statistics show that the industry encounters approximately 60 000 fatal accidents in their line of work. These accidents are attributed to non-existent or unenforceable regulations. Therefore, this research aims to examine the occurrence of accidents at construction sites in Ayawaso West. Mixed research method was adopted for this study. The intended population comprised of workers at the construction sites within the Ayawaso West Municipality, Accra. The study employed purposive sampling techniques while data collection was executed through interview and a questionnaire-based survey. Data obtained from this study was analyzed by mean score rankings and percentages. The study conclusions highlight the availability and safety of construction technology was assessed, highlighting concerns such as inadequate protective equipment, damaged machinery, and unsafe operating practices. Additionally, the effectiveness of safety measures are explored with a correlation observed between adherence to safety protocols and reduced accidents. Furthermore, investigating the long-term cost impact of safety measures and exploring regular training sessions on construction safety, emergency procedures, and the proper use of safety equipment should be conducted for all workers on construction sites. Again, the Ghanaian government should examine and update construction safety codes and ensure their effective administration and execution.

SELECTED CONTEMPORARY ISSUES ON LAW, SOCIAL, AND POLITICS Baiq Wardhani, et al., 2023-04-26. This book once again shows the results of the ongoing collaboration between UniZSA Malaysia and UNAIR Indonesia, especially those involving Faculty of Social and Political Sciences of UNAIR and Faculty of Law and International Relations of UniZSA, each of which is led by the Department of International Relations. Furthermore, this book is also a reminder that scientific work can be disseminated in various forms other than on the mainstream platform. In addition, this book is an alternative source of learning for lecturers, students, and the public. For the higher education, this book can be a medium to strengthen academic networks and a means of communication for its authors.
