Resources in Education ,1998 **Family Business Studies** Alfredo De Massis,Pramodita Sharma,Jess H. Chua,James J. Chrisman,2012-01-01 This book provides a thorough review and compendium of important family business research It should be in the personal library of every family business scholar and graduate student involved in this vital field of study Michael A Hitt Texas A M University US A systematic review of the field and an incredibly useful reference book for anyone involved in studying or teaching family business Sara Carter OBE FRSE Strathclyde Business School UK This book offers a succinct but thorough overview of how our understanding of significant issues in family business has evolved through rigorous research This annotated bibliography of the 215 top cited family business studies provides the empirical evidence and the basis for insightful comments from the authors on topics which will benefit from further scholarly debate and research The authors are to be congratulated for making accessible those research contributions which have the potential to make a meaningful difference to the practice of family business Jill Thomas The University of Adelaide Business School Australia I highly recommend the annotated bibliography by De Massis Sharma Chua and Chrisman to experienced scholars as well as to incoming researchers The authors selected carefully and in a transparent manner relevant papers and summarized them in a way that provides a helpful basis for future research Well done Sabine B Rau WHU Otto Beisheim School of

Management Germany A welcome addition to the field of family business studies Offers an update and thorough compendium of relevant research conducted within the last 15 years A most useful reference for doctoral students established scholars and thoughtful practitioners Importantly the first three chapters offer critical commentary and synthesis that go well beyond what one typically finds in an annotated bibliography Overall this book offers a solid foundation for moving the study of family business forward Lloyd Steier University of Alberta Canada If I had been asked to suggest the currently most needed editorial endeavor for advancing family business studies I would have answered with no hesitation an up to date annotated bibliography The field s growth over the past 15 years has been so intense that even experts who devote most of their research efforts to family business not to mention younger scholars approaching the field will significantly benefit from De Massis Sharma Chua and Chrisman s indispensable work Carlo Salvato Bocconi University Italy and Associate Editor Family Business Review This book catalogues the 215 most cited empirical theoretical and practical articles on family business published in 33 journals since 1996 Researchers students and practicing managers will find it indispensable as a quick reference and guide to what we have learned about family firms Annotations for the articles consist of summary of key findings research questions contributions and research implications They also include a detailed description of the methodologies empirical data definitions and conceptual models used In addition the book features chapters that review the literature discuss how family businesses have been defined present recent trends in family business empirical research and provide an agenda for future research Scholars researchers and PhD students in the fields of family business entrepreneurship organization theory management economics finance anthropology sociology and business history will find this compendium insightful The topics covered in the book will also prove to be essential to practitioners both advisors and operators of family enterprises as it will provide evidence based knowledge on the issues and dilemmas faced by them in everyday life
