David Mann

Erotic Transference and Countertransference David Mann, 1999 Clinical Approaches to the Erotic Transference and Countertransference brings together for the first time contemporary views on how psychotherapists and analysts work with and think about the erotic in the rapeutic practice **Psychotherapy: An Erotic Relationship** David Mann, 2003-09-02 Psychotherapy An Erotic Relationship challenges the traditional belief that transference and countertransference are merely forms of resistance which jeopardize the therapeutic process David Mann shows how the erotic feelings and fantasies experienced by clients and therapists can be used to bring about a positive transformation Combining extensive clinical material with theoretical insights and new research on infants the author traces erotic development back to the parent child relationship drawing parallels between this relationship and the therapist client dyad Individual chapters explore the function of the erotic within the unconscious pre Oedipal and Oedipal material homoeroticism in therapy sexual intercourse as a metaphor for psychological change the primal scene and the difficulties of working with perversions Sexual Attraction in Psychotherapy Practice and Supervision Biljana Rijn, Jasenka Lukac-Greenwood, 2020-07-29 Working with Sexual Attraction in Psychotherapy Practice and Supervision addresses some of the challenges associated with sexual attraction in psychotherapy practice and supervision as well as within services and helps therapists supervisors and managers to navigate them with openness and self reflection The book focuses on practical and applied issues using a relational humanistic integrative theoretical approach as a backdrop for understanding Split into three parts it deals with issues related to clinical practice supervision and ethical issues Chapters support in depth exploration in all three arenas of practice and are completed by editors providing a reflective summary Enriched with case examples and research written by senior relational practitioners the book will be beneficial to therapists supervisors and service managers in the field of psychotherapy The Paradox of Countertransference Carol Holmes, 2017-03-04 In this innovative text Carol Holmes provides students and professional psychotherapists with an historical account leading to the most up to date information on the core psychoanalytic concept of counter transference and the subsequent changes that have occurred in its clinical application This book uniquely examines the fundamental principles and practice that underpin some of the major schools of psychotherapy including psychoanalysis existential humanistic integrative systemic and communicative therapy The author compares the philosophies that underline these diverse schools and explores their precepts in relation to the notion of counter transference In contrast to traditional psychoanalytic texts the counter transference theme of the book is examined in relation to the biased and contradictory aspect of the concept and highlights some of the more radical and interpersonal ideas that endorse the relational and complementary qualities between therapist and client The text offers concise and engaging introductions to the main schools of psychotherapy and includes interviews and case study analyses from notable practitioners and trainers from these competing approaches This book will be invaluable for those interested in

understanding the importance of the hidden messages that are concealed in our communications Handbook of **Contemporary Psychotherapy** William O'Donohue, Steven R. Graybar, 2009 Handbook of Contemporary Psychotherapy explores a wide range of constructs not captured in the DSM or traditional research but that play important roles in psychotherapy cases To provide readers with a tool bag of practical techniques they can use in these cases editors William O Donohue and Steven R Graybar present chapters written by leading clinical authorities on such topics as the process of change in psychotherapy attachment and terror management projective identification terminating psychotherapy therapeutically shame and its many ramifications for clients dream work boundaries forgiveness the repressed and recovered Sexuality Chess Denman, 2017-05-01 Of interest to psychotherapists and counsellors of memory debate and many others all kinds this text describes key issues and controversies in human sexuality as they present in therapy practice The author uses the biopsychosocial approach to human behaviour to analyze sexual behaviour object choice transgendered experience sexual problems transgressive sex and sex therapy Issues of sexuality in the consulting room including transference and countertransference are discussed and throughout therapeutic approaches to sexual problems are presented The human capacity for inventive imagining is presented as an important force for beneficial change and in relation to sexuality discussed in terms of the erotic imagination **Speaking the Unspeakable** Lynne Gabriel, 2005-09-27 Are dual relationships always detrimental Speaking the Unspeakable provides an in depth exploration of client practitioner dual relationships offering critical discussion and sustained narrative on thinking about and being in dual relationships Lynne Gabriel draws on the experiences of both practitioners and clients to provide a clear summary of the complex and multidimensional nature of dual relationships The beneficial as well as detrimental potential of such relationships is discussed and illustrated with personal accounts Subjects covered include roles and boundaries in dual and multiple role relationships client experiences and perceptions of being in dual and multiple role relationships developing a relational ethic for complex relationships This book offers an insightful and challenging portrayal of dual relationships that will be welcomed by therapists trainers trainees and supervisors **Playing Hard at Life** Etty Cohen, 2013-05-13 Playing Hard at Life brings contemporary relational thinking to bear on the psychodynamic treatment of a notably difficult group of young patients Working with New York City teenagers who have survived the wars of inner city life and Israeli teenage soldiers who have survived the wars of the Middle East author Etty Cohen documents the extraordinary challenges of forming a treatment alliance with these shattered youngsters of engaging them psychodynamically and of working toward a viable termination The result is not only a poignant record of courage and committment on the part of patient and therapist alike but also a valuable extension of modern trauma theory to adolescence as a developmental stage with its own challenges and requirements The heart and strength of Cohen's book is her vivid documentation of hands on encounters with her adolescent patients seen both individually and in group Cohen makes plain that with young people so horrendously traumatized

treatment assures a necessarily improvisational character And yet she argues even in the type of pragmatic encounters dictated by massive and repeated trauma contemporary relational theory provides a compass with which to navigate through the rocky shoals of the clinical work Again and again the reader is shocked by just how much happened to these adolescents astonished at how resilient they proved to be and finally moved by how much Cohen was able to accomplish with them Her relational approaches to these treatments teamed with her realization that work with multiply traumatized adolescents cannot be structured in the manner of conventioanl therapy makes this book an invaluable timely and deeply sobering contribution to the literature Experiences in Researching Conflict and Violence Rivas, Althea-Maria, Browne, Brendan Ciarán, 2019-08-07 This international edited collection brings together personal accounts from researchers working in and on conflict and explores the roles of emotion violence uncertainty identity and positionality within the process of doing research as well as the complexity of methodological choices It highlights the researchers own subjectivity and presents a nuanced view of conflict research that goes beyond the messiness inherent in the process of research in and on violence It addresses the uncomfortable spaces of conflict research the potential for violence of research itself and the need for deeper reflection on these issues This powerful book opens up spaces for new conversations about the realities of conflict research These critical self reflections and honest accounts provide important insights for any scholar or practitioner working in similar Transactional Analysis Helena Hargaden, Charlotte Sills, 2014-04-23 Transactional analysis is growing in environments popularity as an approach to psychotherapy and this book provides an in depth comprehensive model of theory and practice Transactional Analysis A Relational Perspective presents a relational model of psychotherapy which reflects the theoretical and methodological changes that have been evolving over recent years In this book Helena Hargaden and Charlotte Sills tell the story of their model through case history theory and diagram illustrating how the unconscious process comes to life in the consulting room Their relational theory and applied methodology of transactional analysis makes it possible to chart realms of uncertainty and the unknown deconfusion of the Child ego state with theoretical assistance Transactional Analysis A Relational Perspective covers the approach the dynamics of the relationship therapeutic transactions wider implications It looks at the whole therapeutic relationship from the establishment of the working alliance to the terminating of therapy and beyond It will be of great interest to postgraduates and professionals in the field of psychotherapy **Love and Hate** David Mann, 2013-11-12 Love and hate seem to be the dominant emotions that make the world go round and are a central theme in psychotherapy Love and Hate seeks to answer some important questions about these all consuming passions Many patients seeking psychotherapy feel unlovable or full of rage and hate What is it that interferes with the capacity to experience love This book explores the origins of love and hate from infancy and how they develop through the life cycle It brings together contemporary views about clinical practice on how psychotherapists and analysts work with and think about love and hate in the transference and countertransference and explores how different schools of thought deal with the subject David Mann

together with an impressive array of international contributors represent a broad spectrum of psychoanalytic perspectives including Kleinian Jungian Independent Group and Lacanian psychotherapists psychoanalysts and analytical psychologists With emphasis on clinical illustration throughout the writers show how different psychoanalytic schools think about and clinically work with the experience and passions of love and hate It will be invaluable to practitioners and students of psychotherapy psychoanalysis analytical psychology and counselling **Abuse of the Doctor-Patient Relationship** Fiona Subotsky, Susan Bewley, Michael Crowe, 2010-11 The doctor patient relationship is fraught with risk Patients may be at risk from a doctor who misuses their position of authority or is unclear where the appropriate boundaries lie Doctors risk disciplinary or criminal proceedings when this happens This book aims to address these risks to assist clinicians in their daily relationships with patients and to improve patient safety. The authors examine the ethical principles and how these may be taught prevalence of abuse regulation and sanctions management and governance remediation and the roles of the different organisations that may be involved such as the General Medical Council and medical protection societies This is a practical guide to help clinicians avoid boundary violations and improve patient safety Love's Return Gail M. Boldt, Paula M. Salvio, 2012-11-12 The idea that teachers love children is often taken for granted in education Rarely is the idea of love itself examined Bringing together the work of educators curriculum theorists and clinical psychoanalysts and drawing upon autobiographical and narrative case studies this groundbreaking collection examines the collision of love and learning including the ways in which such intersections are provoked repressed and denied Contributors turn to psychoanalysis to explore questions of love in all of its varying permutations ambivalence sexuality hatred desire projection and loss in order to demonstrate how the social ramifications of such work is critical to the ways teachers are currently being prepared for life in the classroom Relational Transactional Analysis Heather Fowlie, Charlotte Sills, 2018-06-14 Through different voices and styles of contributions including papers edited talks and panel discussion this collection explores and applies the principles of relational transactional analysis It sets them in social cultural and political contexts and considers a number of important implications of this particular relational turn in psychotherapy The book advances relational transactional analyses and in doing so reflects the creativity and vibrancy of contemporary TA The editors have skilfully brought together different generations of TA practitioners in an accessible and stimulating volume I commend the editors and highly recommend the book Dr Keith Tudor author of a number of books and co author of the article Co creative transactional analysis in the Transactional Analysis Journal He is Associate Professor Auckland University of Technology Auckland Aotearoa New Zealand The Politics Of Psychotherapy: New Perspectives Totton, Nick, 2006-03-01 This unique collection by leading authors

The Politics Of Psychotherapy: New Perspectives Totton, Nick,2006-03-01 This unique collection by leading authors explores the links between therapy and the political world and their contribution to each other Topics covered include Psychotherapy in the political sphere including the roots of conflict social trauma and ecopsychology Political dimensions of psychotherapy practice such as discrimination power sexuality and postcolonial issues Psychotherapy the state and

institutions including the law and ethics and psychotherapy in healthcare Working at the interface examples of therapy in political action from Croatia the USA the UK and Israel Palestine How to place political issues in therapy is highly controversial for example whether political themes should be interpreted psychologically in the consulting room or respected as valid in their own right similar issues arise for the role of therapeutic insights in political reality This book provides a map through these complex and demanding areas for therapists and counsellors in training as well as for experienced practitioners or other interested readers Contributors Lane Arye Arlene Audergon Emanuel Berman Sandra Bloom Jocelyn Chaplin Petruska Clarkson Chess Denman Dawn Freshwater Kate Gentile John Lees Renos Papadopoulos Hilary Prentice Mary Jayne Rust Judy Ryde Andrew Samuels Nick Totton Integrative Therapy Maria Gilbert, Vanja Orlans, 2010-11-18 Integrative Therapy is a unifying approach that brings together physiological affective cognitive contextual and behavioural systems creating a multi dimensional relational framework that can be created anew for each individual case Integrative Therapy 100 Key Points and Techniques provides a concise and accessible guide that allows professionals and students to look beyond specific approaches in order to draw upon ideas and techniques that will best help the client Divided into helpful sections areas of discussion include the case for an integrative approach to therapy the centrality of relationship and dimensions of self development the process of integrative therapy techniques and strategies This book will be essential reading for all psychotherapists and counsellors both in practice and training who want to expand their perspectives and Love and Death in Psychotherapy Robert Langs, 2006-06-23 Feelings of love learn more about an integrative approach between patients and their therapists have been an endless source of confusion for those involved An essential reading for all counselling and psychotherapy students and practitioners this text offers fresh perspectives and advice on how best to deal with expressions of love and sexual desires in the course of therapy Spiritually Sensitive Psychoanalysis Gideon Lev, 2023-03-29 This book provides an accessible introduction to spiritually sensitive psychoanalysis an analytic tradition characterized by sensitivity to the spiritual and religious dimensions of human life and oriented towards spiritual growth Psychoanalysis has historically evinced severe suspicion to all ideas and ideals of religion and spirit However in recent years a new analytic approach is emerging which recognizes faith and spirituality as crucial parts of full satisfying psychic life This book explores the unique ways in which this approach refers to and understands core analytic issues such as transference interpretation psychopathology and psychic development It goes on to expound the approach s understanding of the analytic relationship and the way it influences the spiritual person It also discusses the tensions arising between this emerging school of thought and the existing body of psychoanalytic knowledge Psychoanalysis is a practice that deals with the most profound questions of life and creates shifts in the way reality is perceived Discussing freely and deeply its spiritual aspects and aspirations will enlighten analysts new to the emerging spiritually sensitive tradition as well as those who are more familiar with it and who are looking for a comprehensive description of this fresh approach to analysis The Impossibility of

Knowing Jackie Gerrard, 2018-05-08 This is a book that assembles and integrates the author's clinical work and thinking over the many years of her working life Part 1 focuses on patients with specific types of psychopathology and explores particular difficulties in technique and thinking Part 2 addresses the issues of love hate and the erotic In Part 3 specific challenges to the psychotherapeutic frame are demonstrated in chapters on enactments and on work with an absent patient Richly illustrated throughout with clinical vignettes above all the author stresses the importance of the enquiring mind and the struggle not to know but to be ever ready to not know and to explore The book should be of interest to qualified practitioners to those who are training in psychodynamic or psychoanalytic work and to anyone who has an interest in psychoanalysis and the impossibility of knowing Values And Ethics In The Practice of Psychotherapy And Counselling Fiona Palmer Barnes, Lesley Murdin, 2001 The work of every school of psychotherapy and every therapist is inevitably structured by a value system and requires codes of ethics and practice This book addresses the conscious and unconscious aspects of the value system in which therapists are situated Values and Ethics in the Practice of Psychotherapy and Counselling explores the central issues through the experience of the contributors each of whom is well known in this field Each chapter will raise questions for the reader which will stimulate individual thinking about practice or can form a basis for discussion and debate for training or graduate groups The book is firmly rooted in practice Each chapter deals with a different aspect of the psychotherapist s work beginning with the general underlying principles continuing through matters of technique and on to contextual issues Finally the book moves to the outer world politics and spirituality as ways of connecting inner and outer social and individual The arrangement of chapters allows for flexibility and creativity while providing a coherent structure Values and Ethics in the Practice of Psychotherapy and Counselling is recommended reading for psychotherapists psychoanalysts and counsellors in training and practice
