Signs of Emotional Abuse Lana Otoy,2019-02-08 Get the paperback of this book and receive the Kindle ebook for free What is the line between emotional abuse and normal human behavior And who gets the right to draw that line Are you feeling depressed and anxious because your mental health simply isn t doing well right now Or is it a direct response to the emotional trauma that is being caused by an unhealthy relationship These are all difficult questions to answer and I understand how hard it can be to diagnose emotional abuse from the inside of a relationship After

having experienced an emotionally difficult relationship myself I only came to truly realize how damaging it was after I had left the relationship Why couldn't I see abuse while I was in the relationship Ever since then I have seen many friends get very comfortable in relationships that last for years but that I would consider abusive Why is it that so many people find their way into relationships like this The answer is because it's nearly impossible to see abuse from the inside I made it a mission of mine to find out exactly how to diagnose an abusive relationship from inside a relationship so that anyone going through abuse or trauma can find a way out Understanding Why It's Difficult to Pin Point Emotional Abuse Abusive behavior can be hard to define or prove and many people think that abuse is an opinion I know a couple where the man is emotionally abused by the woman I have often heard his friends say things like well if she makes him happy then it's ok or if he's ok with it then I guess it's alright If you were saying these things about your own relationship you might say yeah but I don't mind it when he does that or but I know she doesn't mean it that way You are saying these things as if abuse is an opinion based thing when it really isn't There is a line that changes things and moves behavior over into the abuse category and you do not get to determine where that line is Abuse is not an opinion This book will show you when behavior turns into abuse The good news about abuse not being an opinion is that there is a line to be drawn all you have to do is find that line and that's where I come in This book includes Exact definitions on the different kinds of emotional abuse and manipulation tactics used by abusers If your abuser takes part in these behaviors the line has been drawn Quizzes case studies and examples to help you see your relationship from the outside in These exercises will help you answer questions as if you were an observer in the relationship helping you see things more clearly My theory for why good people and good relationships turn into bad ones and how this can happen to anyone A roadmap and way to escape Step by step instructions on how to confront an abuser and plan an escape out of an abusive relationship Emotional abuse doesn't have to be complicated If you are questioning your relationship or are reading this book for a friend you can be sure that it will give you insight and guidance on how to determine if what you're dealing with is normal or cause for concern Don't stay in the dark questioning and asking your friends for advice Use this book as a concrete way to answer the question am I being emotionally abused Grab a copy of this book and get your answer
