The Complete Soul J. Douglas Bottorff,2015-09-06 The belief in soul evolution comes from the commonly held assumption that each person is spiritually incomplete that we have returned to this earthly school for lessons our souls need to move to the next higher level The Complete Soul Exposing the Myth of Soul Evolution challenges this belief Your soul like the drop of water taken from the ocean is complete The spiritual awakening is not about evolution It is about recovering your soul from the false sense of self and its evolutionary timeline a perceived barrier between where you think you are and where you want to be This book takes the position that no such barrier exists Within these pages you will discover that you did not come here to learn something from the people places and things of this earth You came for the experience You came because you had something you wanted to give The Complete Soul affirms your spiritual wholeness and suggests creative new ways of thinking about your reason for taking on this physical body As you consider these ideas you may discover that the fulfillment you seek is a lot closer than you think

The Evolution of the Soul Richard Swinburne,1986 Although humans and animals have evolved from inanimate matter both have a qualitatively higher mental life one of sensation thought purpose desire and belief This thoughtful study written by a major figure in philosophical theology argues that these mental states while interacting with the body are distinct from it they are the states of a soul Swinburne examines the various parts of the mental life the concept of soul both human and animal and the products of the human soul logical thought moral beliefs and free will
