*Animal Encounters of Many Kinds* Loreta Antonio, 2018-04-17 I have studied in my Ocean Focus classes about learning to co exist with the animals around us As I continued to research these animals exciting memories of my encounters with some of them flashed back into my mind starting when I was young and up to the most recent times when I was on field studies and on trips Some of those interesting incidents I have told and retold to my students family and friends So I put them into writing hoping they could bring smiles and laughter to even more people Some of the stories might make you uncomfortable I ve cherished those animal encounters although in some situations I acted a bit crazy like the day the leech was on my leg My mom and dad got a few chuckles from that story

*Animal Encounters* Catchfire Press, 2012 *Exploring Animal Encounters* Dominik Ohrem, Matthew Calarco, 2018-07-28 This collection of essays offers multifaceted explorations of animal encounters in a range of philosophical cultural literary and historical contexts *Exploring Animal Encounters* encourages us to think about the richness and complexity of animal lives and human animal relations foregrounding the intricate roles nonhuman creatures play in the always already more than human sphere of ethics and politics In this way the essays in this volume can be understood as a contribution to alternative imaginings of interspecies coexistence in a time in which the issue of human relations with earth and earth others has come to the fore with unprecedented force and severity
