Curtis,2002-12-19 Tales of the Suwannee River Country a collection of twenty six stories and essays traces the personal journey of Emily B Curtis who grew up in North Florida during the Great Depression As a shy young writer and pianist Emily led a life of poetry and music and later became a teacher Her father a local attorney defended the victims of shootings in the region which introduced Emily to the world's evils and ultimately taught her powerful lessons about life From stories about small town American life in the South to regional history and fiction Tales of the Suwannee River Country will take you back in time to when the world was simpler and more secure The Messenger Bird Rosanne Hawke,2012-08-01 When you first realize the unfairness and randomness of death it eats into your thoughts like acid Never before has Tamar felt so alone Her older brother is dead her mom is away and her dad is so wrapped up in restoring their ancient farmhouse he avoids talking about the things that really matter Even friendly new neighbor Gavin can't get through to her despite his eager attempts When Tamar discovers an old handwritten sheet of music and allows herself to play piano again she meets gifted violinist Nathaniel who may just hold the key to her future With no one else to turn to Tamar is unwittingly drawn into a journey through time and music *The Ghost, the Eggheads, and Babe Ruth's Piano* Sweitzer Larry Sweitzer,Larry Sweitzer,2009-11 It's the summer of 2004 and Freddie Holtzman can't wait to get to Camp Mason a summer camp for eggheads or rather gifted teens He hopes to reconnect with Ginny Haig a girl he met at camp last year Freddie's old friends Logan and Monty are there along with some new faces He tries to win Ginny's affection but every time he tries to talk to her he says and does nerdy things At Camp Mason a science fair pits the eggheads against one another for the top prize of a five thousand dollar scholarship But when the projects go missing friendships are put to the test relationships get put on hold and everyone's a suspect To make matters worse the camp is haunted by young Billy Mason who died there decades ago The boys are determined to solve the mystery of the ghost and the missing science projects Freddie's quest to win the scholarship and the girl of his dreams are constantly in jeopardy There are complications at every turn the ghost a creepy caretaker Freddie's high school nemesis a cantankerous camp manager and a saboteur all threaten his chance to win

the prize and Ginny's heart *Farmer's Advocate and Home Journal* ,1911 **The Life History of a Texas Birdwatcher**
Karen Harden McCracken,2001 In any other context saying that someone was for the birds would hardly be polite But applied to Connie Hagar it would be high praise The diminutive birdwatcher nicknamed Connie was reared as Martha Conger Neblett in early twentieth century Texas where she led a genteel life of tea parties and music lessons But at middle age she became fascinated with birds and resolved to learn everything she could about them In 1935 she and her husband Jack moved to Rockport on the Coastal Bend of Texas to be at the center of one of the most abundant areas of bird life in the country Her diligence in observation soon had her setting elite East Coast ornithologists on their ears as she sighted more and more species the experts claimed she could not possibly have seen Repeatedly she proved them wrong She ultimately earned the respect and love of birders from the shores of New Jersey to the islands of the Pacific Life Magazine pictured her in a tribute to the country's premier amateur naturalists and she received many awards from nature and birding societies Connie Hagar's life history is more than just a bird book Hers is a story of dedication to nature and the role she could play in promoting it to others despite recurring threats of blindness and other health problems The hundreds of species of birds that visited Rockport each year brought thousands of other birders and Connie patiently hosted and assisted both the greenest beginners and the most magisterial experts It was she more than any other person who made coastal Texas and especially Rockport a mecca for all serious birders Karen Harden McCracken and Connie Hagar's Boswellian Johnsonian relationship in the 1960s Connie's own Nature Calendars containing thirty five years of observations and interviews with those who knew the birdwoman of Rockport provide the basis for this simple but exhilarating narrative Country Life ,1902
