Fieldnotes from a Depth Psychological Exploration of Evil Robin L. Gordon, 2019-03-01 In *Fieldnotes from a Depth Psychological Exploration of Evil* Robin L. Gordon presents an accessible account of an attempt to define and understand the nature of evil Gordon takes on the role of guide to this confusing land tying together threads of Jungian theory philosophy etymology neuroscience and history as we are led on a personal journey of discovery Gordon begins by analysing what a twelfth century meeting between Chinggis Khan and Taoist priest Ch'ang Ch'un can tell us about the presence of opposing traits and the nature of evil in human beings We learn what depth psychology has said about evil and the shadow part of our psyches and examine examples of human behaviour throughout history to understand the etymological philosophical and historical understandings and definitions of evil Gordon's own relationship with her work and the feelings that arise when researching the psychological framework of Nazi doctors genocide in Rwanda Bosnia and Syria and the functionality of serial killers are interrogated We then return to Chinggis Khan's and Ch'ang Ch'un's relationship attempting to build a real and practical definition of evil and assessing their dialogues as a metaphor for Jung's views of the transcendent function *Fieldnotes from a Depth Psychological Exploration of Evil* will be essential reading for academics and students of Jungian and post Jungian studies sociology criminology and philosophy It will also be a key resource for Jungian analysts and psychotherapists interested in the study of evil and its impact on society and the psyche as well as anyone investigating and redefining their own meanings of evil past and present

Dark Way to Paradise Jennifer Doane Upton, 2005-03 Dante's Inferno is often presented today in lurid gothic terms as if it were no more than an entertaining demonic freak show Alternately it is taken as merely a cultural and political commentary on Dante's own place and time cast in allegorical terms But the Inferno and the Divine Comedy as a whole are much more than that The human passions and the Mystery of Iniquity of which they are expressions are fundamentally the same in any place and time the Inferno presents not so much a history of sin as a catalogue of the archetypes of sin the fundamental ways in which all of us are tempted to betray the human form Based on the works of a number of the Greek Fathers on the writings of several members of the Traditionalist School notably Frithjof Schuon and Rene Guenon and on the kind of wide personal experience of the violation of the human form that is available to anyone in these times with both the requisite discernment rooted in love and the courage to keep his or her eyes open Jennifer Doane Upton has once again seen Dante's Inferno as it really is It is the record of the struggle of the human mind will and emotions to discover and name by the grace of God the sins resident in the human soul As both a traditional representation and a contemporary revisioning of the examination of conscience individual and collective Dark Way to Paradise is at once an exegetical masterpiece and a handbook of demonology of concrete use to any true physician of the soul In its direct application of metaphysical principles to infernal psychology it is unique among Dante commentaries And in a time like ours when the Western Church appears to be dissolving before our eyes to save again what Dante himself saved out of the great medieval Christian synthesis has never been so timely
