Trillium the brainchild of Julian May Andre Norton and Marion Zimmer Bradley three of fantasy fiction's greats takes glorious flight in *Sky Trillium* as author May carries the magnificent saga of magic sisterhood and destiny to breathtaking new heights The Petals of the Living Trillium Anigel the Queen Kadiya the Warrior and Haramis the Archimage have defeated great evil to keep their realm safe thanks in part to three magical talismans dating back to the War of Enchantment that nearly destroyed the world in the time of the Vanished Ones Now with one relic missing and another rendered powerless the World of the Three Moons is vulnerable and a devastating outbreak of earthquakes volcanic eruptions and other natural disasters suggests that a dark and terrible magic is descending once again The last hope for the planet's salvation lies in the fabled Sky Trillium but its creation depends on the three sisters being able to recover what was stolen from them and escape the poisonous intrigues of the royal court banding together one more time to forge a Scepter of Power But the old wounds of an ancient war continue to fester and the Star Men are waiting to see the Petals wither and fall *Spin the Sky* Katy Stauber, 2012-07-01 HOME IS WHERE THE HERD IS Fifteen years after winning the Spacer War Cesar Vaquero has returned to Ithaca a rugged orbital colony that boasts the only herd of cattle in space and a wife and a son who don't even recognize him when he shows up at their doorstep Posing as a homeless drifter he soon discovers that making his way home past space pirates one-eyed giants and mad scientists was the easy part Penelope swore off men after her husband disappeared She's been busy enough running the ranch raising her son and fending off pushy suitors eager to get their hands on her and her herd But something about this war-weary drifter stirs forgotten feelings in her even as sabotage rustlers and a space stampede threaten to tear Ithaca apart *Spin the Sky* is an rollicking high-spirited riff on a certain classic odyssey featuring characters as big and full of surprises as Space itself *When Men Fell from the Sky* Claire Andrieu, 2023-04-13 Between 1940 and 1945 more than 100 000 airmen were shot down over Europe a few thousand of whom survived and avoided being arrested *When Men Fell from the Sky* is a comparative history of the treatment of these airmen by civilians in France Germany and Britain By studying the situation on the ground Claire Andrieu shows how these encounters reshaped societies at a local level She reveals how the fall of France in 1940 may have concealed an insurrection nipped in the bud that the People's War in Britain was not merely a myth and that in Germany the racial community of the people had in fact become a social reality with Allied airmen increasingly subjected to lynching from 1943 onwards By considering why the treatment of these airmen contrasted so strongly in these countries Andrieu sheds new light on how civilians reacted when confronted with the war at home *Islands in the Sky* Rose Hammond, 2013-01-11 Homer provides an enormous challenge to the student the potentialities of these lengthy texts are legion and the scholarship vast The author has relied upon her knowledge of symbolic discourse to make a fresh study of the Odyssey prioritising early neighbouring religions their mythology and shamanic practice The latter has yielded particularly rich material concerning the axis of the world axis mundi as a route to the stars and the world of the gods Man's shared experience of the night skies has also provided some

remarkably consistent patterns for the geography of an Otherworld in the skies and the means to reach the gods residing there By applying world wide motifs of the soul journey the initiatory process and established points of transformation along a solar path it has been possible to recast the hero s sea voyage in cosmic terms and give a celestial homeland to the many islands visited by Odysseus and his companions The result gives a surprising twist to the meaning of the epic and reveals Homer the poet as both philosopher and student of the cosmos The wine dark sea is revealed as none other than the night sky which serves as backdrop to the hero s adventures among the stars and Ithaka itself with its many conflicts finds a place at the very centre of the known universe of Bronze Age Greece
