Kennedy* Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F. Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F. Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O.J. Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi's irresistible logic command of

Burying the Lead Mal Jay Hyman,2019-03-01 The Cold War ushered in a time of secrecy and willing media cooperation to keep those secrets But even after winning that war the vault of secrets remains firmly locked especially surrounding John F Kennedy s murder Even for those who fundamentally oppose the current presidential administration notions of a national security state and fake news must be examined to maintain a functional democracy This book explains the rapid decline in confidence in government that started after the assassination of JFK The mainstream media failed to go beyond repeating the official story and by 1991 they along with academe and the government had stopped investigating altogether It was filmmaker Oliver Stone whose film fueled public outrage and led to the JFK Act to declassify all of the remaining documents Almost four million pages of documents were then released that even Congress had not yet seen The JFK Act stated that all files must be released by October 2017 yet thousands are still withheld on the grounds of national security This volume examines the tight alliances that have allowed this cover up for more than 50 years President Kennedy declared in October 1963 that men who create power make an indispensable contribution to a nation s greatness but the men who question power make a contribution just as indispensable especially when they are disinterested for they determine whether we use power or power uses us [A Terrible Mistake](#) H.
