

GENDER, EQUALITY AND WELFARE STATES

DIANE SAINSBURY

Gender Equality And Welfare States

Marco Cascella

Gender Equality And Welfare States:

Gender, Equality and Welfare States Diane Sainsbury, 1996-08-28 What differences do welfare state variations make for women How do women and men fare in different welfare states Diane Sainsbury answers these questions by analysing the situation in countries whose welfare state policies differ in significant ways the United States the United Kingdom Sweden and the Netherlands Building on feminist criticisms of mainstream research Professor Sainsbury reconceptualises the crucial dimensions of variation notably those relevant to gender She determines the extent to which legislation reflects and perpetuates the gendered division of labour in the family and society as well as what types of policy alter gender relations in social provision She thereby increases our understanding of how policy mechanisms especially the bases of entitlement exclude or incorporate women and offers constructive proposals for securing greater equality between women and men

Gender Equality in the Welfare State? Gillian Pascall, 2012-04-27 The relationship between gender and welfare states is of key importance in understanding welfare states and gender equality and inequality Western welfare states of the post war era were built on assumptions about gender difference they treated men as breadwinners and women as carers Now governments are committed in principle to gender equality But how far have they come from male breadwinner assumptions to gender equality assumptions How much do gender differences continue in UK social policy and social practice The book analyses the male breadwinner model in terms of power employment care time and income providing a framework for chapters which ask about policies and practices for gender equality in each of these This new approach to analysis of gender equality in social welfare contextualises national policies and debates within comparative theoretical analysis and data making the volume interesting to a wide audience

Gender and Welfare State Regimes Diane Sainsbury, 1999-10-28 *Gender and Welfare State Regimes* focuses on the interrelationships between aspects of the welfare state and labour market policies in structuring and transforming gender relations across a broad spectrum of countries The book examines the construction of gender in various government welfare policies and illustrates how the specific qualities of the welfare state reinforce or counteract gender inequalities The book argues that policy variation across the countries surveyed can be attributed to a variety of factors including differing strategies and demands of the women's movements the organisational strength of labour movements and industrial relations frameworks the constellation of parties supporting equality measure traditional values and state structures Series *Gender and Politics* edited by Professor Karen Beckwith at the Department of Political Science College of Wooster and Professor Joni Lovenduski Department of Politics University of Southampton

Gender Inequality and Welfare States in Europe Mary Daly, 2020-08-28 Gender equality has been one of the defining projects of European welfare states It has proven an elusive goal not just because of political opposition but also due to a lack of clarity in how to best frame equality and take account of family related considerations This wide ranging book assembles the most pertinent literature and evidence to provide a critical understanding of how contemporary state policies engage

with gender inequalities **Children, Families, and States** Cristina Allemann-Ghionda, Karen Hagemann, Konrad H. Jarausch, 2011-03-01 Due to the demand for flexible working hours and employees who are available around the clock the time patterns of childcare and schooling have increasingly become a political issue Comparing the development of different time policies of half day and all day provisions in a variety of Eastern and Western European countries since the end of World War II this innovative volume brings together internationally known experts from the fields of comparative education history and the social and political sciences and makes a significant contribution to this new interdisciplinary field of comparative study **Gender Equality** Janet C. Gornick, Marcia K. Meyers, 2020-05-05 In the labor market and workplace anti discrimination rules affirmative action policies and pay equity procedures exercise a direct effect on gender relations But what can be done to influence the ways that men and women allocate tasks and responsibilities at home In Gender Equality Volume VI in the Real Utopias series social scientists Janet C Gornick and Marcia K Meyers propose a set of policies paid family leave provisions working time regulations and early childhood education and care designed to foster more egalitarian family divisions of labor by strengthening men s ties at home and women s attachment to paid work Their policy proposal is followed by a series of commentaries both critical and supportive from a group of distinguished scholars and a concluding essay in which Gornick and Meyers respond to a debate that is a timely and valuable contribution to egalitarian politics

Migration to and from Welfare States Oleksandr Ryndyk, Brigitte Suter, Gunhild Odden, 2021-04-08 This open access book explores the role of family public market and third sector welfare provision for individual and households decisions regarding geographical mobility It challenges the state centred approach in research on welfare and migration by emphasising migrants own reflections and experiences It asks whether and in which ways different welfare concerns are part of migrants decisions regarding or aspirations for mobility Employing a transnational and a translocal perspective the book addresses different forms of geographical mobility such as immigration emigration and re migration circular and return migration By bringing in empirical findings from across a variety of Western and non Western contexts the book challenges the Eurocentric focus in current debates and contributes to a more nuanced and more integrated global account of the welfare migration nexus *The Politics of Post-Industrial Welfare States* Klaus Armingeon, Giuliano Bonoli, 2007-01-24 This new study assesses the welfare state to ask key questions and draw new conclusions about its place in modern society It shows how the welfare states that we have inherited from the early post war years had one main objective to protect the income of the male breadwinner Today however massive social change in particular the shift from industrial to post industrial societies and economies have resulted in new demands being put on welfare states These demands originate from situations that are typical of the new family and labour market structures that have become widespread in western countries since the 1970s and 1980s characterised by the clear prevalence of service employment and by the massive entry of women in the labour market Against this background this book presents a precise and clear definition of new social risks A concept

being increasingly used in welfare state literature focuses on the groups that are mostly exposed to new social risks women the young the low skilled in order to study their political behaviour assesses policymaking processes that can lead to successful adaptation It covers key areas such as child care care for elderly people adapting pensions to atypical career patterns active labour market policies and policy making at the EU level This book will be of great interest for all students and scholars of politics sociology and the welfare state in particular *Handbook on the Changing Geographies of the State* Sami Moisio, Natalie Koch, Andrew E.G. Jonas, Christopher Lizotte, 2020-10-30 This authoritative Handbook presents a comprehensive analysis of the spatial transformation of the state a pivotal process of globalization It explores the state as an ongoing project that is always changing illuminating the new spaces of geopolitics that arise from these political social cultural and environmental negotiations

Gendering the Nation-State Yasmeen Abu-Laban, 2009-01-01 Gendering the Nation State explores the gendered dimensions of a fundamental organizational unit in social and political science the nation state Yasmeen Abu Laban has drawn together work by both high profile and emerging scholars to rescue gender from the margins of theoretical discussions on the nation the state public policy and citizenship Contributors bring the insights of feminist analysis to bear on three relationships central to popular and policy discussions in contemporary Canada and beyond gender and nation gender and state processes and gender and citizenship Gendering the Nation State employs a comparative framework and builds on three decades of multidisciplinary work Nuanced and wide ranging the collection crosses and challenges physical theoretical and disciplinary borders

Handbook on Gender and Public Sector Employment Hazel Conley, Paula Koskinen Sandberg, 2023-05-09 This incisive Handbook offers a timely and critical analysis of the gendered nature of public sector employment Bringing together key theoretical conceptual and empirical research from around the world Hazel Conley and Paula Koskinen Sandberg examine the ways in which female public sector workers experience intersectional discrimination in the workplace

The Motherless State Eileen McDonagh, 2009-08-01 American women attain more professional success than most of their counterparts around the world but they lag surprisingly far behind in the national political arena Women held only 15 percent of U S congressional seats in 2006 a proportion that ranks America behind eighty two other countries in terms of females elected to legislative office A compelling exploration of this deficiency The Motherless State reveals why the United States differs from comparable democracies that routinely elect far more women to their national governing bodies and chief executive positions Explaining that equal rights alone do not ensure equal access to political office Eileen McDonagh shows that electoral gender parity also requires public policies that represent maternal traits Most other democracies she demonstrates view women as more suited to govern because their governments have taken on maternal roles through social welfare provisions gender quotas or the continuance of symbolic hereditary monarchies The United States has not adopted such policies and until it does McDonagh insightfully warns American women run for office with a troubling disadvantage

The Oxford Handbook of Transformations of the State Stephan

Leibfried, Evelyne Huber, Matthew Lange, Jonah D. Levy, Frank Nullmeier, John D. Stephens, 2015-06-11 This Handbook offers a comprehensive treatment of transformations of the state from its origins in different parts of the world and different time periods to its transformations since World War II in the advanced industrial countries the post Communist world and the Global South Leading experts in their fields from Europe and North America discuss conceptualizations and theories of the state and the transformations of the state in its engagement with a changing international environment as well as with changing domestic economic social and political challenges The Handbook covers different types of states in the Global South from failed to predatory rentier and developmental in different kinds of advanced industrial political economies corporatist statist liberal import substitution industrialization and in various post Communist countries Russia China successor states to the USSR and Eastern Europe It also addresses crucial challenges in different areas of state intervention from security to financial regulation migration welfare states democratization and quality of democracy ethno nationalism and human development The volume makes a compelling case that far from losing its relevance in the face of globalization the state remains a key actor in all areas of social and economic life changing its areas of intervention its modes of operation and its structures in adaption to new international and domestic challenges *Gender and Well-Being* Paloma de

Villota, John Eriksen, 2016-04-15 Provisioning for basic human needs is done in three main kind of institutions the familial household the commercial enterprise selling goods and services the institutions of the Welfare State that provide education medical care and other goods and personal services to all or to some specific groups of citizens in need The purpose of this book is to study the interplay of these institutions and their impact on well being and to analyze key policies and measures that have been implemented in European countries Institutions determine labour demand men and women are hired by the institutions of the Welfare State or by market providers of care the possibilities of consumption wages earned can be used to buy goods and services only if such goods and services are provided by the market and allocate people s time in particular women s time between paid work and unpaid domestic production and provision of care shaping both the gender relations and time use of people of both sexes The proper balance of these institutions is a prerequisite of well being both of the care givers and of the care receivers and also for satisfactory gender relations The chapters in this book focus on the following sub topics gender and welfare regimes gender well being and the provision of care in the family and the household and gender and well being in the labour market They emphasise the interdependence of social and labour market policies in the context of fundamental changes in both working patterns the increase in female labour force participation rates and social needs including population ageing and demonstrate that we need a more integrated approach to welfare policy which takes account not only of basic welfare entitlements but also the need for supportive forms of service provision and employment regulation **The Financial and Economic Crises and Their Impact on Health and Social Well-Being** Vicente

Navarro, Carles Muntaner, 2016-12-05 This volume provides a timely collection of the most germane studies and

commentaries on the complex links between recent changes in national economies welfare regimes social inequalities and population health Drs Vicente Navarro and Carles Muntaner have selected 24 representative articles organized around six themes from the widely read pages of the International Journal of Health Services 2006 2013 articles that not only challenge conventional approaches to population health but offer new insights and robust results that critically advance public health scholarship Part I applies a social conflict perspective to better understand how political forces processes and institutions precede and give rise to social inequalities economic instability and population health The need to politicize dominant neoliberal ideologies is emphasized given its explanatory power to elucidate unequal power relations The next four parts focus on the health impacts of growing inequalities and economic decline on government services and transfers Part II labor markets and employment conditions Part III welfare states and regimes Part IV and social class relations Part V Part VI advocates for a more politically engaged approach to population health and presents alternative solutions to achieving egalitarian outcomes which in turn improve health and reduce health inequalities Taken together the works in this volume reflect IJHS s collective commitment to publishing high impact studies inspiring fruitful debates and advancing the discipline in new and essential ways Emerging and established researchers as well as students and professionals committed to health equity matters will benefit from this book s astute contributions

Women, Gender, and Politics Mona Lena Krook, Sarah Childs, 2010-03-01 Women Gender and Politics brings together both classic and recent readings on central topics in the study of gender and politics and places an emphasis on comparing developed and developing countries Genuinely international in its focus the book is divided into six sections to reflect the range of research in the subfield 1 women and social movements 2 women and political parties 3 women gender and elections 4 women gender and political representation 5 women gender and social policies and 6 women gender and the state Each section serves as an introduction to general trends in thinking about women and politics and the readings capture the ways that research has developed both thematically and chronologically in all of the six broad areas The volume s innovative design global approach and comprehensive coverage make it an ideal teaching book and a valuable resource for students and scholars throughout the world

Working Women and State Policies in Taiwan Fen-ling Chen, 2000-09-29 This book concentrates on exploring the changing relationship between the state and working women in Taiwan by incorporating social economic political and ideological factors into the historical analysis It traces the history of state policies on women s employment the impact of family and gender ideology on women s employment women s roles in capitalist development and the influence of women s movements on policy making in Taiwan Finally it analyses the Taiwanese welfare regime in a gender critical way

A Handbook of Comparative Social Policy, Second Edition Patricia Kennett, 2013-01-01 This extensively revised edition of A Handbook of Comparative Social Policy provides up to date and valuable insights on key concepts and issues such as globalization crime diversity housing child poverty gender inequality and social policy regimes To write about these topics editor Patricia Kennett has gathered an

excellent team of researchers who deal with both the developing and the advanced industrial world Students of comparative social policy would benefit from engaging with this illuminating Handbook Daniel B land JohnsonShoyama Graduate School of Public Policy Canada The current context of social policy is one in which many of the old certainties of the past have been eroded The predominantly inward looking domestic preoccupation of social policy has made way for a more integrated international and outward approach to analysis which looks beyond the boundaries of the state It is in this context that this Handbook brings together the work of key commentators in the field of comparative analysis in order to provide comprehensive coverage of contemporary debates and issues in cross national social policy research Organized around five themes this thoroughly revised and updated second edition explores the contextual conceptual analytical and processual aspects of undertaking comparative social research The contributions highlight specific areas of comparative social policy including child poverty and well being patterns of housing provision and housing inequalities and social protection in East Asia as well as crime and criminology in a global context The authors of the Handbook explore continuing and emerging themes as well as issues which are of particular relevance to understanding the contemporary social world International in scope this authoritative Handbook presents original cutting edge research from leading specialists and will become an indispensable source of reference for anyone interested in comparative and international social research It will also prove a valuable study aid for undergraduate and postgraduate students from a range of disciplines including social policy sociology politics urban studies and public policy

Handbook of the Sociology of Gender Barbara J. Risman, Carissa M. Froyum, William J. Scarborough, 2018-06-05 This handbook provides a comprehensive view of the field of the sociology of gender It presents the most important theories about gender and methods used to study gender as well as extensive coverage of the latest research on gender in the most important areas of social life including gendered bodies sexuality carework paid labor social movements incarceration migration gendered violence and others Building from previous publications this handbook includes a vast array of chapters from leading researchers in the sociological study of gender It synthesizes the diverse field of gender scholarship into a cohesive theoretical framework gender structure theory in order to position the specific contributions of each author chapter as part of a complex and multidimensional gender structure Through this organization of the handbook readers do not only gain tremendous insight from each chapter but they also attain a broader understanding of the way multiple gendered processes are interrelated and mutually constitutive While the specific focus of the handbook is on gender the chapters included in the volume also give significant attention to the interrelation of race class and other systems of stratification as they intersect and implicate gendered processes

Feminists Theorize the State J. Kantola, 2006-07-11 Where is feminist state theory today This book offers novel insights into social science debates by analyzing feminist theories of the state The themes are developed within a comparative perspective Focusing on devolution in Scotland and the European Union the book further explores how feminist state

theories conceive multi level governance

Gender Equality And Welfare States Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Gender Equality And Welfare States free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Gender Equality And Welfare States free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Gender Equality And Welfare States free PDF files is

convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Gender Equality And Welfare States. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Gender Equality And Welfare States any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Gender Equality And Welfare States Books

1. Where can I buy Gender Equality And Welfare States books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Gender Equality And Welfare States book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
