History and Legacy of the Suffragette Fellowship Eileen Luscombe, 2023-10-20. History and Legacy of the Suffragette Fellowship provides a biographical account of the scope and depth of the memory work of the now forgotten commemorative group the Suffragette Fellowship, active from the 1920s to the 1970s. The Suffragette Fellowship comprised members from the militant suffrage groups known as the Women's Social and Political Union, the Women's Freedom League and the Actress Franchise League. This research provides a comprehensive analysis of the Fellowship's attempts to form and sustain a collective Suffragette identity across four decades of activity. It considers the legacy of contested histories attached to militant campaigning that pressured Fellowship leaders to take control of the public memory of suffrage history. With close attention given to a neglected piece of feminist history, this book highlights the cultural and political impacts that the Fellowship enacted in their memory of the women's suffrage movement. Richly illustrated with images of members, artefacts and publications, this extensive study of the Suffragette Fellowship adds to transnational suffrage histories in the United Kingdom and Australia and will be of interest to scholars in memory studies and women's history.

Women in Transnational History Clare Midgley, Alison Twells, Julie Carlier, 2016-04-28. Women in Transnational History offers a range of fresh perspectives on the field of women's history, exploring how cross-border connections and global developments since the nineteenth century have shaped diverse women's lives and the gendered social, cultural, political and economic histories of specific localities. The book is divided into three thematically organised parts covering gendered histories of transnational networks, women's agency in the intersecting histories of imperialisms and nationalisms, and the concept of localizing the global and globalizing the local. Discussing a broad spectrum of topics from the politics of dress in Philippine mission stations in the early twentieth century to the shifting food practices of British women during the Second World War, the chapters bring women to the centre of the writing of new transnational histories.
