Beyond Postmodernism Christopher K. Brooks, 2014-07-03 Beyond Postmodernism Onto the Postcontemporary is a collection designed to provide the reader with an alternative to viewing the world through the lens of Postmodernism Contributors to this collection utilize and define such critical tools as transhumanism post post theory posthumanism and postcontemporary theory Other essays focus on interpreting texts or genres yielding impressive conclusions that were beyond the scope of postmodern discourse Eclectic in nature while examining works as diverse as Julia Ward Howe s The Hermaphrodite and Salman Rushdie s Satanic Verses yet unified in a commonsensical statement that postmodernism has perhaps ruled too long in critical discussions this collection is also designed to attract those seeking or awaiting something new in critical methodology to consider joining in the postcontemporary dialogue

Reconsidering Difference Todd May, 1997-04-15 French philosophy since World War II has been preoccupied with the issue of difference Specifically it has wanted to promote or to leave room for ways of living and of being that differ from those usually seen in contemporary Western society Given the experience of the Holocaust the motivation for such a preoccupation is not difficult to see For some thinkers especially Jean Luc Nancy Jacques Derrida Emmanuel Levinas and Gilles Deleuze this preoccupation has led to a mode of philosophizing that privileges difference as a philosophical category Nancy privileges difference as a mode of conceiving community Derrida as a mode of conceiving linguistic meaning Levinas as a mode of conceiving ethics and Deleuze as a mode of conceiving ontology Reconsidering Difference has a twofold task the primary one critical and the secondary one reconstructive The critical task is to show that these various privilegings are philosophical failures They wind up for reasons unique to each position endorsing positions that are either incoherent or implausible Todd May considers the incoherencies of each position and offers an alternative approach His reconstructive task which he calls contingent holism takes the phenomena under investigation community language ethics and ontology and sketches a way of reconceiving them that preserves the motivations of the rejected positions without falling into the problems that beset them
