It was Brontë's second published novel after *Jane Eyre*, originally published under Brontë's pseudonym Currer Bell. The novel is set in Yorkshire in the period 1811-12 during the industrial depression resulting from the Napoleonic Wars and the War of 1812. Christmas Summary Classics. This series contains summary of classic books such as Emma, Arne, Arabian Nights, Pride and Prejudice, Tower of London, Wealth of Nations, etc. Each book is specially crafted after reading complete book in less than 30 pages. One who wants to get joy of book reading especially in very less time can go for it. About The Book *Shirley* Charlotte Brontë's second novel was published two years after *Jane Eyre* on October 26, 1849. The writing of it was a tragedy. When the book was begun, her brother Branwell and her two sisters Emily and Anne Brontë were alive. When it was finished, all were dead, and Charlotte was left alone with her aged father. In the character of Shirley Keeldar, the novelist tried to depict her sister Emily as she would have been had she been placed in health and prosperity. Nearly all the characters were drawn from life and drawn so vividly that they were recognised locally. Caroline Helstone was sketched from Ellen Nussey, Charlotte Brontë's dearest friend who furnished later much of the material for the best biographies of the novelist. *Shirley* fully sustained at the time of its publication the reputation won through *Jane Eyre*, but under the test of time the story, owing no doubt to the conditions under which it was written, has not taken rank with that first fruit of genius. *Jane Eyre* or that consummation of genius, *Villette*. While dealing with the attempt on his life, Robert is also confronted with two very different women. One is Caroline Helstone, a shy girl virtually imprisoned in her uncle's rectory and in love with Robert. The other is Shirley, a wealthy outgoing woman who rejects Robert's self-seeking offer of marriage. Of late years, an abundant shower of curates has fallen upon the north of England; they lie very thick on the hills; every parish has one or more of them; they are young enough to be very active and ought to be doing a great deal of good. But not of late years are we about to speak; we are going back to the beginning of this century. Late years, present years are dusty, sunburnt, hot, arid; we will evade the noon, forget it in siesta, pass the midday in
