

The Crucible Act III Questions (Answered Spring 2023.)

Why do Giles and Francis want to talk to Danforth? ✓✓ They want to persuade the judge that their wives are good women, not witches.

What is Parris's argument against Proctor? ✓✓ That Proctor is trying to overthrow the court.

What does Mary tell Danforth? ✓✓ "It were pretense, sir." The girls have been lying.

When Danforth hears that Elizabeth is pregnant, what does he allow? ✓✓ He allows her time to see if her "natural signs" appear. If they do not, and she is truly pregnant, he will allow her one year before she is hanged, to have her baby.

What paper did ninety-one people sign? ✓✓ That Rebecca, Elizabeth and Martha were all good, upstanding, God-loving citizens.

". . . a person is either with this court or he must be counted against it, there be no road between." Explain the importance of Danforth's statement. ✓✓ Either people were witches or they weren't. There was no room for "appearances." If one opposed the court, one would be in contempt. There was no room for error on the part of the court and no room for question or correction of the court.

What quote did Proctor use to help Mary remain brave? ✓✓ "Do that which is good, and no harm will come to thee."

Of what does Giles accuse Putnam? ✓✓ He accuses him of killing his neighbors for their land.

What is Hale's problem as Proctor and his friends present evidence to Danforth? ✓✓ That the people who had been accused and sentenced so far could very well have been innocent.

What test does Hathorne think of for Mary? Can she do it? Why or why not? ✓✓ He asks Mary to faint, as she fainted in the courtroom. No, she can't do it in front of Hawthorne on demand. She says that she was able to in the courtroom because the mood was set and she got caught up in the mood with the other girls, which enabled her to do it there.

Proctor calls Abigail a "*****", and he confesses his lechery. Danforth tests Proctor's statement by calling for Elizabeth and asking her why Abigail was dismissed. What does Elizabeth say? Why? ✓✓ She lies to protect John, saying she only thought he had "turned" from her.

Developments over the last twenty years have fueled considerable speculation about the future of the book and of reading itself This book begins with a gloss over the history of electronic books including the social and technical forces that have shaped their development The focus then shifts to reading and how we interact with what we read basic issues such as legibility annotation and navigation are examined as aspects of reading that ebooks inherit from their print legacy Because reading is fundamentally communicative I also take a closer look at the sociality of reading how we read in a group and how we share what we read Studies of reading and ebook use are integrated throughout the book but Chapter 5 goes meta to explore how a researcher might go about designing his or her own reading related studies No book about ebooks is complete without an explicit discussion of content preparation i e how the electronic book is written Hence Chapter 6 delves into the underlying representation of ebooks and efforts to create and apply markup standards to them This chapter also examines how print genres have made the journey to digital and how some emerging digital genres might be realized as ebooks Finally Chapter 7 discusses some beyond the book functionality how can ebook platforms be transformed into portable personal libraries In the end my hope is that by the time the reader reaches the end of this book he or she will feel equipped to perform the next set of studies write the next set of articles invent new ebook functionality or simply engage in a heated argument with the stranger in seat 17C about the future of reading Table of Contents Preface Figure Credits Introduction Reading Interaction Reading as a Social Activity Studying Reading Beyond the Book References Author Biography
