Escape from the Bloodied Sun, Etc. [An Account of the Author's Escape from Hong Kong During the War. With Plates, Including Portraits, and Maps.]. Reginald Edwin Guest,1956 Escape from the Bloodied Sun Reginald Edwin GUEST,1958 **Captivity, Flight, and Survival in World War II** Alan Levine,2000-08-30 A collection of prisoner of war and concentration camp survivor stories from some of the toughest World War II camps in Europe and the Pacific this book details the daring escapes and highlights the fundamental aspects of human nature that made such heroic efforts possible Levine takes a comprehensive approach including evasion efforts by those fleeing before the enemy who never reached formal prisoner of war camps as well as escapes from ghettos and labor camps Levine pays particular attention to dramatic escapes by small boat Many are not widely known although some were made over vast distances or in fantastically difficult conditions from enemy occupied areas Accounts include attempts at freedom from both German and Japanese prisoner of war camps stories that reveal much about the conditions prisoners endured Some of these escapes are far more amazing than the famed Great Escape from Stalag Luft III German and Austrian prisoners also recount their amazing flights from India to Tibet and Burma This study challenges some ideas about behavior in extreme situations and casts interesting light on human nature The Battle For Hong Kong 1941-1945 Oliver Lindsay,2016-09-14 In this remarkable study of the Far Eastern War Oliver Lindsay and John R Harris have provided the most thorough and searching enquiry into the debacle which led to over 12 000 British Canadian Indian and Chinese defenders surrendering Hong Kong on Christmas Day 1941 The authors have made use of a mass of unpublished material part of it drawn from the original war diaries which have never before been in the public domain Although it is over 60 years since Hong Kong was liberated from the Japanese numerous important questions regarding the war in the East and occupation of the Colony from 1941 to 1945 have not been explored until now To what extent for example were Churchill and the successive Chiefs of the Imperial General Staff responsible for abandoning this outpost which could not be reinforced when attacked or defended adequately Is it true that fine leadership prolonged the fighting inflicting serious casualties on the highly experienced Japanese when they struck in 1941 How useful was Britain's spying organization in China which led to catastrophic repercussions for the POWs and Internees What form did the Japanese atrocities take upon the helpless captives This detailed and authoritative account of the campaign will provide a particularly compelling read for those interested in the Second World War or the history of the Far East An Imperial World at War Ashley Jackson,Yasmin Khan,Gajendra Singh,2016-07-01 At the start of the Second World War Britain was at the height of its imperial power and it is no surprise that it drew upon the global resources of the Empire once war had been declared Whilst this international aspect of Britain's war effort has been well studied in relation to the military contribution of individual dominions and colonies relatively little has been written about the Empire as a whole As such An Imperial World

at War makes an important contribution to the historiography relating to the British Empire and its wartime experience It argues that the war needs to be viewed in imperial terms that the role of forces drawn from the Empire is poorly understood and that the war's impact on colonial societies is barely grasped at all in conventional accounts Through a series of case studies the volume demonstrates the fundamental role played by the Empire in Britain's war effort and highlights some of the consequences for both Britain and its imperial territories Themes include the recruitment and utilization of military formations drawn from imperial territories the experience of British forces stationed overseas the use of strategic bases located in the colonies British policy in the Middle East and the challenge posed by growing American power the occupation of enemy colonies and the enemy occupation of British colonies colonial civil defence measures financial support for the war effort supplied by the Empire and the commemoration of the war The Afterword anticipates a new decentred history of the war that properly acknowledges the role and importance of people and places throughout the colonial and semi colonial world This volume emanates from a conference organized as part of the Home Fronts of the Empire Commonwealth project The project was generously funded by the Arts and Humanities Research Council and led by Yasmin Khan and Ashley Jackson with Gajendra Singh as Postdoctoral Research Assistant

1941 Richard Collier, 2023-12-06 One of the greatest and most terrible years in world history This war has now assumed the character wrote Benito Mussolini before 1941 was six months old of a war between two worlds and the Italian dictator had rarely predicted more truly Before the year had ended following Hitler's surprise assault on Russia and the Japanese attack on Pearl Harbor thirty seven nations were engaged in an all out war reminiscent of Armageddon the battle of that great day of God Almighty Richard Collier's latest narrative spans both this entire devastating year as well as the events that led up to it From the hunting of the Bismarck through the North Atlantic to the triumphs of Rommel's Afrika Korps from the horror and heroism of besieged Leningrad to the debacles of Hong Kong Malaya and the Far East this is a panorama of truly world wide proportions An unputdownable narrative of the most extraordinary year in world history perfect for readers of Max Hastings James Holland and Antony Beevor

The Resilient City in World War II Simo Laakkonen, J. R. McNeill, Richard P. Tucker, Timo Vuorisalo, 2019-05-27 The fate of towns and cities stands at the center of the environmental history of World War II Broad swaths of cityscapes were destroyed by the bombing of targets such as transport hubs electrical grids and industrial districts and across Europe Asia and the Americas urban environments were transformed by the massive mobilization of human and natural resources to support the conflict But at the same time the war saw remarkable resilience among the human and non human residents of cities Foregrounding the concept of urban resilience this collection uncovers the creative survival strategies that city dwellers of all kinds turned to in the midst of environmental devastation As the first major study at the intersection of environmental urban and military history The

Resilient City in World War II lays the groundwork for an improved understanding of rapid change in urban environments and how societies may adapt

Race War! Gerald Horne, 2005-11-01 Japan's lightning march across Asia during World War II was swift and brutal. Nations after nations fell to Japanese soldiers. How were the Japanese able to justify their occupation of so many Asian nations? And how did they find supporters in countries they subdued and exploited? *Race War* delves into submerged and forgotten history to reveal how European racism and colonialism were deftly exploited by the Japanese to create allies among formerly colonized people of color. Through interviews and original archival research on five continents, Gerald Horne shows how race played a key and hitherto ignored role in each phase of the war. During the conflict, the Japanese turned white racism on its head, portraying the war as a defense against white domination in the Pacific. We learn about the reverse racial hierarchy practiced by the Japanese in internment camps in which whites were placed at the bottom of the totem pole under the supervision of Chinese, Korean, and Indian guards, an embarrassing example of racial payback that was downplayed by the defeated Japanese and the humiliated Europeans and Euro-Americans. Focusing on the microcosmic example of Hong Kong but ranging from colonial India to New Zealand and the shores of the U.S., Gerald Horne radically retells the story of the war. From racist U.S. propaganda to Black Nationalist open support of Imperial Japan, information about the effect of race on U.S. and British policy is revealed for the first time. This revisionist account of the war draws connections between General Tojo, Malaysian freedom fighters, and Elijah Muhammed of the Nation of Islam, and shows how white racism encouraged and enabled Japanese imperialism. In sum, Horne demonstrates that the retreat of white supremacy was not only driven by the impact of the Cold War and the energized militancy of Africans and African Americans but by the impact of the Pacific War as well. As a chastened U.S. and U.K. moved vigorously after this conflict to remove the conditions that made Japan's success possible.

Long Night's Journey into Day Charles G. Roland, 2010-10-30 Sick, starved, brutalized, and forced to labor, the existence of tens of thousands of Allied POWs in World War II. More than a quarter of these POWs died in captivity. *Long Night's Journey into Day* centers on the lives of Canadian, British, Indian, and Hong Kong POWs captured at Hong Kong in December 1941 and incarcerated in camps in Hong Kong and the Japanese Home Islands. Experiences of American POWs in the Philippines and British and Australian POWs in Singapore are interwoven throughout the book. Starvation and diseases such as diphtheria, beriberi, dysentery, and tuberculosis afflicted all these unfortunate men, affecting their lives not only in the camps during the war but after they returned home. Yet despite the dispiriting circumstances of their captivity, these men found ways to improve their existence, keeping up their morale with such events as musical concerts and entertainments created entirely within the various camps. Based largely on hundreds of interviews with former POWs as well as material culled from archives around the world, Professor Roland details the extremes the prisoners endured, from having to eat fattened maggots in order to live to choosing starvation by trading away their skimpy rations for

cigarettes No previous book has shown the essential relationship between almost universal ill health and POW life and death or provides such a complete and unbiased account of POW life in the Far East in the 1940s *Intimate Communities* Nicole Elizabeth Barnes, 2018-10-23 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more When China's War of Resistance against Japan began in July 1937 it sparked an immediate health crisis throughout China In the end China not only survived the war but emerged from the trauma with a more cohesive population *Intimate Communities* argues that women who worked as military and civilian nurses doctors and midwives during this turbulent period built the national community one relationship at a time In a country with a majority illiterate agricultural population that could not relate to urban elites conceptualization of nationalism these women used their work of healing to create emotional bonds with soldiers and civilians from across the country These bonds transcended the divides of social class region gender and language *Never Surrender* Mark Felton, 2013-06-30 While there have been many fine books covering the appalling experiences and great courage of the many thousands of POWs captured by the victorious Japanese during late 1941 and early 1942 escape accounts are much rarer This is due in large part to the fact that only a comparatively small number of brave souls attempted to escape to freedom rather than suffer brutality starvation and very possibly death as POWs However as *Never Surrender* vividly describes there were a significant number who took this desperate course Escapers faced challenges far more daunting than those in German hands They were Westerners in an alien hostile environment the terrain and climate were extreme disease was rife their physical condition was weak there was every chance of starvation and betrayal and if captured they faced at best the harshest punishment and at worst execution The author draws on escape attempts from Hong Kong Thailand the Philippines Borneo and China by officers and men of the British Commonwealth and US armed forces As this superbly researched and uplifting book reveals few escapers found freedom but all are inspiring examples of outstanding and indeed desperate courage The stories told within these pages demonstrate the best and worst of human spirit **Not the Slightest Chance** Tony Banham, 2003-02-01 More than 10% of Hong Kong's defenders were killed in battle a further 20% died in captivity Those who survived seldom spoke of their experiences Many died young The little primary material surviving written in POW camps or years after the events is contradictory and muddled Yet with just 14 000 defending the Colony it was possible to write from the individual's point of view rather than that of the Big Battalions so favoured by God according to Napoleon and most historians The book assembles a phase by phase day by day hour by hour and death by death account of the battle It considers the individual actions that made up the fighting as well as the strategies and plans and the many controversies that arose *Not the Slightest Chance* will be of interest to military historians Hong Kong residents and visitors and those in the UK Canada and elsewhere whose family members fought or were interned in Hong Kong during the war years **The Fall of Hong Kong** Philip Snow, 2003-01-01 The definitive account of the wartime history of Hong Kong On Christmas Day 1941 the
