demands of today's society for greater specialization have brought about a profound transformation in the humanities which are not immune to the competitive pressure to meet new challenges that are present in other sectors. Thus, lecturers and researchers in modern languages and applied linguistics departments have made great efforts to design syllabi and materials more attuned to the competences and requirements of potential working environments. At the same time, linguists have attempted to apply their expertise in wider areas, creating research institutes that focus on applying language and linguistics in different contexts and offering linguistic services to society as a whole. This book attempts to provide a global view of the multiple voices involved in interdisciplinary research and innovative proposals in teaching specialized languages while offering contributions that attempt to fill the demands of a varied scope of disciplines such as the sciences, professions or educational settings. The chapters in this book are made up of current research on these themes: discourse analysis in academic and professional genres; specialized translation; lexicology and terminology; and ICT research and teaching of specialized languages.

Stranger (En español) Jorge Ramos, 2018-02-27. Hay veces en que me siento como un extraño en el país donde he pasado más de la mitad de mi vida. No es por falta de oportunidades ni una queja. Es más bien una especie de desilusión. Jamás me imaginé que después de 35 años en Estados Unidos iba a seguir siendo un stranger para muchos. Pero eso soy Jorge Ramos: periodista galardonado con premios Emmy, reconocido presentador del Noticiero Univisión y considerado la voz de los sin voz de la comunidad latina. Fue expulsado de una rueda de prensa del candidato presidencial Donald Trump en Iowa en el año 2015 tras cuestionar sus planes sobre inmigración. En este manifiesto personal, Ramos explora qué significa ser un inmigrante latino o simplemente un inmigrante en los Estados Unidos de nuestros días. Mediante datos y estadísticas, su olfato para encontrar historias y su propia memoria personal, Ramos nos muestra el rostro cambiante de América y explora las razones por las que él y muchos otros millones de inmigrantes a menudo se sienten como strangers en este país. Es precisamente su estilo de confrontación el que le ha ganado a Ramos la confianza de tantos hispanos. Ellos saben que en muchos países al sur de Estados Unidos, las preguntas directas pueden significar no solo perder el acceso sino también perder la vida.

Marcela Valdes, The New York Times. *Carlo Acutis* Courtney Mares, 2025-05-13. How does a city boy who only lived to the age of fifteen go viral more than a decade after he died? Discover the story of Blessed Carlo Acutis, the first millennial to be beatified by the Catholic Church. Born in 1991, the same year as the launch of the World Wide Web, Carlo has been hailed by the pope as an example of love and holiness in our complex digital age. This tech-savvy Italian teen has shown the world that computer coding and video games are no obstacle to sainthood. From a young age, Carlo's enthusiasm for Jesus was contagious. His witness brought his own family back to faith and even helped convert his Hindu au-pair to Catholicism. Carlo called the Eucharist my highway to heaven and was eager to tell everyone about the incredible reality of Christ's true presence in the world. To this end, he used his computer to help design an exhibition dedicated to eucharistic miracles that has traversed the globe. Vatican journalist Courtney Mares has traveled in the footsteps of Acutis across Italy to tell his story in depth.
