Facing Death In Cambodia:

Facing Death in Cambodia Peter Maguire, 2005-03-30 The Khmer Rouge regime took control of Cambodia by force of arms then committed the most brazen crimes since the Third Reich at least 1 5 million people murdered between 1975 and 1979 Yet no individuals were ever tried or punished This book is the story of Peter Maguire s effort to learn how Cambodia s culture of impunity developed why it persists and the failures of the international community to confront the Cambodian genocide Written from a personal and historical perspective Facing Death in Cambodia recounts Maguire s growing anguish over the gap between theories of universal justice and political realities Maguire documents the atrocities and the aftermath through personal interviews with victims and perpetrators discussions with international and NGO officials journalistic accounts and government sources gathered during a ten year odyssey in search of answers The book includes a selection of haunting pictures from among the thousands taken at the now infamous Tuol Sleng prison also referred to as S 21 through which at least 14 000 men women and children passed and from which fewer than a dozen emerged alive What he discovered raises troubling questions Was the Cambodian genocide a preview of the genocidal civil wars that would follow in the wake of the Cold War Is international justice an attainable idea or a fiction superimposed over an unbearably dark reality Did issues of political expediency allow Cambodian leaders to escape prosecution The Khmer Rouge violated the Nuremberg Principles the United Nations Charter the laws of war and the UN Genocide Convention Yet in the decade after the regime s collapse the perpetrators were rescued and rehabilitated even rewarded by China Thailand the United States and the UN According to Peter Maguire Cambodia holds the key to understanding why recent UN interventions throughout the world have failed to prevent atrocities and to enforce treaties

despotisms focussing in particular upon Nazi Germany Stalinism the Chinese Cultural Revolution and Cambodia under Pol Pot The concentration here is upon the political religion hypothesis as a key explanation for the chief excesses of communism in particular Part Three examines literary dystopias It commences well before the usual starting point in the secondary literature in anti Jacobin writings of the 1790s Two chapters address the main twentieth century texts usually studied as representative of the genre Aldous Huxley s Brave New World and George Orwell s Nineteen Eighty Four The remainder of the section examines the evolution of the genre in the second half of the twentieth century down to the present **From the**
