## **Enabling Creative Chaos The Organization Behind The Burning Man Event:**

Enabling Creative Chaos Katherine K. Chen, 2009-09-15 In the summer of 2008 nearly fifty thousand people traveled to Nevada's Black Rock Desert to participate in the countercultural arts event Burning Man Founded on a commitment to expression and community the annual weeklong festival presents unique challenges to its organizers Over four years Katherine K Chen regularly participated in organizing efforts to safely and successfully create a temporary community in the middle of the desert under the hot August sun Enabling Creative Chaos tracks how a small underfunded group of organizers transformed into an unconventional corporation with a ten million dollar budget and two thousand volunteers Over the years Burning Man's organizers have experimented with different management models learned how to recruit motivate and retain volunteers and developed strategies to handle regulatory agencies and respond to media coverage This remarkable evolution Chen reveals offers important lessons for managers in any organization particularly in uncertain times *Everyone Loves Live Music* Fabian Holt, 2011-01-27 For decades millions of music fans have gathered every summer in parks and fields to hear their favorite bands at festivals such as Lollapalooza Coachella and Glastonbury How did these and countless other festivals across the globe evolve into glamorous pop culture events and how are they changing our relationship to music leisure and public culture In *Everyone Loves Live Music* Fabian Holt looks beyond the marketing hype to show how festivals and other institutions of musical performance have evolved in recent decades as sites that were once meaningful sources of community and culture are increasingly subsumed by corporate giants Examining a diverse range of cases across Europe and the United States Holt upends commonly held ideas of live music and introduces a pioneering theory of performance institutions He explores the fascinating history of the club and the festival in San Francisco and New York as well as a number of European cities This book also explores the social forces shaping live music as small independent venues become corporatized and as festivals transform to promote mainstream Anglophone culture and its consumerist trappings The book further provides insight into the broader relationship between culture and community in the twenty first century An engaging read for fans industry professionals and scholars alike *Everyone Loves Live Music* reveals how our contemporary enthusiasm for live music is more fraught than we would like to think Research Themes for Events Rebecca Finkel, David McGillivray, Gayle McPherson, Peter Robinson, 2013-10-25 This book was conceived to fill a gap in the study of events and festivity with a research oriented events management text The book focuses on exposing underpinning theoretical frameworks and draws upon international case studies to help explain various event phenomena It intentionally considers events from a research perspective generating insights into the principal methodological approaches employed to produce empirical data while drawing attention to the future research needs of the field of event management The book begins with an exploration of the social issues impacts and developments in events research it then moves on to analysing economic and management aspects surrounding research into the events industry addresses issues of technology and tools and concludes

with more political and policy oriented chapters to highlight research into the main debates in the public sector and sphere  
The book has 15 chapters and a subject index      **Handbook of Community Movements and Local Organizations in the 21st Century** Ram A. Cnaan, Carl Milofsky, 2018-05-22 This new handbook builds on The Handbook of Community Movements and Local Organizations published in 2007 and is the only resource defining the field of study related to small nonprofit organizations and to studying communities from the standpoint of associations that make up communities It explores the history and conceptualizations of community theoretical concepts in community organizations social movements ranging from health to crime and community practice methods Further it provides authoritative statements of major theory areas gives examples of different sub areas of the field provides guidance to people working as practitioners in the field and nicely coincides with the increasing interest in clinical sociology This handbook is of great interest to academics students and practitioners with an interdisciplinary resource to understand and collaborate in work with contemporary communities

**Crossroads** Robert J. A. Doornenbal, 2012      **The Civic Organization and the Digital Citizen** Chris Wells, 2015-06-16  
The powerful potential of digital media to engage citizens in political actions has now crossed our news screens many times But scholarly focus has tended to be on networked anti institutional forms of collective action to the neglect of advocacy and service organizations This book investigates the changing fortunes of the citizen civil society relationship by exploring how social changes and innovations in communication technology are transforming the information expectations and preferences of many citizens especially young citizens In doing so it is the first work to bring together theories of civic identity change with research on civic organizations Specifically it argues that a shift in information styles may help to explain the disjuncture felt by many young people when it comes to institutional participation and politics The book theorizes two paradigms of information style a dutiful style which was rooted in the society communication system and citizen norms of the modern era and an actualizing style which constitutes the set of information practices and expectations of the young citizens of late modernity for whom interactive digital media are the norm Hypothesizing that civil society institutions have difficulty adapting to the norms and practices of the actualizing information style two empirical studies apply the dutiful actualizing framework to innovative content analyses of organizations online communications on their websites and through Facebook Results demonstrate that with intriguing exceptions most major civil society organizations use digital media more in line with dutiful information norms than actualizing ones they tend to broadcast strategic messages to an audience of receivers rather than encouraging participation or exchange among an active set of participants The book concludes with a discussion of the tensions inherent in bureaucratic organizations trying to adapt to an actualizing information style and recommendations for how they may more successfully do so      **Radical Ritual** Neil Shister, 2020-07-14 Neil Shister s book skillfully traces the evolution of Burning Man and provides rare insights into how this cultural phenomenon is changing the world Michael Mikel founding board member of the Burning Man Project Written from Neil Shister s perspective as a journalist student of

American culture and six time participant in Burning Man Radical Ritual presents the event as vitally historically important Shister contends that Burning Man is a significant player in the avant garde forging new social paradigms as liberal democracy unravels Burning Man's contribution to this new order is postmodern a fusion of sixties humanism with state of the art Silicon Valley wizardry Shister is not alone in his opinion In 2018 the Smithsonian dedicated its entire Renwick Gallery located next door to the White House to an exhibition of Burning Man art and culture The festival intertwines conservative and progressive ideas On one hand it is a celebration of self reliance personal accountability and individual freedom on the other hand it is based on strong values of inclusion consensual decision making and centered collaborative endeavor In a wonderful mix of narrative storytelling and reportage Radical Ritual discusses how Burning Man has impacted the art world disaster relief urban renewal the utilization of renewable energy and even the corporate governance of Google The story concludes with the sudden death in April 2018 of Larry Harvey now renowned as the philosophical epicenter of the movement

*Empire of Hope* David Leheny, 2018-11-15 *Empire of Hope* asks how emotions become meaningful in political life In a diverse array of cases from recent Japanese history David Leheny shows how sentimental portrayals of the nation and its global role reflect a durable story of hopefulness about the country's postwar path From the medical treatment of conjoined Vietnamese children victims of Agent Orange the global promotion of Japanese popular culture a tragic maritime accident involving a US Navy submarine to the 2011 tsunami and nuclear disaster this story has shaped the way in which political figures writers officials and observers have depicted what the nation feels Expressions of national emotion do several things they construct the boundaries of the national body they inform and discipline appropriate expression and they depoliticize messy problems that threaten to produce divisive questions about winners and losers Most important they work because they appear to be natural simple and expected expressions of how the nation shares feeling even when they paper over the extraordinary divergence in how the nation's citizens experience each incident In making its arguments *Empire of Hope* challenges how we read the relations between emotion and politics by arguing unlike those who build from the neuroscientific turn in the social sciences or those developing affect theory in the humanities that the focus should be on emotional representation rather than on emotion itself

White Utopias Amanda J. Lucia, 2020-10-13 Transformational festivals from Burning Man to Lightning in a Bottle Bhakti Fest and Wanderlust are massive events that attract thousands of participants to sites around the world In this groundbreaking book Amanda J Lucia shows how these festivals operate as religious institutions for spiritual but not religious SBNR communities Whereas previous research into SBNR practices and New Age religion has not addressed the predominantly white makeup of these communities *White Utopias* examines the complicated often contradictory relationships with race at these events presenting an engrossing ethnography of SBNR practices Lucia contends that participants create temporary utopias through their shared commitments to spiritual growth and human connection But they also participate in religious exoticism by adopting Indigenous and Indic spiritualities a practice that ultimately renders them exclusive white utopias Focusing on yoga's role in disseminating SBNR values Lucia offers new ways of comprehending transformational festivals as significant cultural phenomena
