evicted on a daily basis In Georgia 200 000 evictions were filed in 2013 alone and in San Francisco evictions increased by 38 percent between 2010 and 2013 After this the author writes about the personal consequences of eviction Some of these are loss of possessions and loss of financial income Children of evicted parents will either have to move to a different school or they miss school altogether Many times when a person loses their home they also lose their job Eventually evictions may lead to depression anxiety To be continued Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book Evicted Daily Books,2017 Evicted Poverty and Profit in the American City by Matthew Desmond Conversation StartersMatthew Desmond a Harvard sociologist gives readers insight into some of Milwaukee s poverty stricken neighborhoods in his new book Evicted Poverty and Profit in the American City He introduces readers to families who are experiencing eviction on a regular basis because most of their income is spent on rent Desmond s years of research living in these neighborhoods and getting to know the tenants and their landlords help bring to light the answers to some important questions hoping to bring solutions to a problem that is unique to America Since its release in 2016 Evicted Poverty and Profit in the American City has received many notable awards including a Pulitzer Prize for General Non fiction A Brief Look Inside EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages The characters and their world come alive and the characters and its world still live on Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on These questions can be used to Create Hours of Conversation Promote an atmosphere of discussion for groups Foster a deeper understanding of the book Assist in the study of the book either individually or corporately Explore unseen realms of the book as never seen beforeDisclaimer This book you are about to enjoy is an independent resource meant to supplement the original book If you have not yet read the original book we encourage doing before purchasing this unofficial Conversation Starters *Summary - Evicted* Instant-Summary,2018-01-31 Evicted Poverty and Profit in the American A Complete Summary Evicted Poverty and Profit in the American City is a book written by Matthew Desmond The book is about eviction and the side effects that eviction can have on a person or community Eviction which involves poverty and the loss of everything that a person once knew has an enormous emotional impact on a person When someone loses their home it is hard if not impossible to continue on living because there are many things which inevitably follow and none of them are positive That is why the author decided to write about these things that unfortunately become part of people s lives The shelter or home is something that all of us want to have and something that we are ready to defend even with our lives For this reason when people lose their home it creates a huge impact on them Some of them recover and eventually find a job and a new life but some people never recover and remain homeless There are two main characters in this book One of them is a landlord named Sherrena Tarver who rents houses for those who cannot afford to rent for themselves The other one is a man named Tobin Charney who runs a trailer park The rest of the book is about sociological studies into the problem of

**Evicted** Lisa T. Alexander,2017 Matthew Desmond s *Evicted* Poverty and Profit in the American City is a triumphant work that provides the missing socio legal data needed to prove why America should recognize housing as a human right This Essay argues that Desmond s mostly federal legal prescriptions are insufficient to help all Americans realize the full promise of the human right to housing American cities should also enact local ordinances that legitimate new housing arrangements in order to fully realize the human right to housing Part I argues that *Evicted* s stories show that the law operates differently in poor housing markets than in traditional markets and that poor residents are differently situated in low income housing markets based upon their age sex gender race and ethnicity *Evicted* also reveals that poor tenants and their landlords make informal bargains that often undermine the goals of numerous housing related laws and sacrifice poor residents dignity Part II builds on Desmond s legal and policy prescriptions by providing examples of how cities can codify the right to housing at the local level through resolutions and ordinances that legitimate more equitable housing

arrangements Part II further asserts that the right to housing is a legal tool that can help localities manage and effectively internalize the mounting economic and social costs of increasing inequality in American housing markets **Carceral**

Holland,2017-06-16 Why do governments tolerate the violation of their own laws and regulations Conventional wisdom is that governments cannot enforce their laws Forbearance as Redistribution challenges the standard interpretation by showing that politicians choose not to enforce laws to distribute resources and win elections Alisha Holland demonstrates that this forbearance towards activities such as squatting and street vending is a powerful strategy for attracting the electoral support of poor voters In many developing countries state social programs are small or poorly targeted and thus do not offer politicians an effective means to mobilize the poor In contrast forbearance constitutes an informal welfare policy around which Holland argues much of urban politics turns While forbearance offers social support to those failed by their governments it also perpetuates the same exclusionary welfare policies from which it grows
