*Literacy in the Disciplines* , *Striking a Balance* Nancy L. Cecil, 2017-05-12 *Striking a Balance* explores a comprehensive program of early literacy instruction through a balanced approach to reading and writing for both enjoyment and information. The fifth edition retains the special features that adopters have come to appreciate: classroom vignettes, discussion questions, field-based activities, a student website, and study guide. This latest edition offers expanded content on differentiating instruction for diverse learners, including working with English Language Learners and students with special needs. Also new to this edition is greater coverage on integrating state standards with early literacy instruction. The book's practical approach fundamentally demonstrates how children develop authentic literacy skills through a combination of direct strategy instruction and motivating contexts.

*Teaching Reading Across the Day, Grades K-8* Jennifer Serravallo, 2024-04-12 Reading well across disciplines and within varied contexts will help students to be versatile, flexible, deep readers who can better learn from their reading, transfer skills across subjects, and use strategies to meet the unique demands of reading in each content area. Jennifer Serravallo, research-based, easy-to-use lesson structures for explicit and engaging teaching. In *Teaching Reading Across the Day*, literacy expert Jennifer Serravallo provides nine effective, predictable, research-based lesson structures that help busy teachers save planning time and focus their teaching and student attention on content rather than procedures. Each of the nine lesson structures includes read-aloud, phonics, and spelling vocabulary focus, shared reading, close reading, guided inquiry, reader's theater, and conversation. Each has its own chapter and features a wealth of resources that let you see the lessons in action in ELA, Science, and Social Studies classes, including an annotated teaching vignette, lesson explanation, and research notes. Tips for planning, structure, and timing suggestions and ideas for responsive teaching. Detailed planning templates and 22 accompanying online videos covering over 3 hours of classroom footage. Jennifer's reflections, key look-fors, and ideas for next steps. The nine lesson structures can be used with any curriculum or core program, text, and subject, making it easier for teachers to maximize explicit and engaging teaching time across the day and simplify planning and preparation. Jennifer incorporates a wide range of compelling research about how best to teach reading to every student in your class and translates the research or the science of teaching reading into high-leverage moves you can count on to deliver powerful lessons again and again. She also honors the art of teaching reading, helping teachers tap into their experience and hone their expertise to make quick, effective classroom decisions that take student learning to the next level.

**Don't Scare the Lost Sheep - Study Guide** Andy Adams, Jane Adams, 2010-03 Witnessing is something that Jesus has commanded all of us to do. Does that command make you a bit nervous? Would you like a new form of witnessing that is not only comfortable for everyone involved but produces exceptional results? Would you like to feel confident and relaxed while talking to others about faith? Today there are definitely many negative stigmas surrounding the entire concept of witnessing the good news to others. In fact while certainly well intentioned most current witnessing practices have limited success and have even driven millions of people further away from developing a personal relationship with Jesus Christ. Christians desperately need to step back and take a strong look at the examples that Jesus Himself provided when witnessing to others. If we emulate the examples of Jesus we can completely reinvent witnessing to once again be a positive enjoyable and most importantly successful part of every Christian's life. Andy Adams was not a Christian for most of his life. He did not come to develop a relationship with Jesus Christ until the age of forty-three. During his pre-Christian life many well intentioned Christians attempted to use the typical forms of witnessing on Andy. Because of his history he has a unique perspective of what does and does not work. In *Don't Scare the Lost Sheep* Andy will lead you through understanding the human behaviors along with basic concepts and
