Raya, Flávia Vieira, 2015-04-24 The book explores the idea that pedagogy for autonomy requires the integration of teacher and learner development and can be enhanced through a case based approach in teacher education A case based approach values experiential professional learning and expands professional competences necessary to promote autonomy in schools developing a critical view of language education managing local constraints so as to open up spaces for manoeuvre centring teaching on learning interacting with others in the professional community Two strategies to implement the approach are presented and illustrated The first one involves teachers in designing implementing and evaluating experiences of pedagogy for autonomy which are the basis for writing professional narratives and building a case portfolio The second draws on teachers pedagogical experience as the basis for the construction of case materials where experiential elements are combined with theoretical input and reflective tasks so that the teachers who use those materials can reflect about and explore their own practice

Handbook of Reflection and Reflective Inquiry Nona Lyons, 2010-04-07 Philosophers have warned of the perils of a life spent without reflection but what constitutes reflective inquiry and why it is necessary in our lives can be an elusive concept Synthesizing ideas from minds as diverse as John Dewey and Paulo Freire the Handbook of Reflection and Reflective Inquiry presents reflective thought in its most vital aspects not as a fanciful or nostalgic exercise but as a powerful means of seeing familiar events anew encouraging critical thinking and crucial insight teaching and learning In its opening pages two seasoned educators Maxine Greene and Lee Shulman discuss reflective inquiry as a form of active attention Thoreau's wide awakeness an act of consciousness and a process by which people can understand themselves their work particularly in the form of life projects and others Building on this foundation the Handbook analyzes through the work of 40 internationally oriented authors Definitional issues concerning reflection what it is and is not Worldwide social and moral conditions contributing to the growing interest in reflective inquiry in professional education Reflection as promoted across professional educational domains including K 12 education teacher education occupational therapy and the law Methods of facilitating and scaffolding reflective engagement Current pedagogical and research practices in reflection Approaches to assessing reflective inquiry Educators across the professions as well as adult educators counselors and psychologists and curriculum developers concerned with adult learning will find the Handbook of Reflection and Reflective Inquiry an invaluable teaching tool for challenging times

Quest for World-Class Teacher Education? Jun Li, 2016-07-25 Utilizing a case study method and a Multiperspectival Approach this volume presents a pioneering in depth study about China's teacher education policy since the 1990s It critically investigates the rational dynamic and complex implementation process taking place at the micro institutional level for the transformations of teacher education institutions The book first introduces the sociopolitical and cultural background of China's teacher education system and its challenges under the condition of globalization and illustrates major national initiatives for nurturing highly qualified teachers It then explores new teachers identities in an era of enhanced professionalism uncovers the ways they reflect China's teacher

education reform and distills the rationales behind these policy actions This is followed by an analytic presentation of the findings of the case study of a provincial normal university with a particular focus on such core pieces of the implementation jigsaw as policy flow the dynamism of implementation sociopolitical and cultural confluence and institutional barriers in the complex process Lastly the book unravels key recommendations and implications for policy implementation studies from the China policy case and constructs a Chinese Zhong Yong Model of policy implementation and sheds new light on policy studies of teacher education reform in particular and public policy in general which may be transferable to other sociopolitical contexts seeking to nurture world class teachers and achieve educational excellence in a global age Teachers And Teaching Hugh Munby,2004-08-02 The intention of this book is to develop an increased awareness of the place of professional practice in the realms of research in teaching The chapters investigate from an international perspective the emerging reflective methods of collaboration between practitioners and researchers appreciation of teachers and teaching and greater understanding of what they aim to promote **International Handbook of Self-Study of Teaching and Teacher Education Practices** J. John Loughran,Mary Lynn Hamilton,Vicki Kubler LaBoskey,Tom L. Russell,2007-07-03 The International Handbook on Self study of Teaching and Teacher Education Practices is of interest to teacher educators teacher researchers and practitioner researchers This volume offers an encyclopaedic review of the field of self study examines in detail self study in a range of teaching and teacher education contexts outlines a full understanding of the nature and development of self study explores the development of a professional knowledge base for teaching through self study purposefully represents self study through research and practice illustrates examples of self study in teaching and teacher education *Professional Development and Institutional Needs* Gillian Trorey,Cedric Cullingford,2017-07-05 The tension between institutional needs and those of the individual has rarely been higher Increasing demands on institutions to deliver set targets and value for money whilst adhering to set expectations and external constraints has led to an erosion of the notion of staff development This book looks at how the conflict between the two outlooks emerges and what can be done to overcome it Based on empirical evidence the authors reveal what is happening in a range of institutions and explore the tensions between the personal needs of the individual and the demands of managers They examine the reasons behind the conflict and discuss what measures can be taken to overcome it The book will provide a central text on an important but relatively neglected subject of interest to all engaged in the profession Local Education Smith, Mark,1994-09-01 Drawing upon the experiences of adult and community educators youth and community workers Mark Smith examines the practice of educators who build up ways of working with local networks and cultures Shops launderettes streets bars cafes and people s houses are the settings for much of their work and when they do appear in schools and colleges they are most likely to be found in corridors eating areas and student common rooms Their work is not organized by subject syllabi or lessons it is about conversation and community a commitment to local democracy and self organization and is often unpredictable and
