**Facets of Unity** A. H. Almaas, 2000-09-05 A heartily recommended text for Enneagram enthusiasts and followers of every spiritual tradition by the creator of the Diamond Approach to Self Realization Helen Palmer author of The Enneagram Facets of Unity presents the Enneagram of Holy Ideas as a crystal clear window on the true reality experienced in enlightened consciousness Here we are not directed toward the psychological types but the higher spiritual realities they reflect We discover how the disconnection from each Holy Idea defined as an unconditioned objective understanding of reality leads to the development of its corresponding fixation thus recognizing each types deeper psychological core Understanding this core brings each Holy Idea within reach so its spiritual perspective can serve as a key for unlocking the fixation and freeing us from its limitations

**Aspects of Anglican Identity** Colin Podmore, 2005 A collection of essays exploring the underlying issues facing the Anglican Communion and setting them in their historical context including the roles of synods bishops and primates the ministry of the Archbishop of Canterbury being in and out of communion and the significance of diocesan boundaries in an age of globalization

EC Law Aspects of Hybrid Entities Gijsbert Karel Fibbe, 2009 This study discusses the impact of the EC Treaty on the recognition of entities in the internal market The EC Treaty envisages the internal market as an area without internal frontiers in which the free movement of goods persons services and capital is ensured in accordance with the provisions of the EC Treaty One of the key questions discussed in this study is how this rationale reflects the relation between tax laws of Member States and specifically the relation between the application of autonomous classification methods by Member States and the free allocation of economic resources in the internal market This study also contains an examination of how the different approaches to hybrid entities in tax treaties interfere with EC law This part of the study contains an analysis of how the interrelation between domestic tax laws and the approach to classification conflicts under existing bilateral tax treaties relates to EC law

*International and EC Tax Aspects of Groups and Companies* Guglielmo Maisto (jurist.), 2008 Comprising the proceedings and working documents of an annual seminar held in Milan in November 2007 this book analyses the tax issues for groups of companies operating in a European or worldwide dimension The book examines the issues raised by both tax treaty and European law by focusing on selected topics It first provides an analysis of the group concept under company and commercial law followed by an overview of taxation of groups in common and civil law countries The tax regime of groups of companies under European law is further considered both for income tax and VAT The issues raised by application of tax treaties to groups of companies is then considered with a particular emphasis on treaty recognition of groups application of tax treaties to companies included in national group consolidation regimes and application of the treaty articles on business income and non discrimination Individual country surveys provide an in depth analysis of the above issues from a national viewpoint in selected European and North American jurisdictions
