Victorian Britain (Routledge Revivals) Sally Mitchell, 2012-08-06 First published in 1988 this encyclopedia serves as an overview and point of entry to the complex interdisciplinary field of Victorian studies The signed articles which cover persons events institutions topics groups and artefacts in Great Britain between 1837 and 1901 have been written by authorities in the field and contain bibliographies to provide guidelines for further research The work is intended for undergraduates and the general reader and also as a starting point for graduates who wish to explore new fields *Chartism, Commemoration and the Cult of the Radical Hero* Matthew Roberts, 2019-08-15 Chartism the British mass movement for democratic and social rights in the 1830s and 1840s was profoundly shaped by the radical tradition from which it emerged Yet little attention has been paid to how Chartists saw themselves in relation to this diverse radical tradition or to the ways in which they invented their own tradition Paine Cobbett and other founding fathers dead and alive were used and in some cases abused by Chartists in their own attempts to invent a radical tradition By drawing on new and exciting work in the fields of visual and material culture cultures of heroism memory and commemoration critical heritage studies and the history of political thought this book explores the complex cultural work that radical heroes were made to perform **Victorian Britain** Sally Mitchell, 2011 First published in 1988 this encyclopedia serves as an overview and point of entry to the complex interdisciplinary field of Victorian studies The signed articles which cover persons events institutions topics groups and artefacts in Great Britain between 1837 and 1901 have been written by authorities in the field and contain bibliographies to provide guidelines for further research The work is intended for undergraduates and the general reader and also as a starting point for graduates who wish to explore new fields **The IRA in Britain, 1919-1923** Gerard Noonan, 2014 A study of the activities of violent republicans in Britain during the Irish War of Independence and Civil War 1919 1923 including gunrunning and their campaign of violence as well as the reaction of the authorities *Industrial Nation* William Knox, 2019-07-31 No detailed description available for Industrial Nation *A history of England from the conclusion of the great war in 1815* Sir Spencer Walpole, 1905 *A Companion to Nineteenth-Century Britain* Chris Williams, 2008-04-15 A Companion to Nineteenth Century Britain presents 33 essays by expert scholars on all the major aspects of the political social economic and cultural history of Britain during the late Georgian and Victorian eras Truly British rather than English in scope Pays attention to the experiences of women as well as of men Illustrated with maps and charts Includes guides to further reading [Literature in a Time of Migration](#) Josephine McDonagh, 2021-05-13 Literature in a Time of Migration offers a profound rethinking of British fiction in light of the new practices of human mobility that reshaped the nineteenth century world Building on the growing critical engagement with globalization in literary studies it confronts the paradox that at a time when transnational human movement occurred globally on an unprecedented scale British fiction appeared to turn inward to tell stories of local places that valorized stability and rootedness In contrast this book reveals how literary works

from the end of the Napoleonic Wars to the advent of the New Imperialism were active components of a culture of colonization and emigration. Fictional texts as print commodities were enmeshed in technologies of transport and communication and innovations in literary form were spurred by the conditions and consequences of human movement. Examining works by Scott, Charlotte Brontë, Dickens and George Eliot as well as popular contemporaries Mary Russell Mitford, John Galt and Thomas Martin Wheeler, this volume demonstrates how literary texts overlap with an agenda set in public discussions of colonial emigration that they also helped to shape. Debates about assisted emigration, forced and free migration, colonization, settlement and the removal of native peoples figure in fictions in complex ways. Read alongside writings by emigration theorists, practitioners and enthusiasts, for colonization, fictional texts reveal a powerful and sustained engagement with British migratory practices and their worldwide consequences. Literature in a Time of Migration is a timely reminder of the place and importance of migration within British cultural heritage.

Revolutionary Britannia? Edward Royle, 2000. Europe was swept by revolution in the period from 1789 to 1848. Britain alone of the major western powers seemed exempt from this revolutionary fervour. The governing class attributed this exemption to divine providence and the soundness of the British Constitution. This view has been upheld by historians for over a century. This book provides students with an alternative view of the potential for revolution and the resources of conservatism in early industrial Britain which challenges many of the common assumptions. Incorporates quotations from primary sources to give the reader a critical sense of why revolution was taken seriously by people at the time. Shows how the revolutionaries were defeated by the government's propaganda against revolutionary sentiments and the strength of popular conservatism.
