critics historical formalists and advocates of the new aestheticism and the more politically active presentists Shakespeare and Contemporary Theory covers such topics as The key theoretical influences on new historicism including Michel Foucault and Louis Althusser The major critics from Stephen Greenblatt to Jonathan Dollimore and Alan Sinfield Dissenting views from traditional critics and contemporary theorists Chapter summaries and questions for discussion throughout encourage students to critically engage with contemporary Shakespeare theory for themselves The book includes a Who's Who of major critics a timeline of key publications and a glossary of essential critical terms to give students and teachers easy access to essential information

**The Deconstructive Owl of Minerva** Lillian Francis Burke, 2013-10-03 The Deconstructive Owl of Minerva An Examination of Schizophrenia through Philosophy Psychoanalysis and Postmodernism takes as its project the articulation of the language of schizophrenia as it inscribes itself between the self and other It takes into account Georg W F Hegel's account of self consciousness as a master slave relation A reading of Jacques Lacan provides access to the narrative self in terms of the mirror stage as the recognition of the self as other By a further reading of postmodern theorists this book shows that what has been named schizophrenia calls for a deconstructive strategy that operates with the divergence between pharmacological treatment and the understanding of the language of the schizophrenic condition This difference will emphasize language as plural plurivalent polyphonic and polylogical This book essentially seeks to circumvent the label of schizophrenia and to provide alternative ways to understand schizophrenic language in order to culturally rearticulate its effects in society Postmodern and deconstructive modes of access to the languages of desire dispersal and plurivalence that are associated with schizophrenic conditions can help to open up spaces of understanding that are rendered impossible through symptomatic treatment models
