Fan Pages

We highly recommend your organization create a Facebook Fan Page. Why? Well, for starters, a recent study found that the average Facebook user becomes a fan of 2 pages each month. That could be YOUR page!

What is a Facebook Fan Page?

Because American Majority is an organization dedicated to the grassroots, we've set up a presence on Facebook to reach people without going through the mainstream media. A Page is essentially a Facebook Profile for your group. Pages allow your organization to publish content and interact with individual much in the same way you do as an individual person. The implications here should be very evident: you can create a culture, interact with members/customers, and build a brand image by engaging with fans one on one. Pages should be used by companies, organizations, products, celebrities, politicians and other entities that need to represent their "brand" on Facebook. The biggest difference is that as an individual, you have friends. As a Page, your organization can accumulate fans.

Become a Fan

It is important to note that as a creator of the group's Facebook Page, you will be invisible to other users. This means that any member of your organization can create and maintain the page without others knowing who holds that administrative responsibility.
