looking into Chapman's Homer These are brought into relationship with new work on the two poets in a wide ranging set of meditations which centre on Shelley's great elegy for Keats Adonais An introductory chapter considers the strongly contrasting poetic styles and achievement of the two iconic young Romantics a contrast which has been obscured by their conventional close pairing in popular culture Five studies of Keats are followed by a pivotal account of Shelley's elaborately wrought poetic tribute to Keats's destined greatness which leads in to a balancing six studies of Shelley Both poets are situated illuminatingly in their literary personal and social historical milieu through a series of perspectives which combine lucid particularity with powerful generalization The essays move from detailed analysis of textual minutiae to deep reflection on fundamental themes in the work of Keats and Shelley including the ultimate themes of transience and permanence and of life death and immortality      The Descent of the Imagination Kevin Z. Moore, 1993-09 The Descent of the Imagination places Thomas Hardy's writing within the context of nineteenth century fiction writing as a genre Moore therefore regards his examination of Hardy's work as a form of archaeology as well as a genealogy of the romantic figure in fiction from Wordsworth through Hardy The book provides a

new interpretation of Hardy's method of composition and uses new source material that will interest Hardy scholars. It offers an original view of the novelist that argues that his work especially his later writings were a deliberate rewriting of romanticism.

**Coleridge's Ancient Mariner** J. C. C. Mays, 2016-10-27 This is the first book length study to read the Ancient Mariner as poetry in Coleridge's own particular sense of the word. Coleridge's complicated relationship with the Mariner as an experimental poem lies in its origin as a joint project with Wordsworth. J. C. C. Mays traces the changes in the several versions published in Coleridge's lifetime and shows how Wordsworth's troubled reaction to the poem influenced its subsequent interpretation. This is also the first book to situate the Mariner in the context of the entirety of Coleridge's prose and verse now available in the Bollingen Collected edition and Notebooks that is not only in relation to other poems like The Ballad of the Dark Lady and Alice du Châtel's but also to ideas in his literary criticism especially Biographia Literaria philosophy and theology. Using a combination of close reading and broad historical considerations reception theory and book history Mays surveys the poem's continuing life in illustrated editions and educational textbooks its passage through the vicissitudes of New Criticism and critical theory and in a final chapter its surprising affinities with some experimental poems of the present time.

**Coleridge's Contemplative Philosophy** Peter Cheyne, 2020-01-09 PHILOSOPHY or the doctrine and discipline of ideas as S. T. Coleridge understood it is the theme of this book. It considers the most vital and mature vein of Coleridge's thought to be the contemplation of ideas objectively as existing powers. A theory of ideas emerges in critical engagement with thinkers including Plato Plotinus Hegel Kant and Schelling. A commitment to the transcendence of reason central to what he calls the spiritual platonic old England distinguishes him from his German contemporaries. The book also engages with Coleridge's poetry especially in a culminating chapter dedicated to the Limbo sequence. This book pursues a theory of contemplation that draws from Coleridge's theories of imagination and the Ideas of Reason in his published texts and extensively from his thoughts as they developed throughout unpublished works fragments letters and notebooks. He posited a hierarchy of cognition from basic sense intuition to the apprehension of scientific ethical and theological ideas. The structure of the book follows this thesis beginning with sense data moving upwards into aesthetic experience imagination and reason with final chapters on formal logic and poetry that constellate the contemplation of ideas. Coleridge's Contemplative Philosophy is not just a work of history of philosophy it addresses a figure whose thinking is of continuing interest arguing that contemplation of ideas and values has consequences for everyday morality and aesthetics as well as metaphysics. The volume will be of interest to philosophers intellectual historians scholars of religion and of literature.

**Apocalypse and/or Metamorphosis** Norman O. Brown, 2023-09-01 Here is the final volume of Norman O. Brown's trilogy on civilization and its discontents on humanity's long struggle to master its instincts and the perils that attend that denial of human nature. Following on his famous books Life Against Death and Love's Body this collection of eleven essays brings Brown's thinking up to 1990 and the fall of Communism in Eastern Europe. Brown writes that the prophetic tradition is

an attempt to give direction to the social structure precipitated by the urban revolution to resolve its inherent contradictions to put an end to its injustice inequality anomie the state of war that has been its history from start to finish Affiliating himself with prophets from Muhammad to Blake and Emerson Brown offers further meditations on what's wrong with Western civilization and what we might do about it Thus the duality in his title crisis and the hope for change In pieces both poetic and philosophical Brown's attention ranges over Greek mythology Islam Spinoza and Finnegans Wake The collection includes an autobiographical essay musing on Brown's own intellectual development The final piece Dionysus in 1990 draws on Freud and the work of Georges Bataille to link the recent changes in the world's economies with mankind's primordial drive to accumulation waste and death Here is the final volume of Norman O Brown's trilogy on civilization and its discontents on humanity's long struggle to master its instincts and the perils that attend that denial of human nature Following on his famous books Life Against Death

**Preaching Through Time** Casey C. Barton, 2017-07-28 As preachers who come to the pulpit before God and before God's people each and every week how do we make sense of the text as we live a new moment of its ongoing story Most options available to the preacher necessitate a hermeneutical step that requires us to preach outside of time in timeless truths experiences or realities But the gospel is the drama of God appearing to and working with and loving God's people in time Preaching Through Time gives the preacher a timely homiletic for preaching together the times of God's gospel then and now while calling God's people to perform their own roles in today's moment of that gospel drama Anachronism preaching together the moments of God's drama is the language event that will get us from text to timely sermon week by week

'Tikkun Olam' —To Mend the World Jason Goroncy, 2013-12-04 Tikkun Olam To Mend the World is premised on the conviction that artists and theologians have things to learn from one another things about the complex interrelationality of life and about a coherence of things given and sustained by God The ten essays compiled in this volume seek to attend to the lives burdens and hopes that characterize human life in a world broken but unforgotten in travail but moving towards the freedom promised by a faithful Creator They reflect on whether the world wounded as it is by war by hatred by exploitation by neglect by reason and by human imagination itself can be healed Can there be repair And can art and theology tell the truth of the world's woundedness and still speak of its hope
