Errand To The World American Protestant Thought And Foreign Missions:

Errand to the World William R. Hutchison, 1987 In this comprehensive history of American foreign mission thought from the colonial period to the current era William R Hutchinson analyzes the varied and changing expressions of an American sense of mission that was more than religious in its implications His account illuminates the dilemmas intrinsic to any venture in which one culture attempts to apply its ideals and technology to the supposed benefit of another *The Cambridge Companion to American Protestantism* Jason E. Vickers, Jennifer Woodruff Tait, 2022-05-26 A comprehensive guide from both chronological and a topical perspective to a broad diverse deeply rooted and influential religious tradition [The Cambridge History of Christianity: Volume 8, World Christianities C.1815-c.1914](#) Sheridan Gilley, Brian Stanley, 2006 This is the first scholarly treatment of nineteenth century Christianity to discuss the subject in a global context Part I analyses the responses of Catholic and Protestant Christianity to the intellectual and social challenges presented by European modernity It gives attention to the explosion of new voluntary forms of Christianity and the expanding role of women in religious life Part II surveys the diverse and complex relationships between the churches and nationalism resulting in fundamental changes to the connections between church and state Part III examines the varied fortunes of Christianity as it expanded its historic bases in Asia and Africa established itself for the first time in Australasia and responded to the challenges and opportunities of the European colonial era Each chapter has a full bibliography providing guidance on further reading

[White Americans in Black Africa](#) Eunjin Park, 2021-11-18 First Published in 2002 This compelling book brings to light a disillusioned experiment of biracial missionary labours that were expected to carry the beliefs and cultural values of nineteenth century white Americans to the black continent of Africa [We Gather Together](#) Neil J. Young, 2015-10-01 The story of the birth of the Religious Right is a familiar one In the 1970s mainly in response to Roe v Wade evangelicals and conservative Catholics put aside their longstanding historical prejudices and theological differences and joined forces to form a potent political movement that swept across the country In this provocative book Neil J Young argues that almost none of this is true Young offers an alternative history of the Religious Right that upends these widely believed myths Theology not politics defined the Religious Right The rise of secularism pluralism and cultural relativism Young argues transformed the relations of America s religious denominations The interfaith collaborations among liberal Protestants Catholics and Jews were met by a conservative Christian counter force which came together in a loosely bound politically minded coalition known as the Religious Right This right wing religious movement was made up of Mormons conservative Catholics and evangelicals all of whom were united paradoxically by their contempt for the ecumenical approach they saw the liberal denominations taking Led by the likes of Jerry Falwell they deemed themselves the pro family movement and entered full throated into political debates about abortion school prayer the Equal Rights Amendment gay rights and tax exemptions for religious schools They would go on to form a critical new base for the Republican Party Examining the religious history of

interfaith dialogue among conservative evangelicals Catholics and Mormons Young argues that the formation of the Religious Right was not some brilliant political strategy hatched on the eve of a history altering election but rather the latest iteration of a religious debate that had gone on for decades This path breaking book will reshape our understanding of the most important religious and political movement of the last 30 years *Christianity and International Law* Pamela Slotte, John D. Haskell, 2021-05-20 This cross disciplinary collaboration offers historical and contemporary scholarship exploring the interface of Christianity and international law Christianity and International Law aims to understand and move past arguments narratives and tropes that commonly frame law religion studies in global governance Readers are introduced to a range of confessional and critical perspectives explicitly engaging a diverse range of methodological and theoretical orientations to rethink how we experience and find ourselves caught within the phenomena of Christianity and international law

The Early Republic and Antebellum America: An Encyclopedia of Social, Political, Cultural, and Economic History Christopher G. Bates, 2015-04-08 First Published in 2015 This text holds four volumes of essays and entries on the early Republic and Antebellum era in America spanning the end of the American Revolution in 1781 to the outbreak of Civil War in 1861 The Americans forged a new government in theory and then in practice with the beginnings of industrialisation and the effects of urbanisation widespread poverty labour strife debates around slavery and sectional discord By the end of the nineteenth century American had a powerhouse economy new technologies and the emergence of major social reform movements creation of uniquely American art and literature and the conquest of the West This encyclopaedia offers a historic reference

Moralists and Modernizers Steven Mintz, 1995-08 Moralists and Modernizers tells the fascinating story of America s first age of reform combining incisive portraits of leading reformers and movements with perceptive analyses of religion politics and society *For the Gospel's Sake* Boone Aldridge, 2018-04-12 Informed take on the amazing growth of a very unusual missionary organization The two sided mission organization comprising Wycliffe Bible Translators and the Summer Institute of Linguistics is a paradox that begs for an explanation The Summer Institute has long been doing laudable linguistic humanitarian work in many countries while Wycliffe has been one of the largest fastest growing and most controversial Christian missionary enterprises in the world In this wide ranging study Boone Aldridge a religious historian and twenty year insider at WBT SIL looks back at the organization s early years from its inception in the 1930s to the death of its visionary founder William Cameron Townsend in 1982 He situates the iconic institution within the evolving landscape of mid twentieth century evangelicalism examines its complex and occasionally confusing policies and investigates the factors that led despite persistent criticism from many sides to its remarkable rise to prominence *Boundless Faith* Robert Wuthnow, 2010-10-12 Robert Wuthnow shows that American Christianity is increasingly influenced by globalization and is in turn playing a larger role in other countries and in US policies and programmes abroad Lottie Moon Regina D. Sullivan, 2011-06-03 Legendary Southern Baptist missionary Charlotte Lottie Moon played a pivotal role in revolutionizing

southern civil society Her involvement in the establishment of the Women s Missionary Union provided white Baptist women with an alternate means of gaining and asserting power within the denomination s organizational structure and changed it forever In Lottie Moon A Southern Baptist Missionary to China in History and Legend Regina Sullivan provides the first comprehensive portrait of Lottie who not only empowered women but also inspired the formation of one of the most influential religious organizations in the United States Despite being the daughter of slaveholders in antebellum Virginia Moon never lived the life of a typical southern belle Highly educated and influenced by models of independent womanhood including an older sister who was a woman s rights advocate an open opponent of slavery and the first Virginian female to earn a medical degree Moon followed her sister s lead and utilized her extensive education to successfully combine the language of woman s rights with the egalitarian impulse of evangelical Protestantism In 1873 Moon found her true calling however in missionary work in China During her tenure there she recommended that the week before Christmas be designated as a time of giving to foreign missions In response to her vision thousands of Southern Baptist women organized local missionary societies to collect funds and in 1888 the Woman s Missionary Union was founded as the Southern Baptist Convention s female auxiliary for missionary work Sullivan credits Moon s role in the establishment of the Woman s Missionary Union as having a significant impact on the erosion of patriarchal power and women s new engagement with the public sphere Since her initial plea in 1888 the Missionary Union s annual Lottie Moon Christmas Offering has raised over a billion dollars to support missionary work Lottie Moon captures the influence and culminating effect of one woman s personal spiritual and civic calling

Civilizing the World Sarah Miglio,2023-08-17 Civilizing the World explores the vibrancy and impact of forgotten social reformers who defied categorization within the Social Gospel or secular progressive movements These social reformers or Practical Christians functioned as a network of activists whose dedication to spiritual conversions and cultural transformation arose from a shared commitment to nonsectarian Christian cooperation and practicing Christian citizenship Bringing together a diverse coalition of liberal Protestants revivalists evangelicals and secular reformers Practical Christians rejected theological divisions in favor of broad alliances committed to improving society at home and abroad A complete understanding of the intimate relationship between local and global activism provides new insight into Practical Christians social networks political goals religious identities and international outlook This broad reform alliance considered their domestic and global reforms as seamless tasks in modernizing the world Just as Chicago Practical Christians labored to civilize their immigrant neighbors and encourage their adoption of their own Christian and American habits like minded Americans worked to Christianize and modernize Armenians and the Middle East The Practical Christian coalition faltered post World War I as evangelicals and revivalists continued to prioritize spiritual conversions while liberal Protestant and secularizing activists placed more emphasis on the process of Americanizing immigrants and the world

Gender and the Social Gospel Wendy J. Deichmann Edwards,Carolyn De Swarte Gifford,2003 This collection of essays examines the central

yet often overlooked role played by women in the formation of the social gospel movement in the late nineteenth and early twentieth centuries A practical theological response to the stark realities of poverty and injustice prevalent in turn of the century America the social gospel movement sought to apply the teachings of Jesus and the message of Christian salvation to society by striving to improve the lives of the impoverished and the disenfranchised The contributors to this volume set out to broaden our understanding of this radical movement by examining the lives of some of its passionate and vibrant female participants and the ways in which their involvement expanded and enriched the scope of its activity In addition to examining the lives of individual women the essays in *Gender and the Social Gospel* contain broader analyses of the gender and racial issues that have caused the histories of movements such as the social gospel to be viewed almost exclusively in terms of their male European American intellectual participants at the expense of the women African Americans and Canadians whose contributions were just as worthy of attention

The Right of the Protestant Left M. Edwards, 2012-06-18 While serving as an introduction to ecumenical liberal Protestantism and the social gospel over the course of the twentieth century this book also highlights certain totalitarian as well as more fundamental conservative tendencies within those movements

Constructing Mission History Stanley H. Skreslet, 2023 Challenging other narratives of mission history Skreslet offers a new speech act theory approach to the modern roots of World Christianity that differentiates between what a missionary might intend to communicate and the effects of what has been said or actions taken both in the moment and over time

A History of Religion in America Bryan Le Beau, 2017-09-18 *A History of Religion in America* From the End of the Civil War to the Twenty First Century provides comprehensive coverage of the history of religion in America from the end of the American Civil War to religion in post 9 11 America The volume explores major religious groups in the United States and examines the following topics The aftermath of the American Civil War Immigration s impact on American religion The rise of the social gospel The fundamentalist response Religion in Cold War America The 60 s counterculture and the backlash Religion in Post 9 11 America Chronologically arranged and integrating various religious developments into a coherent historical narrative this book also contains useful chapter summaries and review questions Designed for undergraduate religious studies and history students *A History of Religion in America* provides a substantive and comprehensive introduction to the complexity of religion in American history

Uncovering the Pearl Amos Yong, Mark A. Lamport, Timothy T. N. Lim, 2023-09-19 Asia is by far the largest continent in the world The global expansion of the church which emanated from the Middle East as explored in the first book in the series moved along various routes to take root in Asia proper Christianity in Asia is extraordinarily diverse with very ancient forms of the faith dating to the time of the apostles The western church will be enlightened by the dynamic multi pronged Asian story of Christianity Asian Christianity is also distinct due to the numerous non traditional house or cell movements found throughout the region The diversity of Christianity in Asia makes Christians in this region critical for the future of global Christianity

God's Ambassadors E. Brooks Holifield, 2007-09-25 In *God's Ambassadors* E

Brooks Holifield masterfully traces the history of America's Christian clergy from the seventeenth to the twenty first century analyzing the changes in practice and authority that have transformed the clerical profession Challenging one sided depictions of decline in clerical authority Holifield locates the complex story of the clergy within the context not only of changing theologies but also of transitions in American culture and society The result is a thorough social history of the profession that also takes seriously the theological presuppositions that have informed clerical activity With alternating chapters on Protestant and Catholic clergy the book permits sustained comparisons between the two dominant Christian traditions in American history At the same time *God's Ambassadors* depicts a vocation that has remained deeply ambivalent regarding the professional status marking the other traditional learned callings in the American workplace Changing expectations about clerical education as well as enduring theological questions have engendered a debate about the professional ideal that has distinguished the clerical vocation from such fields as law and medicine The American clergy from the past four centuries constitute a colorful diverse cast of characters who have in ways both obvious and obscure helped to shape the tone of American culture For a well rounded narrative of their story told by a master historian *God's Ambassadors* is the book to read

Night on Earth Davide Rodogno, 2021-12-09 *Night on Earth* is a broad ranging account of international humanitarian programs in Central and Eastern Europe the Balkans and the Near East from 1918 to 1930 Davide Rodogno shows that international relief and development were intertwined long before the birth of the United Nations with humanitarians operating in a region devastated by war and famine and in which state sovereignty was deficient Influenced by colonial motivations and ideologies these humanitarians attempted to reshape entire communities and nations through reconstruction and rehabilitation programmes The book draws on the activities of a wide range of secular and religious organisations and philanthropic foundations in the US and Europe including the American Relief Administration the American Red Cross the Quakers Save the Children the Near East Relief the American Women's Hospitals the League of Nations and the International Committee of the Red Cross
