Trades and Crafts of Old Japan Eric A. Kaemmerer, 1996-09-15 This very rare series of Japanese paintings depicts everyday artisans in feudal Japan Extensive commentary provides insight into the historical and cultural context of the scenes More than three centuries ago not long after Japan had entered the period of seclusion decreed by her Tokugawa rulers an unknown artist or perhaps a group of artists painted a series of pictures for an album portraying contemporary trades and crafts In creating the scenes that compose this rare relic from Tokugawa days the anonymous painter left for later ages an invaluable record of everyday human activity in the utilitarian arts for which Japan has long been famous It is these pictures carefully reproduced in collotype and color and accompanied by Eric Kaemmerer s perceptive comments that make up the present volume These scenes of Japanese life in the early 17th century introduce a variety of craftsmen ranging from needlemaker to swordsmith from fanmaker to carpenter from the creator of fragile lacquer ware to the fashioner of sturdy barrels Their trades and crafts many of which are still carried on with little change in present day Japan are portrayed with painstaking attention to detail and with a decided feeling for human interest

[Encyclopedia of Spirits and Ghosts in World Mythology](#) Theresa Bane, 2016-03-09 Of all the anomalous phenomenon reported ghost sightings are by far the most common The words ghost and spirit are used interchangeably in American English but in other cultures the lingering souls of the departed are not to be confused with ancestral spirits demonic spirits numens or poltergeists This encyclopedia lists hundreds of entities of the spirit realm from aatxe to zuzeca from world mythology and folklore

Consuming Ivory Alexandra Celia Kelly, 2021-05-18 Examines the complex global impact of the ivory trade The economic prosperity of two nineteenth and early twentieth century New England towns rested on factories that manufactured piano keys billiard balls combs and other items made of ivory imported from East Africa Yet while towns like Ivoryton and Deep River Connecticut thrived the African ivory trade left in its wake massive human exploitation and ecological devastation At the same time dynamic East African engagement with

capitalism and imperialism took place within these trade histories Drawing from extensive archival and field research in New England Great Britain and Tanzania Alexandra Kelly investigates the complex global legacies of the historical ivory trade She not only explains the complexities of this trade but also analyzes Anglo American narratives about Africa questioning why elephants and ivory feature so centrally in those representations From elephant conservation efforts to the cultural heritage industries in New England and East Africa her study reveals the ongoing global repercussions of the ivory craze and will be of interest to anthropologists archaeologists historians and conservationists **Inro & Other Min. forms** Melvin
