

EMS ZOMBIE PROTOCOL

1

CONTAIN THE VIRUS

Your efforts against these gory flesh-eating creatures will go in vain without a plan to contain the virus. Before your medics can begin to assist the screaming crowds of survivors, you must have the right operational backbone in place to support the eradication efforts.

2

PRESERVE HUMAN LIFE

Your medics will need all the help they can get to maintain order and protect others from the walking dead. With the right tools and support, your medics can minimize the amount of administrative work so they can go back to the business of saving lives.

3

SECURE THE COMMUNITY

There's no clinical science behind the long-term effects of zombie wounds on living humans. Understanding the evolution of your patients is critical to improve the performance of your rescue efforts and prevent a second wave of carnage and terror on earth.
