

Implementation of Finance and Accounting Systems

- In an ERP implementation, when should the new finance and accounting systems be implemented? The available choices are:
 1. Implement all or most of the new financial and accounting systems prior to beginning implementation of the new planning and scheduling processes. This will delay the planning and scheduling implementation and hence the benefits like being able to close the books better, faster and cheaper.
 2. Implement the new planning and scheduling processes first and have the accounting side follow. This means that for a time the legacy accounting systems will be fed by the new ERP transactions.
 3. Implement the new financial and accounting systems simultaneously with those for planning and scheduling. This option if planned meticulously, executed perfectly and monitored constantly can be successful and deliver the maximum benefits
