College2consulting The Complete Insiders Guide To The Consulting Recruitment Process:

College2Consulting Charles Benkendorf, Reed Walker, 2011-09-09 College2Consulting prepares you for the grueling and unique management consulting recruitment process. Anecdotes from dozens of consultants at top tier firms show you how to stand out before, during, and after the interview, ultimately leading to offers from your favorite firms. This book provides a great overview of consulting and definitely helps in positioning yourself to earn an offer with a great consulting firm. Booz: simple preparation tips to help you succeed. Info Sessions: Forget elevator pitches and stand out in a memorable way. Resumes: Grab recruiters' attention by quantifying your accomplishments. Cover Letters: Discover strategies from real cover letters that landed interviews. Fit Interviews: Impress industry veterans by preparing for common questions. Case Interviews: Learn to develop frameworks instead of relying on canned ones. C2C's authors recently went through consulting recruitment and have an intimate understanding of every facet of the process. To add perspective, the authors also interviewed managers. Consultants' existing resources were too focused on case interviews and did not cover the overall recruitment process. Charles teaches private classes covering the consulting recruitment process from start to finish and provides mock interview services at Northwestern University. He has also taught multiple primers on consulting recruitment at both University of Chicago and Northwestern University in winter and fall 2011. He currently works as a Business Analyst at Ustream.tv, the leader in live streaming video. Reed Walker, C2C author, co-founder, and marketing director is currently a consultant at Avascent, a strategy consulting firm specializing in developing growth strategies for firms doing business with government customers. At Avascent, Reed is also Avascent's recruitment lead for Duke University and has supported recruitment efforts at Georgetown, Stanford, and WashU, conducting resume screens as well as 1st and 2nd round interviews. Shannon Clark, C2C editor and co-founder, has published two books, currently works at Abbott Laboratories, and specializes in human factors design and usability of products and websites.
