Empire Antarctica Gavin Francis, 2014-08-26 Gavin Francis fulfilled a lifetime's ambition when he spent fourteen months as the basecamp doctor at Halley a profoundly isolated British research station on the Caird Coast of Antarctica So remote it is said to be easier to evacuate a casualty from the International Space Station than it is to bring someone out of Halley in winter Antarctica offered a year of unparalleled silence and solitude with few distractions and a very little human history but also a rare opportunity to live among emperor penguins the only species truly at home in the Antarctic Following Penguins throughout the year from a summer of perpetual sunshine to months of winter darkness Gavin Francis explores the world of great beauty conjured from the simplest of elements the hardship of living at 50 c below zero and the unexpected comfort that the penguin community bring Empire Antarctica is the story of one man and his fascination with the world's loneliest continent as well as the emperor penguins who weather the winter with him Combining an evocative narrative with a sublime sensitivity to the natural world this is travel writing at its very best

Footprints David Farrier, 2020-03-03 A profound meditation on climate change and the Anthropocene and an urgent search for the fossils industrial chemical geological that humans are leaving behind What will the world look like in ten thousand years or ten million What kinds of stories will be told about us In Footprints In Search of Future Fossils the award winning author David Farrier explores the traces we will leave for the very distant future Modern civilization has created objects and landscapes with the potential to endure through deep time whether it is plastic polluting the oceans and nuclear waste sealed within the earth or the 30 million miles of roads spanning the planet Our carbon could linger in the atmosphere for 100 000 years and the remains of our cities will still exist millions of years from now as a layer in the rock These future fossils have the potential to reveal much about how we lived in the twenty first century Crossing the boundaries of literature art and science Footprints invites us to think about how we will be remembered in the myths and stories of our distant descendants Traveling from the Baltic Sea to the Great Barrier Reef and from an ice core laboratory in

Tasmania to Shanghai one of the world's biggest cities Farrier describes a world that is changing rapidly with consequences beyond the scope of human understanding As much a message of hope as a warning Footprints will not only alter how you think about the future it will change how you see the world today **Svalbard** Roger Norum, James Proctor, 2018-05-03 The Bradt guide to Svalbard Spitsbergen including Franz Josef Land and Jan Mayen is a unique standalone guidebook to this evocative Arctic archipelago a place that is plunged into darkness for four months each year and where there are 4 000 snow scooters for a population of just 2 500 This new sixth edition has been thoroughly updated throughout and offers new material on everything from adventure tours to accommodation environmental change to restaurants Also covered are the restoration of Barentsburg and the opening of Svalbard's historic mines to visitors Newly updated and amended this edition reflects important recent changes in the archipelago making it the perfect guide to a quintessential bucket list destination Possibly the most remote destination in the developed world Svalbard is as off the beaten track as you can get in Europe today A destination where there are more polar bears than people Svalbard is the planet's most northerly settled land and the top if not the end of the world It was on and around Svalbard that most of David Attenborough's Frozen Planet was filmed A trip to Svalbard easily lends itself to notching up geographic superlatives most northerly kebab most northerly souvenir shop etc and adventurous travellers seek out experiences such as husky driving and hikes across the permafrost charmed by the island law that requires everyone to carry a rifle anywhere outside of Longyearbyen a constant reminder of Svalbard's 3 000 strong polar bear population The main tourist period falls in Svalbard's brief summer from June to August when it's light around the clock and not very cold However increasingly popular for winter sports especially because the next few years will enjoy unusually high Northern Lights activity are the so-called light winter months March May when there is both sunlight and snow The winter season itself November December March offers many possibilities for outdoor adventure and the polar night is an experience in itself Despite winter temperatures that can drop to over 40 below zero Svalbard's glorious mountains majestic fjords and sprawling valleys are the perfect setting for adventurous journeys out to the back of beyond giving visitors a unique vantage point on a unique tourist destination This brand new edition of Svalbard provides all of the practical and background information you'll need to explore this wild place turning the hostile into the hospitable Bradt's Svalbard is written by Roger Norum an expert in the region who writes regularly on northern Norway for the press and who teaches Norwegian language and translation at University College London He is also a Research Fellow at the University of Leeds where he carries out research on the links between tourism travel writing and environmental change in the European Arctic *Svalbard* Andreas Umbreit, Roger Norum, 2013 A new edition of the most in-depth guide available to the most remote area of the Scandinavian Arctic from ends of the earth wilderness adventures to fascinating insight into the flora fauna and natural landscapes The perfect guide to the perfect bucket list destination *The Bridge Between Worlds* Gavin Francis, 2024-09-12 In *The Bridge Between Worlds* Gavin Francis explores bridges old and new man-made or natural musing

on the view from the bridge through history geopolitics psychology and literature Against the ever growing obsession with national borders in politics and the media bridges whether seen as functional emblematic or aesthetical both unite and divide us From Ponte Sant Angelo to Brooklyn Bridge from Victoria Falls Bridge to Tavanasa Bridge The Bridge Between Worlds reflects on the bridges between nations and individuals how they act as frontiers and reflects on the lives of people either side of the border

Recovery Gavin Francis, 2022-01-13 THE SUNDAY TIMES BESTSELLER an uplifting account of hope and healing by GP Gavin Francis I cannot think of anybody patient or doctor who will not be helped by reading this short and profound book Henry Marsh Such a wise gentle quietly hopeful book Exactly what I needed Rachel Clarke A lovely little book Michael Rosen When it comes to illness sometimes the end is just the beginning Recovery and convalescence are words that exist at the periphery of our lives until we are forced to contend with what they really mean Here GP and writer Gavin Francis explores how and why we get better revealing the many shapes recovery takes its shifting history and the frequent failure of our modern lives to make adequate space for it Characterised by Francis's beautiful prose and his view of medicine as the alliance of science and kindness Recovery is a book about a journey that most of us never intend to make Along the way he unfolds a story of hope transformation and the everyday miracle of healing

Sir Thomas Browne Gavin Francis, 2023-04-15 In this book Gavin Francis writes about the resonance for him as a medic in reading the work of early modern polymath Sir Thomas Browne Sir Thomas Browne 1605 1682 was an English physician wordsmith and polymath who contributed hundreds of words to the English language such as medical electricity migrant and computer After studying medicine in Montpellier Padua and Leiden

he settled in Norwich where he practised as a doctor and wrote some of the greatest books of the seventeenth century still read for their accessibility and eloquence In Sir Thomas Browne The Opium of Time Dr Gavin Francis examines Browne s work through a variety of themes ambiguity curiosity vitality piety humility misogyny mobility and mortality He argues that the work has lost little of its power and wisdom and none of its beauty Religio Medici Religion of the Doctor examined the vexed question of faith in a God who to a physician seemed indifferent to suffering Pseudodoxia Epidemica Vulgar Errors gave free rein to an agile curiosity and sought to debunk notions then commonly believed such as that dead kingfishers indicate the direction of the wind or that a woman could get pregnant from sharing a bath with a man Urne Buriall was Browne s meditation on mortality occasioned by a find of funerary urns while Museum Clausum Hidden Museum sets out a series of thought experiments and counterfactuals such as how history might have been different had Alexander the Great marched west instead of east Gavin Francis draws on his own experiences as a twenty first century writer and doctor to discover that although many centuries separate him from Browne they share a fundamental curiosity about the world and about people

Shapeshifters Gavin Francis,2018-05-03 Stylish and exhilarating from a wide ranging mind and a profound humanity inspiring Hilary Mantel A wonderful series of meditations clinical anthropological literary and deeply humane on his patients and their illnesses Henry Marsh Timely thought provoking and eloquent brimming both with warmth and insight he puts himself among the ranks of Oliver Sacks and Atul Gawande The Times Unreliable bodies and shifting symptoms are all in a day s work for a GP In his years of practising Gavin Francis has seen it all the promising law student trapped under the spell of anorexia the bodybuilder whose use of illegal steroids threatens his fertility the teenager agonising over the perplexing physical dramas of puberty and the surprisingly upbeat woman growing a horn in the centre of her forehead In Shapeshifters he draws on his patients bodily transformations both welcome and unwelcome bringing together case histories and accounts from the history of medicine art literature myth and magic to show how the very essence of being human is change

Island Dreams Gavin Francis,2020-10-01 SHORTLISTED FOR WATERSTONES BOOK OF THE YEAR In Island Dreams Gavin Francis combines stories of his own travels with psychology philosophy and myth shedding new light on the importance of islands and isolation in our collective consciousness Francis draws on thirty years of island adventures from the Faroe Islands to the Aegean from the Galapagos to the Andaman Islands He contrasts these quests for freedom with the demands for commitment required as a doctor community member and parent Island Dreams riffs on the twin poles of rest and motion independence and attachment never more relevant than in today s ever connected world

The Literary Lifeline Kevin Harvey,2025-07-24 The Literary Lifeline is a tribute to the transporting and consoling power of reading In this insightful and moving book Kevin Harvey affirms the importance that language and literature can play in our lives reminding us of reading s enduring and sometimes surprising ability to help us through times of illness grief and uncertainty Interweaving fragments from his own experience of reading Harvey takes us on a fascinating tour of reading for therapeutic

effect exploring the rise of shared reading and other uses of bibliotherapy in various social and personal contexts He argues through a series of compelling stories and life experiences that reading not only benefits physical and emotional wellbeing but that it also humanises the care process particularly in institutional settings where personhood can be threatened or undermined completely Whether he s writing about the drama and delight of reading aloud to other people the humane magic of the public library or the loss of his beloved brother and his improvised attempt to read through grief Harvey offers us an engaging take on the solace of reading and the gift of the written word Entertaining highly accessible and teeming with illuminating observations and ideas The Literary Lifeline is a book that will appeal to both scholars and general readers alike

Wild Sea Joy McCann, 2019-04-25 This bracing history charts the myths the exploration and the inhabitants of the all too real and wild circumpolar ocean to our south The Sydney Morning Herald Pick of the Week Unlike the Pacific Atlantic Indian and Arctic Oceans with their long maritime histories little is known about the Southern Ocean This book takes readers beyond the familiar heroic narratives of polar exploration to explore the nature of this stormy circumpolar ocean and its place in Western and Indigenous histories Drawing from a vast archive of charts and maps sea captains journals whalers log books missionaries correspondence voyagers letters scientific reports stories myths and her own experiences Joy McCann embarks on a voyage of discovery across its surfaces and into its depths revealing its distinctive physical and biological processes as well as the people species events and ideas that have shaped our perceptions of it The result is both a global story of changing scientific knowledge about oceans and their vulnerability to human actions and a local one showing how the Southern Ocean has defined and sustained southern environments and people over time Beautifully and powerfully written Wild Sea will raise a broader awareness and appreciation of the natural and cultural history of this little known ocean and its emerging importance as a barometer of planetary climate change A sensitive portrait of a complex ecosystem from krill to blue whales and of the ice winds and currents that are critical to the circulation of the world's oceans Harper's Wilderness seekers will rejoice in this stirring portrait McCann deftly navigates both natural glories and archival complexities Nature

Antarctica in British Children's Literature Sinead Moriarty, 2020-11-29 For over a century British authors have been writing about the Antarctic for child readers yet this body of literature has never been explored in detail Antarctica in British Children's Literature examines this field for the first time identifying the dominant genres and recurrent themes and tropes while interrogating how this landscape has been constructed as a wilderness within British literature for children The text is divided into two sections Part I focuses on the stories of early twentieth century explorers such as Robert F Scott and Ernest Shackleton Antarctica in British Children's Literature highlights the impact of children's literature on the expedition writings of Robert Scott including the influence of Scott's close friend author J M Barrie The text also reveals the important role of children's literature in the contemporary resurgence of interest in Scott's long term rival Ernest Shackleton Part II focuses on fictional narratives set in the Antarctic including early twentieth century whaling literature adventure and fantasy texts contemporary animal stories and environmental texts for children Together these two sections provide an insight into how depictions of this unique continent have changed over the past century reflecting transformations in attitudes towards wilderness and wild landscapes
