Eros A Journey Of Multiple Loves:

Eros Serena Anderlini-D'Onofrio, 2014-02-04 *Eros A Journey of Multiple Loves* is a poignant memoir that explores the evolution of erotic love through the international and transcultural journeys of an extraordinary woman. This captivating book chronicles the life of polyamorous advocate and postmodern nomad Serena Anderlini D Onofrio whose skillful prose takes readers along the bold twists and turns of her life and her irreverent critiques of society, education and sexuality. In *Eros* Anderlini D Onofrio describes her formative years in the politically charged Italy of the 1960s and 1970 as well as her development as an independent woman and single mother in America. From her educational beginnings to her love of nudity and freedom from bodily inhibitions, the author reveals her innermost thoughts and shares the wisdom life has blessed her with. She candidly narrates both her journey over the treacherous path from graduate student to educator in California and from a straight and monogamous young adulthood to an alternative and fulfilling lifestyle. An extraordinary read for those who want to expand their horizons, *Eros* is an engaging and honest testimony of a passage into unconventional realms of growth, self-discovery, the erotic and the many possibilities for love. Follow the emergence of this exceptional woman who has made a career of defying convention for the sake of integrity, a woman well worth getting to know. *Bisexuality and Queer Theory* Jonathan Alexander, Serena Anderlini-D'Onofrio, 2014-04-10 According to David Halperin, sexuality in our time is typified by a crisis in contemporary sexual definition. What is sexuality? What does it mean to have a sexual identity or orientation? What is the relationship between sexuality as a knowledge construct on one hand and the often messy flows of desire and practices of love on the other? How and why are some sexual, erotic and intimate practices normalized and others marginalized? Queer Theory has emerged in the West as one of the most provocative analytical tools in the humanities and social sciences. It scrutinizes identity and social structures that take heteronormativity for granted that do not question the social construction of heterosexuality as normative in relation to its oppositional binary, homosexuality. At the same time, bisexuality is a practice, identity and orientation that challenges the binary logic around which cultural notions of sexuality are organized. It is a portal to the imagination of a world of amorous expression beyond that divide. This provocative collection presents bisexuality and queer theory as two parallel thought collectives that have made significant contributions to cultural discourses about sexual and amorous practices since the onset of the AIDS era and explores the ideas that circulate in these thought collectives today. We learn much about the construction and experience of sexuality and the power it still holds throughout the contemporary Western world to shape identities and practices. This volume challenges our understanding of what it means to be sexual, to have a sexual identity and to practise the arts of loving. This book was originally published as a special issue of the *Journal of Bisexuality*. *Gaia and the New Politics of Love* Serena Anderlini-D'Onofrio, 2010-08-31 WINNER 2010 Nautilus Silver Book Award. *Cosmology* New Science. Gaia theory argues that the flora and fauna of the planet operate in a self-regulating web that keeps the world livable. According to the theory, humankind is the most powerful species

in this web and also its biggest threat This provocative book explores ways to minimize and ultimately eliminate this threat with love and intimacy Controversial Italian author Serena Anderlini D Onofrio has authored the first global ecology study based on an analysis of human health Anderlini D Onofrio identifies her remedy within the context of Gaia theory re envisioning it as a more inclusive philosophy that positively impacts not only relationships but world ecology under duress The author links human sexuality to the global ecosystem claiming that freedom from fear will stimulate a holistic health movement powerful enough to heal relationships and restore planetary balance Gaia and the New Politics of Love is bracing in its range weaving together issues of human and global health the relationship of politics sexuality and ecology practices and styles of love the changing roles of eroticism and gender in our lives and polyamory bisexuality and the AIDS reappraisal movement Clarification Statement from the Author The argument of this book emphasizes the arts of loving as a way to help humanity make peace with our hostess Gaia the third planet Some of these arts involve sharing emotional resources and amorous partners Often the arts of loving require the use of barriers mechanical protections such as condoms At times they do not because only tantric energies are exchanged The author of this book is persuaded that barriers are recommendable when sexual practices result in the exchange of deep body fluids unless previous fluid bonding arrangements have been made The author is also persuaded that good practices of holistic health contribute to strengthening the immune systems of those who engage in the arts of loving Safety practices are important in making the arts of loving healthy regardless of what factors are involved in the syndromes most prevalent today including AIDS and other conditions in the STD spectrum Historically disagreement has moved knowledge forward Today s science is the result of yesterday s disagreements and controversies The author believes in critical thinking and she respects dissidence in science today including Gaia science reappraisals of AIDS and holistic medicine She hopes her readers will be open to hearing more than one side of a story This statement and the contents of this book do not constitute medical advice in any way Readers are invited to consult their own healers and health care providers Serena Anderlini D Onofrio PhD Author of Gaia and the New Politics of Love Cabo Rojo Puerto Rico March 2010 Blog <http://polyplanet.blogspot.com> From the Trade Paperback edition **The Tarot Journey Vol. 1** Julie Hedges,2017-01-22 The Tarot Journey Vol 1 by tarot expert Julie Hedges The Tarot Journey bridges ancient tarot information to the modern world Julie Hedges offers her tarot knowledge through her book just for you Star Nations gathered all of Julie s Tarot Journey articles from the Star Nations Magazine to create this valued book Each chapter helps beginning tarot card users to discover the ancient realm of the Tarot and those with some tarot experience learn how to bring those ancient tarot realms to life with meaning in our modern age Some chapters have card layout diagrams available What Does Polyamory Look Like? Love: Bondage or Liberation? Deirdre Johnson, 2018-03-26

Much has been written about the function of falling in love in the course of therapy itself This book has a much broader aim The author a Jungian analyst and psychotherapy trainer uses her teaching and clinical experience to illuminate the whole range of this near universal human experience How and why does falling in love affect us so profoundly How can it enhance who we are or must it ultimately fade without lasting value The author argues that the many valuable studies by psychoanalysts relational psychologists anthropologists neuroscientists and philosophers have all made valuable contributions and uses these to highlight and explore the many values and dangers inherent in passionate love However she claims that a more holistic approach is required to show how these various accounts can be seen as complementary rather than competing and can be accommodated within an overarching view of the integration of the human being in its heights and depths

Epistolary Narratives of Love, Gender and Agonistic Politics Maria Tamboukou, 2023-09-30 This book revolves around epistolary narratives of women political theorists and activists following traces of Hannah Arendt s philosophical approaches to love and agonistic politics Arendt s interlocutors are four revolutionary women in the long dur e of the nineteenth and twentieth centuries in Europe and the USA the romantic socialist D sir e V ret Gay the Marxist Rosa Luxemburg the anarchist Emma Goldman and the labour activist Rose Pesotta The book s central argument is that Arendt s philosophical thought can throw light on dangerous liaisons between love gender and agonistic politics further making connections with feminist ruminations around love as an existential force in the ephemeral constitution of the female self in modernity Drawing on extended research with physical digital and published archival collections the book responds to the challenges of the digital turn and highlights the importance of memory work as a way of understanding the lasting effects of

Royster,2014-04-18 Have This Mind uses a rational logical and systematic approach to spirituality religion and God by focusing on the mind or consciousness rather than doctrine ritual etc It provides a model that resolves the many seemingly conflicting views of religion and God The four largest religions of the world Hinduism Buddhism Christianity and Islam are introduced in terms of their transformative dimensions that lead to an inclusive and eminently happy life These principles and practices are illustrated with biographies of exemplary saints and sages from the traditions Have This Mind outlines three different ways of being religious regardless of one s particular religious tradition based on a progressively maturing mind Of particular import to Christian readers are interpretations of biblical and theological views that facilitate transition from a traditional and mythic outlook tending toward exclusivism to one that is rational transrational and inclusive On the basis of an appreciative and inclusive view of the world s great religions one discovers how these religions can actually enhance one s own spirituality and religious outlook A perspective central to Have This Mind is that authentic religion and spirituality lie in the loving quality of one s life and not simply the ideas or beliefs held in one s mind
