

Static Routing Lab

Campus Network Design & Operations Workshop

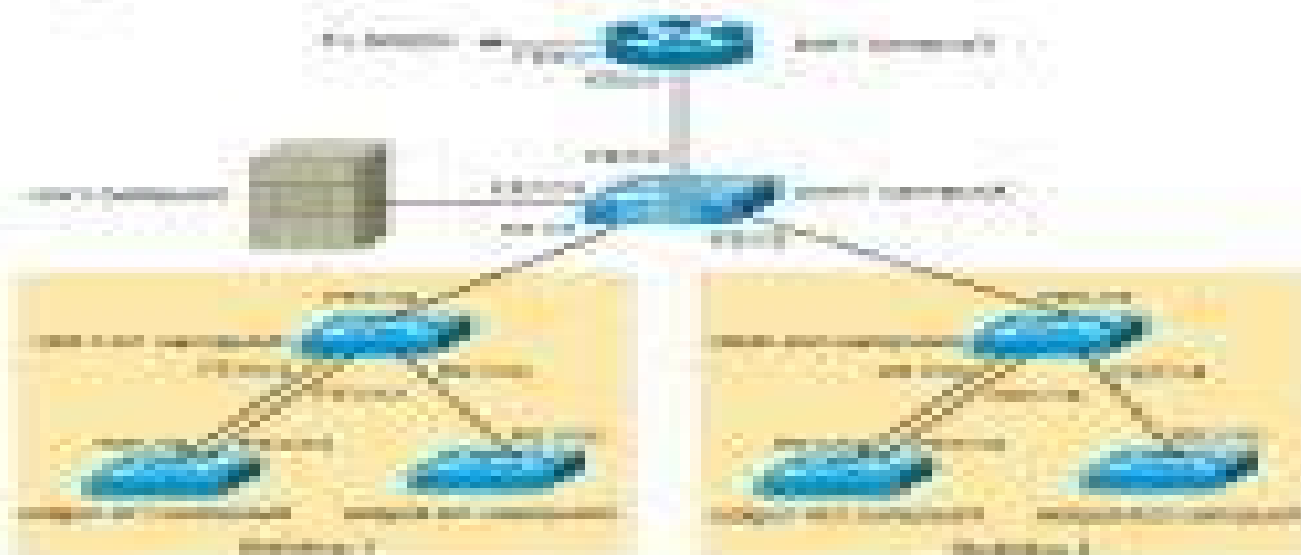

Introduction

The purpose of this lab is to make add Layer 3 functionality to our existing Routed Layer 2 network. The Core Routers have ports 1/1 connected right into the 24-bit in the routing. Students that difference will be configured as it. However, we must want to give this campus connectivity for the border router and connect to the 24-bit and the Internet.

The class will continue in the 15 groups with each group being assigned some campus to configure. Students will not be allowed to configure routing for the border router and must require. (Students can have their settings available up to 100%)
