The Sacred Home in Renaissance Italy Abigail Brundin, Deborah Howard, Mary Laven, 2018-07-12 The Sacred Home in Renaissance Italy explores the rich devotional life of the Italian household between 1450 and 1600 Rejecting the enduring stereotype of the Renaissance as a secular age this interdisciplinary study reveals the home to have been an important site of spiritual revitalization Books buildings objects spaces images and archival sources are scrutinized to cast new light on the many ways in which religion infused daily life within the household Acts of devotion from routine prayers to extraordinary religious experiences such as miracles and visions frequently took place at home amid the joys and trials of domestic life from childbirth and marriage to sickness and death Breaking free from the usual focus on Venice Florence and Rome The Sacred Home investigates practices of piety across the Italian peninsula with particular attention paid to the city of Naples the Marche and the Venetian mainland It also looks beyond the elite to consider artisanal and lower status households and reveals gender and age as factors that powerfully conditioned religious experience Recovering a host of lost voices and compelling narratives at the intersection between the divine and the everyday The Sacred Home offers unprecedented glimpses through the keyhole into the spiritual lives of Renaissance Italians

Hachmeister, 2002 The German fascination with Italy as seen in Goethe's Italian Journey and in a number of literary reactions to it Italy has long exerted a particular fascination on the Germans and this has been reflected in German literature most prominently in Goethe's Italienische Reise but also by numerous other writers who have returned to the topic This book is concerned with two inextricably linked images those of the German traveler in Italy and of Italy in German literature in the first third of the 19th century Goethe's publication of his account nearly three decades after his actual journey was in some measure a vehicle to resist the challenge of a new generation of writers who in turn would confront what they found to be a questionable if not altogether false representation Hachmeister emphasizes the consequences of the disparity between the reality of Goethe's journey and his depiction of it taking into consideration also his occasional discomfort with Italy's classical past She shows how the German predilection for Italy is unique in the larger European cultural context of the Grand Tour before moving on to chapters that contain readings of Italienische Reise and Goethe's Römische Elegien Individual chapters follow on Eichendorff's Aus dem Leben eines Taugenichts Platen's Sonette aus Venedig and Heine's three Italian Reisebilder each of which is to some degree a reaction to Goethe's work These chapters investigate how the individual's reaction to Italy reflects his view of Germany and the author's role in early 19th century German society The conclusion offers a short glance at the continued evolution of the German fascination with Italy in the mid and late nineteenth century Gretchen Hachmeister received her Ph.D. in German literature from Yale University **The American Catalogue**, 1905 American national trade bibliography *Sleep Apnoea and Related Conditions*, 1993
