sets out to find a new legitimacy at various levels of society She weaves together cultural references from literature songs and theater news stories and private correspondence police reports and government documents to give a rounded picture of the evolving scene The first volume argues that homosexuality a high culture sort enjoyed a golden age consequent upon the Great War s liberalization of morals In volume 2 reaction and repression march through the 1930s A lively read Highly recommended CHOICE Magazine Florence Tamagne holds a PhD from the prestigious Institute of Political Studies in Paris France This is her second book tracing the evolution of homosexuality in Europe **Die neue Erziehung** ,1921
