text concepts Business plan prompts to help students construct a business plan over the course of a semester Featuring pedagogical tools like review questions and learning outcomes and a full companion website that expands upon skill development and offers instructor resources the third edition of Entrepreneurial New Venture Skills is the perfect resource for instructors and students of entrepreneurship *Digital Entrepreneurship in Africa* Nicolas Friederici, Michel

Wahome, Mark Graham, 2020-07-28 The hope and hype about African digital entrepreneurship contrasted with the reality on the ground in local ecosystems In recent years Africa has seen a digital entrepreneurship boom with hundreds of millions of dollars poured into tech cities entrepreneurship trainings coworking spaces innovation prizes and investment funds Politicians and technologists have offered Silicon Valley influenced narratives of boundless opportunity and exponential growth in which internet enabled entrepreneurship allows Africa to leapfrog developmental stages to take a leading role in the digital revolution This book contrasts these aspirations with empirical research about what is actually happening on the ground The authors find that although the digital revolution has empowered local entrepreneurs it does not untether local economies from the continent's structural legacies Drawing on a five year research project the authors show how entrepreneurs creatively and productively adapt digital technologies to local markets rather than dreaming of global dominance achieving sustainable businesses by scaling based on relationships and customizing digital platform business models for African infrastructure challenge The authors examine African entrepreneurial ecosystems show that African digital entrepreneurs have begun to form a new professional class becoming part of a relatively exclusive cultural and economic elite and discuss the impact of Silicon Valley's mythologies and expectations Finally they consider the implications of their findings and offer recommendations to policymakers and others **Conceptual Richness and Methodological**

Diversity in Entrepreneurship Research Alain Fayolle, Paula Kyrö, Tõnis Mets, Urve Venesaar, 2013-01-01 I can confidently say that I believe the chapters published in this volume are addressing interesting questions that we should care about I can only applaud the series editors for their initiative effort and time in producing yet another exceptional volume Helle Neergaard Aarhus University Denmark This important book identifies the current developments within entrepreneurship that are characterized by conceptual richness and methodological diversity It presents the latest developments of topics such as the entrepreneurial mindset culture and values as well as advances in entrepreneurship education and development The contributors open the field for methodological renewal by introducing the current state of and opportunities for explorative research in entrepreneurship Researchers practitioners and policymakers will find the research in this book both innovative and refreshing which will be particularly useful for those looking to renew their practices It will also provide academics with some new ideas to adopt in their teaching and research in order to help their students to acquire entrepreneurial competences New Technology-Based Firms in the New Millennium Aard Groen, Gary Cook, Peter van der Sijde, 2015-06-16
