Chesterton, 2019-05-02 This classic volume is the first part of a definitive biography of the great English writer Charles Dickens by another fine English author his friend and colleague G K Chesterton and contains the following excerpt In everyday talk or in any of our journals we may find the loose but important phrase Why have we no great men to day Why have we no great men like Thackeray or Carlyle or Dickens Do not let us dismiss this expression because it appears loose or arbitrary Great does mean something and the test of its actuality is to be found by noting how instinctively and decisively we do apply it to some men and not to others above all how instinctively and decisively we do apply it to four or five men in the Victorian era four or five men of whom Dickens was not the least The term is found to fit a definite thing Whatever the word great means Dickens was what it means Even the fastidious and unhappy who cannot read his books without a continuous critical exasperation would use the word of him without stopping to think They feel that Dickens is a great writer even if he is not a good writer He is treated as a classic that is as a king who may now be deserted but who cannot now be dethroned The atmosphere of this word clings to him and the curious thing is that we cannot get it to cling to any of the men of our own generation Great is the first adjective which the most supercilious modern critic would apply to Dickens And great is the last adjective that the most supercilious modern critic would apply to himself We dare not claim to be great men even when we claim to be superior to them **CHARLES DICKENS** G. Chesterton, Aeterna Press, Chesterton's two part biography of Charles Dickens examines the life and works of 19th century British literary figure Charles Dickens. Chesterton's reinterpretation of Dickens' life and work proved important to the modern perception of Dickens as a literary giant and the work has received widespread praise. Purchasers can usually download a free scanned copy of the original book without typos from the publisher. Not indexed. Not illustrated. 1906 edition. Excerpt CHAPTER IV THE PICKWICK PAPERS. Round the birth of Pickwick broke one of those literary quarrels that were too common in the life of Dickens. Such quarrels indeed generally arose from some definite mistake or misdemeanour on the part of somebody else but they were also made possible by an indefinite touchiness and susceptibility in Dickens himself. He was so sensitive on points of personal authorship and responsibility that even his sacred sense of humour deserted him. He turned people into mortal enemies whom he might have turned very easily into immortal jokes. It was not that he was lawless in a sense it was that he was too legal but he did not understand the principle of *de minimis non curat lex*. Anybody could draw him any fool could make a fool of him. Any obscure madman who chose to say that he had written the whole of Martin Chuzzlewit any penny a liner who chose to say that Dickens wore no shirt collar could call forth the most passionate and public denials as of a man pleading not guilty to witchcraft or high treason. Hence the letters of Dickens are filled with a certain singular type of quarrels and complaints quarrels and complaints in which one cannot say that he was on the wrong side but merely that even in being on the right side he was in the wrong place. He was not only a generous man he was even a just man to have made against anybody a charge or claim which was unfair would have been insupportable to him. His weakness was that he found the unfair claim or charge however small equally insupportable when brought against himself. No one can say of him that he was often wrong we can only say of him as of many pugnacious people that he was too often right.
