Character And The Christian Life A Study In Theological Ethics:

Character and the Christian Life Stanley Hauerwas, 2017-04-15 Some fourteen years after its initial publication this important and influential book with a new substantial and candid introduction by the author is available in a reasonably priced paperback edition In this volume Hauerwas assesses recent interest in the ethics of character and suggests areas in his own work that now call for some corrective and or further work

Character and the Christian Life Stanley Hauerwas, 2017 *Foundations for African Theological Ethics* James Nkansah-Obrempong, 2013-05-14 Having taught on ethics in Africa for almost a decade James Nkansah Obrempong presents a work that goes some way to addressing the dearth of materials on ethics that combine African social religious cultural and moral values with biblical and theological values Integrating these from African Western and biblical contexts Nkansah demonstrates how important they are for dealing with contemporary moral and social issues facing the church in Africa and African societies The book develops a theoretical biblical and theological foundation for Theological Ethics and uses this to address the broader issues that affect the socio political and economic life of African people and the church

The Necessity of Witness Ariaan Baan, 2015-08-17 The role of witness is a recurring theme in the work of Stanley Hauerwas it is through enacting the truth in a world of lies through seeking peace in a world of violence that witnesses show who God is who we are and what the world is like The Necessity of Witness is a study of Hauerwas and his fascinating but complex understanding of witness Ariaan W Baan argues that Hauerwas s approach makes a significant contribution to current debates in systematic theology on the relation between truth and life Reading Hauerwas can be a precarious adventure His rhetoric is overwhelming but his argument is not always crystal clear and carefully formulated With the help of semiotic and philosophical analysis and biblical exegesis Baan articulates Hauerwas s intuitions fills some of the gaps in his argumentation and discloses hidden biases The results of this analysis sometimes surprise Baan notes that unexpected pericopes in Scripture such as Isaiah and Revelation support Hauerwas s account of witness and concludes that his work offers insight into how in our late modern society such diverse groups as martyrs and pop stars offer implicit witness through their lives

A Case for Character Joel D. Biermann, 2014 Equipped with a rich heritage detailing the content of human character it would seem that Christianity is ideally positioned to address a culture where morality and personal character are set adrift Contemporary Lutheranism has struggled with the place of morality and character formation concerns often seen as at odds with the doctrine of justification A Case for Character argues that Christian doctrine is altogether capable of encouraging character formation while maintaining a faithful expression of justification by

grace alone *A Shared Mercy* Jon Coutts, 2016-10-02 Combining systematic and pastoral theology Jon Coutts explores what it means to forgive and reconcile in the context of the Christ confessing community Both a constructive practical theology and a critical commentary on Barth's theology in Church Dogmatics this work explains the place and meaning of interpersonal forgiveness in Christ's ongoing ministry of reconciliation A Textbook of Christian Ethics Robin Gill, 2014-01-16 Robin Gill's *A Textbook of Christian Ethics* continues to be popular with students and lecturers it is difficult to find another textbook in the field that combines primary texts with extensive analysis and commentary This 4th edition has been extensively revised and it incorporates up to date developments in the field of Christian ethics Gill retains all the popular features of the previous editions including its layout and structure and in this new edition he also focuses on current debates including such topics as global Christianity global economics euthanasia and global justice and the environment

The Virtue of Bonhoeffer's Ethics Jennifer Moberly, 2013-06-19 Does Dietrich Bonhoeffer's *Ethics* have any affinities with what we have now come to call virtue ethics If so what is the relationship between those affinities and the more widely recognized influence of Karl Barth Moberly seeks to answer these questions through close analysis of the *Ethics* and engagement with other interpreters of Bonhoeffer while discussing the nature of virtue ethics in a Christian context The answers may be surprising but they are certainly rewarding for anyone wanting to better understand Bonhoeffer and to see how his work could be helpful for current ethical debates *Education in Morality* J. Mark Halstead, Terence H. McLaughlin, 2005-09-26 What should teachers and schools do about moral education An international team of philosophers and educationalists examine some of the most fundamental questions in moral education such as the nature of morality

The Morally Divided Body Michael Root, James J. Buckley, 2012-09-01 At the same time as Catholic and evangelical Christians have increasingly come to agree on issues that divided them during the sixteenth century reformation they seem increasingly to disagree on issues of contemporary morality and ethics Do such arguments doom the prospects for realistic full communion between Catholics and evangelicals Or are such disagreements a new opportunity for Catholics and evangelicals to convert together to the triune God's word and work on the communion of saints for the world Or should our hope be different than simple pessimism or optimism In this volume eight authors address different aspects of these questions hoping to move Christians a small step further toward the visible unity of the church Dictionary of Modern American Philosophers John R. Shook, 2005-01-01 The *Dictionary of Modern American Philosophers* includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers

arepresent the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern AmericanPhilosophers offers the first scholarly treatment of the life and work of certain writers This book will be anindispensable reference work for scholars working on almost any aspect of modern American thought *Understanding Community Today* Edmund Aku PhD.,2021-01-10 Today that it has become customary to refer simultaneously to both the global and ethnic entities as a community it has become necessary to reexamine the meaning of this belabored concept That is exactly the burden of this book It intends to find a meaning for a community that bridges the parallel trends of globalization and ethnic awareness to thereby enrich all parties I believe I found a reliable metaphor for community in another concept the person The search for this new understanding of community entails considering it vis vis society Both terms are usually used interchangeably but as will soon be clear to us and as shown by research studies they are not exactly identical Effort is made in this work to avoid the limitations of the traditional application of the term community Its features are reappreciated with this in view taking into account also the multiethnic interest of this study I incorporate the concept of community of communities to depict both the diversity among component communities and the unity that binds and characterizes them as a political entity **Speak Up for Just War Or Pacifism** Paul Ramsey,2010-11-01 This searching critique of the United Methodist Bishops pastoral letter on war and peace in a nuclear age by America s foremost Christian ethicist exposes theological flaws from which flow gaps in moral argument and strangely utopian politics Never before has In Defense of Creation been more thoroughly analyzed At the same time Paul Ramsey gives a full length and detailed comparison of the Methodist document with The Challenge of Peace by the U S Catholic Bishops Issues of nuclear ethics as seen by the leaders of two major churches are set fully in view for the first time in a single volume This ecumenical consultation is broadened by drawing extensively on the writings of Mennonite theologian John Howard Yoder The book s larger purpose is to construe an encounter between Christian just war tradition and Christian pacifism This comparative discussion of Christian ethics should be of interest to any reader concerned about the nuclear crisis Some of the questions confronted in these pages are What do people mean by nonviolence Should we never kill another human being or never kill another human being unjustly Do Christian pacifism and Christian just war teachings have anything in common in their understanding of the Christian moral life Do different interpretations of the person and work of Jesus Christ give rise to Christian pacifism and to just war participation Are these irreducibly different options equally valid for followers of Christ Do the tests of discrimination and proportion lead to the same prohibitions on war and limits in war in a nuclear age With an epilogue by Stanley Hauerwas this volume offers the unusual event of two Methodist laymen engaged in lively debate over their church and the modern world **Judgment and Action** Vivasvan Soni,Thomas Pfau,2017-12-15 Written by theologians literary scholars political theorists classicists and philosophers the essays in Judgment and Action address the growing sense that certain key concepts in humanistic scholarship have become

suspect if not downright unintelligible amid the current plethora of critical methods These essays aim to reassert the normative force of judgment and action two concepts at the very core of literary analysis systematic theology philosophy ethics aesthetics and other disciplines Interpretation is essential to every humanistic discipline and every interpretation is an act of judgment Yet the work of interpretation and judgment has been called into question by contemporary methods in the humanities which incline either toward contextual determination of meaning or toward the suspension of judgment altogether Action is closely related to judgment and interpretation and like them it has been rendered questionable An action is not simply the performance of a deed but requires the deed's intelligibility which can be secured only through interpretation and judgment Organized into four broad themes interiority contemplation ethics politics community and aesthetics image the aim of this broad ranging and insightful collection is to illuminate the histories of judgment and action identify critical sites from which rethinking them may begin clarify how they came to be challenged and relocate them within a broader intellectual historical trajectory that renders them intelligible

Theology of Culture in a Japanese Context

Atsuyoshi Fujiwara, 2012-07-01 The Christian faith has always stood in a place of tension between its transcendent nature and the surrounding culture On the one hand Christian faith claims to originate in the revelation of God which transforms culture itself On the other hand all such revelation is inevitably received and interpreted by humans in concrete situations It is no exaggeration to say that two millennia of church history have continually demonstrated the struggle between Christian faith and culture In an effort to address this struggle this book explores relevant issues pertinent to the relationship between faith and culture in the particular context of Japan In this unique work the context of Japan well known as a desolate swamp for Christian missions provides the setting for a re exploration of issues pertaining to theology of culture As such Japan provides both a concrete and challenging context to work out a theology of culture This book also helpfully illuminates for Western readers some key problems that may not have appeared fully in their contexts yet but will do so as the post Christendom era continues

Creating the Ethical Academy Tricia Bertram Gallant, 2011-09-22 In this edited volume higher education experts and scholars tackle the challenge of understanding why ethical misconduct occurs in the academy and how we can address it

Recovering the Evangelical Sacrament Anthony R. Cross, 2012-12-06 The subject of baptism continues to be of considerable interest though it frequently appears within broader studies of sacraments liturgy worship and ecumenical studies and within confessional bounds credobaptist or paedobaptist yet it is rarely discussed by Evangelicals This book however is neither an apologetic for credobaptism nor paedobaptism rather Cross believes that as practiced today both forms are a departure from New Testament baptism which he maintains was an integral part of becoming a Christian and part of the proclaimed gospel He argues that the one baptism of Ephesians 4:5 is conversion baptism and that the baptism referred to in the various New Testament strata refers to this one baptism of Spirit and water The study sets out the case for this interpretation and contends that in key passages baptism is an example of synecdoche The case is then made for

a sacramental interpretation of baptism from a thoroughgoing Evangelical perspective Cross concludes with reflections on the necessity of baptismal reform and the relevance of a return to conversion baptism for the contemporary church in a post Christian post Christendom mission setting *Rewired* Paul N. Markham,2007-07-01 *Rewired* begins with the claim that contemporary views of Christian spirituality particularly in the American evangelical tradition concentrate too exclusively on the interior and individual nature of spiritual experience Paul Markham argues that a reexamination of the doctrine of religious conversion is needed within American evangelicalism and finds resources for such a model in the Wesleyan theological tradition and from philosophical and scientific insights into a nonreductive physicalist view of human nature In considering data from theology and science this book represents an integrated work in science and religion *Joel, Obadiah, Malachi* David W. Baker,2009-05-26 The NIV Application Commentary helps you communicate and apply biblical text effectively in today s context To bring the ancient messages of the Bible into today s world each passage is treated in three sections Original Meaning Concise exegesis to help readers understand the original meaning of the biblical text in its historical literary and cultural context Bridging Contexts A bridge between the world of the Bible and the world of today built by discerning what is timeless in the timely pages of the Bible Contemporary Significance This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved This unique award winning commentary is the ideal resource for today s preachers teachers and serious students of the Bible giving them the tools ideas and insights they need to communicate God s Word with the same powerful impact it had when it was first written
