When Shadow Meets the Bodhisattva Andrew Cohen,2023-01-31 Insights from a renowned spiritual teacher s intense soul searching after the dramatic collapse of his spiritual community Explores the rise and fall of the author s organization EnlightenNext including his own responsibility for its failure and the lessons he learned

such as the need to deal thoroughly with one's shadow for continued spiritual growth. Presents wisdom from the author's discussions with spiritual leaders including Ken Wilber, Diane Musho Hamilton, Roshi Steve McIntosh, Terry Patten, Doshin Roshi, Sally Kempton, Philip Goldberg, Jeffrey Kripal, and Patricia Albere. Shares a new vision for the spirituality of tomorrow. After his very public fall from grace in 2013, renowned spiritual teacher Andrew Cohen vanished from view and underwent a dark night of the soul. After years of intense introspection and soul searching, Cohen shares his insights into the failure of his organization, EnlightenNext, including his own responsibility for its downfall as well as a new vision for modern spirituality based on the wisdom of the lessons he learned. The author details his spiritual initiation, his rapid rise to guruhood, the explosive growth of his spiritual community worldwide, and then right at the height of its spiritual and creative emergence, its dramatic collapse, which left his students lost, bitter, angry, and confused. He shares his gripping spiritual odyssey from the heights of illumination down into the existential ashes of failed aspirations to the underworld of inner darkness and back again into the light. Building upon the lessons he learned, including the need to deal thoroughly with one's own shadow, Cohen explains the necessity of the guru in spiritual practice while also exposing the dysfunctions of the traditional guru-disciple model. He shares insights from his discussions with spiritual leaders including Ken Wilber, Diane Musho Hamilton, Roshi Doshin Roshi, Jeffrey Kripal, and Patricia Albere, revealing how the issues he faced are profoundly relevant to the spiritual community as a whole. He also shares how his teachings have evolved and sheds light on the art of communicating beyond ego and unleashing the co-creative power of our shared collective intelligence, the key to initiating enlightened change in a world in crisis.

American Gurus Arthur Versluis, 2014. Versluis shows how the convergence of Asian religions and Western mysticism produce the contemporary phenomenon of spontaneously enlightened gurus in America.

Traces of Transcendence Duncan S. Ferguson, 2022-04-07. The author, Duncan Ferguson, draws upon his years as chaplain and professor in university settings where seeking answers to hard and perplexing questions are the order of the day. One that continually surfaces is whether there is any evidence of divine transcendence in the natural world in history or in the human experience. Is there a God who might provide universal values guidance to those seeking solutions to the overwhelming problems we face and a measure of inner peace for troubled souls? This question is considered one of the most difficult to answer in a definitive way, and in a university setting, it is often answered by a clear no or simple neglect in that the question is not generally viewed as within the domain of the goals of the university. Dr. Ferguson believes that it is and that it should be explored by our best minds in our universities and indeed the best minds in the world by those with

game changing power and by committed and compassionate seekers It is especially not the exclusive domain of cultic preachers He explores what might be interpreted as evidence of a divine Transcendence looking within the natural world human history the history of religious thought in the great religions and the need for divine guidance as the human family faces the critical crisis of the survival of planet Earth Universal values compassion justice and peace often rooted in the great religious traditions should guide us

The Presence of the Infinite Steve McIntosh, 2015-10-01 The Presence of the Infinite sheds new light on the important subject of spiritual experience Using the emerging insights of evolutionary spirituality integral philosopher Steve McIntosh enlarges readers capacity to have spiritual experience more abundantly and use it more effectively to improve their lives and the world around them The Presence of the Infinite starts by providing a timely cultural analysis and critique of the various forms of spirituality that are vying for influence in contemporary American society Building on this context McIntosh shows how evolutionary spirituality overcomes the limitations of religious secular and New Age spirituality by better harmonizing science and spirit Evolutionary spirituality s transcendent potential is found in its deepening realization of the essentially spiritual qualities of beauty truth and goodness McIntosh then uses evolutionary spirituality s enlarged understanding of what spiritual experience is and how it works to consider the question of ultimate reality This leads to an examination of conflicting ideas that regard spirit as either formless and nondual or as loving and creative By working to harmonize and integrate these alternative conceptions of ultimate reality McIntosh shows how evolutionary spirituality can achieve a synthesis of nondual and theistic teachings of truth that can produce a spiritual renaissance in America and beyond The Presence of the Infinite is destined to become a definitive text in the exciting new field of evolutionary spirituality

the human spirit and spiritual values into their business practices **The Charismatic Leader** Suresh Kenkare, 2014-10-18

In today's complex global business scenario the Charismatic Leader is the organization's transformation specialist. His holistic quest raises the organization above internal and external complexities to turn in high quality growth balanced by the five existential dimensions: Economic, Emotional, Intellectual, Cultural, and Spiritual. The end result is far greater than the parts. The harmony of these five dimensions produces the sixth dimension: organic evolution. Charisma, the magnetic spiritual force, is born of the alchemy of Ethos, Pathos, and Logos in that order. Ethos is what you decide you are about and what you value. It gives you the criteria for making life decisions. Pathos is how you relate to others and reflects your own personal mastery derived from deep rooted beliefs and values. Logos is about your dreams, mission, and purpose. The Charismatic Leader is deeply aware of his Inner Self and divines his own Truths, the substance of divine nature in his reflection periods. He relentlessly walks the path of those Truths with conscious global mindfulness, focusing on the spirit of Self Evolution and not the act of walking. You cannot psych yourself into self compassion or peace of mind. It comes when your life is in harmony with your Truths. A leader's personal mastery comes from self awareness and the lifelong process of experiencing and learning. This book is for everyone who wants to transcend into being a Charismatic Leader in the new age. The text supports current trends in leadership: towards sustainability, employee engagement, work life integration, collaboration, coaching, and worldwide connectivity. It is a counter narrative to beliefs of entitlement and self indulgence at the expense of earned competency. This volume is an excellent reference for leadership courses in universities for trainers and business leaders as well as for the young reader in search of greater self awareness. I particularly liked the emphasis on self management over dependence, inspiration over autocratic leadership, spiritual awareness over constant electronic stimulus without introspection, and a focus outward to serving others over short term gains.
