Critical Reaction A Novel:

Struggle for the Soul of the French Novel Michael Scott, 1989-06-18 This book describes the challenge to traditional Christian beliefs that was inherent in the very concept of literary Realism and presents the Catholic novel as a series of conscious readaptations of Realist techniques and models Authors studied include Flaubert Bernanos and Mauriac **Idle Fictions** Gustavo Pérez Firmat, 1993-09-22 The idle fictions of the vanguard novel of the 1920s and 1930s in Spain and Spanish America represented a kind of interlude of playfulness a vacation or parenthetical insertion in what was perceived as the established course of the modern Hispanic novel's development Yet as Prez Firmat argues though this genre saw itself as recreative and interstitial it deliberately precipitated a class war not between social classes but between literary classes Concentrating on source material not widely available Prez Firmat reconstructs the reception these novels received at the time of their publication then develops a reading of them based on the intellectual context of this reception A new preface and an appendix on vanguard biographies have been added to this paperback edition *Understanding John Le Carré* John L. Cobbs, 1998 John Cobbs establishes that contemporary English novelist John le Carré's fiction transcends the genre of espionage and that le Carré is preeminently a social commentator who writes novels of manners Cobbs analyzes each of le Carré's novels and offers a biographical sketch describing le Carré's often overlooked academic success and reputation as a once member of British Intelligence *The German Historical Novel since the Eighteenth Century* Daniela Richter, 2016-12-14 The historical novel is a genre which has enjoyed widespread popularity in Germany from its beginnings in the eighteenth century At that time increased literacy among the middle and lower classes had resulted in a greater demand for reading material aimed at a general audience Because of its educational and entertaining characteristics the historical novel quickly became a dominant genre among other forms of popular literature To this day it constitutes a major sector on the German book market and is together with popular TV series documentaries and museum exhibits an important part of German Geschichtskultur This collection of essays looks at aesthetic and thematic continuities as well as changes in the development of the genre in Germany from the late eighteenth century to the present and gives insights into the novels political and socio cultural implications The articles investigate historical novels from writers such as Benedikte Naubert the mother of German historical fiction nineteenth century popular writers Georg Ebers and Hermann Sudermann modern writers such as Alfred Döblin Hermann Hesse and Hermann Broch post War works such as those by Thomas Brussig Christa Wolf and Ingo Schulze and contemporary historical fiction by Sabine Weigand Eveline Hasler and Petra Durst Benning *Rereading Victorian Fiction* A. Jenkins, J. John, 1999-12-07 This book offers a collection of essays on novels and short stories from the beginning of Victoria's reign through to the end of the nineteenth century and into our own times The essays represent a wide range of critical and theoretical viewpoints on fiction and they deal with a number of lesser known Victorian Works as well as with some of the most canonical texts of the period The chronological range of the volume is

extended by essays which explore Victorian texts connections with earlier literature as well as by studies of twentieth century novelists responses to Victorian fiction Overall this collection emphasizes the breadth and diversity of Victorian prose fiction and will be of interest to students and specialists alike *Mexico in Its Novel* John S. Brushwood,2014-06-23 Mexico in Its Novel is a perceptive examination of the Mexican reality as revealed through the nation s novel The author presents the Mexican novel as a cultural phenomenon a manifestation of the impact of history upon the nation an attempt by a people to come to grips with and understand what has happened and is happening to them Written in a clear and graceful style this study examines the life of the novel as a genre against the background of Mexican chronology It begins with a survey of the mid twentieth century novel the Mexican novel which came of age in the period following the 1947 publication of Agust n Y ez s *The Edge of the Storm* During this time the novel resolved some of its most complicated problems and as a result offered a wider and deeper view of reality Having established this circumstance John Brushwood goes back in time to the Conquest and then moves forward to the twentieth century novel Passing from the Colonial Period into the nineteenth century the author recognizes the relationship between Romanticism and the desire for logical social behavior and then views this relationship in the perspective of the Reform an attempt to bring order out of chaos The novel under the D az dictatorship is seen in three different phases and the last D az chapter actually moves into the Revolution itself The novel during the years of fighting is considered along with the first post Revolutionary fiction From that point the developing conflict within Mexican reality itself a conflict between introversion and extroversion nationalism and cosmopolitanism reaches out to seek its solution in the novels of the first chapter

Cynthia Ozick's Fiction Elaine Kauvar, 1993-03-22 Superb novelists deserve first rate literary analysis Cynthia Ozick has found such critics most recently in Elaine Kauvar whose present work is simultaneously a profound contribution to Ozick interpretation and an astonishingly readable account of the novelist's ideas and artistic manner Highly recommended Choice comprehensive and beautifully written Studies in the Novel an indispensable work of scholarship Cynthia Ozick's

Fiction in sum demonstrates an astute and comprehensive grasp of both Ozick's writings and the vast store of writings that influence her. A definitive and indispensable study of American Literature, a rare combination of painstaking scholarship with dazzling critical intelligence and inventiveness. Edward Alexander Elaine Kauvar's comprehensive and beautifully written study of Cynthia Ozick's fiction should be welcomed as a heroic counter-cultural manifesto both in what she says and in the elegance with which she says it. *Congress Monthly* Looking beyond the stereotype of Ozick's work as American Jewish literature, Kauvar illuminates the intricacies of Ozick's texts and explores the dynamics of her creativity. Kauvar provides readings of all of Ozick's fiction from her first published novel *Trust* through *The Messiah of Stockholm*. [Handbook of British Literature and Culture of the First World War](#) Ralf Schneider, Jane Potter, 2021-09-20 The First World War has given rise to a multifaceted cultural production like no other historical event. This handbook surveys British literature and film about the war from 1914 until today. The continuing interest in World War I highlights the interdependence of war experience, the imaginative re-creation of that experience in writing and individual as well as collective memory. In the first part of the handbook, the major genres of war writing and film are addressed, including of course poetry and the novel, but also the short story. Furthermore, it is shown how our conception of the Great War is broadened when looked at from the perspective of gender studies and post-colonial criticism. The chapters in the second part present close readings of important contributions to the literary and filmic representation of World War I in Great Britain. All in all, the contributions demonstrate how the opposing forces of focusing and canon formation on the one hand and broadening and revision of the canon on the other have characterised British literature and culture of the First World War. **Textbook of Critical Care E-Book** Jean-Louis Vincent, Frederick A.
