Erotic Utopia The Decadent Imagination In Russias Fin De Siecle:

Erotic Utopia Olga Matich, 2005-08-01 The first generation of Russian modernists experienced a profound sense of anxiety resulting from the belief that they were living in an age of decline What made them unique was their utopian prescription for overcoming the inevitability of decline and death both by metaphysical and physical means They intertwined their mystical erotic discourse with European degeneration theory and its obsession with the destabilization of gender In *Erotic Utopia* Olga Matich suggests that same sex desire underlay their most radical utopian proposal of abolishing the traditional procreative family in favor of erotically induced abstinence 2006 Winner CHOICE Award for Outstanding Academic Titles Current Reviews for Academic Libraries Honorable Mention Aldo and Jean Scaglione Prize for Studies in Slavic Languages and Literatures Modern Language Association Offers a fresh perspective and a wealth of new information on early Russian modernism It is required reading for anyone interested in fin de si cle Russia and in the history of sexuality in general Bernice Glatzer Rosenthal Slavic and East European Journal Thoroughly entertaining Avril Pyman Slavic Review

supposedly reflected the health of the entire nation Leonid Andreev the leading literary figure of his time stepped into the breach of this scientific discourse with literary works about degenerates The spirited social debates on mental illness morality and sexual deviance which resulted from these works became part of the ongoing battle over the definition and depiction of the irrational complicated by Andreev's own publicised bouts with neurasthenia This book examines the concept of pathology in Russia the influence of European medical discourse the development of Russian psychiatry and the role that it had in popular culture by investigating the life and works of Andreev It engages the emergence of psychiatry and the role that art played in the development of this objective science Fin-de-siècle Russia and Chinese Aesthetics Jinyi

Chu,2024-08-30 Many are familiar with European modernists' interest in Chinese art and poetry however less well known is that Russian literature and art at the turn of 20th century also flourished in a sustained dialogue with China In *Fin de siècle Russia and Chinese Aesthetics* Jinyi Chu reconsiders the place of Russia in the genealogy of global modernism by exploring the enduring impact of China on pre-revolutionary Russian culture This book argues that fin de siècle Russian ideas about increasing global cultural and socioeconomic interconnectedness emerged from their unsettling encounters with China Drawing on literary texts paintings advertisements official documents and archival work in Russia China France and the United States Chu reconstructs surprising stories about cultural interactions From Innokenty Annensky's encounter with a Tibetan monk in Paris Aleksei Remizov's adaptations of Chinese ghost stories and Lev Tolstoy's translations of the Daoist canon to Ilya Mashkov's fauvist painting of a Chinese fairy this book presents a new cultural history of fin de siècle Russia in relation to the East *Fin de siècle Russia and Chinese Aesthetics* casts new light on the intricate relationships between geopolitics and transnational aesthetics It moves beyond the idea that Russian literary and artistic representations of China were simply manifestations of Russia's imperial ideology and Eurasian cultural identity Instead Chu shows that literature and art actively renegotiate and destabilize the preconceived world order at a time of intensifying geopolitical and cultural transformation when China shifted from Russia's rival in Inner Asia to a target in the competition of global imperialist powers

Decadence and Modernism in European and Russian Literature and Culture Jonathan Stone,2019-12-12 *Decadence and Modernism in European and Russian Literature and Culture* *Aesthetics and Anxiety in the 1890s* rewrites the story of early modernist literature and culture by drawing out the tensions underlying its simultaneous engagement with Decadence and Symbolism the unsustainable combination of this world and the other With a broadly framed literary and cultural approach Jonathan Stone examines a shift in perspective that explodes the notion of reality and showcases the uneasy relationship between the tangible and intangible aspects of the surrounding world Modernism quenches a growing fascination with the ephemeral and that which cannot be seen while also doubling down on the significance of the material world and finding profound meaning in the physical and the corporeal Decadence and Symbolism complement the broader historical trajectory of the fin de siècle by affirming the novelty of a modernist mindset and offering an alternative to the empirical and positivistic

atmosphere of the nineteenth century Stone seeks to recreate a significant historical and cultural moment in the development of modernity a moment that embraces the concept of Decadence while repurposing its aesthetic and social import to help navigate the fundamental changes that accompanied the dawn of the twentieth century **Queering**

Deification in Russian Religious Thought

Ruth Coates, 2019-09-12 Deification in Russian Religious Thought considers the reception of the Eastern Christian Orthodox doctrine of deification by Russian religious thinkers of the immediate pre revolutionary period Deification is the metaphor that the Greek patristic tradition came to privilege in its

articulation of the Christian concept of salvation to be saved is to be deified that is to share in the divine attribute of immortality In the Christian narrative of the Orthodox Church God became human so that humans might become gods Ruth Coates shows that between the revolutions of 1905 and 1917 Russian religious thinkers turned to deification in their search for a commensurate response to the apocalyptic dimension of the universally anticipated destruction of the Russian autocracy and the social and religious order that supported it Focusing on major works by four prominent thinkers of the Russian Religious Renaissance Dmitry Merezhkovsky Nikolai Berdiaev Sergei Bulgakov and Pavel Florensky Coates demonstrates the salience of the deification theme and explores the variety of forms of its expression She argues that the reception of deification in this period is shaped by the discourse of early Russian cultural modernism and informed not only by theology but also by nineteenth century currents in Russian religious culture and German philosophy particularly as these are received by the novelist Fedor Dostoevsky and the philosopher Vladimir Soloviev In the works that are analysed deification is taken out of its original theological context and applied respectively to politics creativity economics and asceticism At the same time all the thinkers represented in the book view deification as a project a practice that should deliver the total transformation and immortalisation of human beings society culture and the material universe and this is what connects them to deification s theological source

Pure, Strong and Sexless Henrietta Mondry, 2006 Exploration of the representation of gender and sexuality of peasant women in turn of the century Russian culture through the writings of populist writer Gleb Uspensky Uspensky s works address a range of issues related to sexuality including infanticide abortion prostitution adultery and venereal disease Included is the first English translation of the diary of Uspensky s psychiatrist Dr Boris Sinani

Stage Fright Paul Du Quenoy, 2010-11 Explores the relationship between culture and power in Imperial Russia Argues that Russia s performing arts were part of a vibrant public culture that was usually ambivalent or hostile to the tumultuous political events of the revolutionary era Provided by publisher

[To Break Russia's Chains](#) Vladimir Alexandrov, 2021-09-07 A brilliant examination of the enigmatic Russian revolutionary about whom Winston Churchill said few men tried more gave more dared more and suffered more for the Russian people and who remains a legendary and controversial figure in his homeland today Although now largely forgotten outside Russia Boris Savinkov was famous and notorious both at home and abroad during his lifetime which spans the end of the Russian Empire and the establishment of the Soviet Union A complex and conflicted individual he was a paradoxically moral revolutionary terrorist a scandalous novelist a friend of epoch defining artists like Modigliani and Diego Rivera a government minister a tireless fighter against Lenin and the Bolsheviks and an advisor to Churchill At the end of his life Savinkov conspired to be captured by the Soviet secret police and as the country s most prized political prisoner made headlines around the world when he claimed that he accepted the Bolshevik state But as this book argues this was Savinkov s final play as a gambler and he had staked his life on a secret plan to strike one last blow against the tyrannical regime Neither a Red nor a White Savinkov lived an epic life that

challenges many popular myths about the Russian Revolution which was arguably the most important catalyst of twentieth century world history All of Savinkov s efforts were directed at transforming his homeland into a uniquely democratic humane and enlightened state There are aspects of his violent legacy that will and should remain frozen in the past as part of the historical record But the support he received from many of his countrymen suggests that the paths Russia took during the twentieth and twenty first centuries the tyranny of communism the authoritarianism of Putin s regime were not the only ones written in her historical destiny Savinkov s goals remain a poignant reminder of how things in Russia could have been and how perhaps they may still become someday Written with novelistic verve and filled with the triumphs disasters dramatic twists and contradictions that defined Savinkov s life this book shines a light on an extraordinary man who tried to change Russian and world history

The Archaeology of Anxiety Galina Rylkova,2007-12-09 The Silver Age c 1890 1917 has been one of the most intensely studied topics in Russian literary studies and for years scholars have been struggling with its precise definition Firmly established in the Russian cultural psyche it continues to influence both literature and mass media The Archaeology of Anxiety is the first extended analysis of why the Silver Age occupies such prominence in Russian collective consciousness Galina Rylkova examines the Silver Age as a cultural construct the byproduct of an anxiety that permeated society in reaction to the social political and cultural upheavals brought on by the Bolshevik Revolution the fall of the Romanovs the Civil War and Stalin s Great Terror Rylkova s astute analysis of writings by Anna Akhmatova Vladimir Nabokov Boris Pasternak and Victor Erofeev reveals how the construct of the Silver Age was perpetuated and ingrained Rylkova explores not only the Silver Age s importance to Russia s cultural identity but also the sustainability of this phenomenon In so doing she positions the Silver Age as an essential element to Russian cultural survival

Meanings and Values of Water in Russian Culture Jane Costlow,Arja Rosenholm,2016-11-25 Bringing together a team of scholars from the diverse fields of geography literary studies and history this is the first volume to study water as a cultural phenomenon within the Russian Soviet context Water in this context is both a cognitive and cultural construct and a geographical and physical phenomenon representing particular rivers the Volga the Chusovaia in the Urals the Neva and bodies of water from Baikal to sacred springs and the flowing water of nineteenth century estates but also powerful systems of meaning from traditional cultures and those forged in the radical restructuring undertaken in the 1930s Individual chapters explore the polyvalence and contestation of meanings dimensions and values given to water in various times and spaces in Russian history The reservoir of symbolic association is tapped by poets and film makers but also by policy makers the popular press and advertisers seeking to incite reaction or drive sales The volume s emphasis on the cultural dimensions of water will link material that is often widely disparate in time and space it will also serve as the methodological framework for the analysis undertaken both within chapters and in the editors introduction
