Wiesner, 2016      The Occult World Christopher Partridge, 2014-12-05 This volume presents students and scholars with a comprehensive overview of the fascinating world of the occult. Written by a distinguished team of contributors, the essays consider key figures, beliefs and practices as well as popular culture.

**Reimagining Delilah's Afterlives as Femme Fatale** Caroline Blyth, 2017-10-05 The story of Samson and Delilah in Judges 16 has been studied and retold over the centuries by biblical interpreters, artists, musicians, filmmakers and writers. Within these scholarly and cultural retellings, Delilah is frequently fashioned as the quintessential femme fatale, the shamelessly seductive fatal woman whose sexual treachery ultimately leads to Samson's downfall. Yet these ubiquitous portrayals of Delilah as femme fatale tend to eclipse the many other viable readings of her character that lie underexplored within the ambiguity-laden narrative of Judges 16. Interpretations that offer alternative and more sympathetic portrayals of her biblical persona. In *Reimagining Delilah's Afterlives as Femme Fatale*, Caroline Blyth guides readers through an in-depth exploration of Delilah's afterlives as femme fatale in both biblical interpretation and popular culture, tracing the social and historical factors that may have inspired them. She then considers alternative afterlives for Delilah's character using as inspiration both the Judges 16 narrative and a number of cultural texts which deconstruct traditional understandings of the femme fatale, thereby inviting readers to view this iconic biblical character in new and fascinating lights.

A Critical Approach to Conceptual and Historical Issues in Psychology Stanley O. Gaines, Jr., 2025-03-14 A Critical Approach to Conceptual and Historical Issues in Psychology. Soul, Self and Science examines the evolving concept of human consciousness throughout the ages to show how humanity progressed from studies of the soul, a major concern of ancient philosophy, to a science of the mind, including the self, a primary concern of contemporary psychology. Divided into five parts, the book moves through the history of psychology from its philosophical roots into the present day and beyond. It takes a balanced and critical approach to figures and theories which have been instrumental in the development of psychology as a discipline, such as Plato, Descartes, Wundt, Du Bois, Freud, Jung, Watson, Skinner and Maslow. Throughout, it offers diverse perspectives on the field's history, providing insights into such topics as race and intelligence, gender and personality, and their treatment within psychology. Each chapter is supported by breakout boxes highlighting key theories related to that chapter's topic. Thought questions to encourage the reader to critically evaluate what they have read, notes with further information, and suggestions for further reading are provided online. Of particular interest to postgraduate students on MSc conversion courses, the book will also interest undergraduate students completing history of psychology, conceptual and historical issues in psychology, history and systems of psychology, and related modules. This textbook was designed to comply with the QAA Subject Benchmark Statement in Psychology and the

BPS accreditation guidelines for content in Conceptual and Historical Issues in Psychology      **Shi'i Sectarianism in the Middle East** Elisheva Machlis, 2014-09-17 The eruption of violent sectarianism in Iraq following the US invasion in 2003 brought the question of Sunni Shi'i relations in the country to the forefront of the international public agenda. It also strengthened the popular belief that contemporary Shi'ism is inherently sectarian. Yet several decades earlier Ayatollah Khomeini had declared an Islamic revolution and downplayed its Shi'i origins and links. So what is the true orientation of Shi'i Islam in the contemporary era and how did modernisation alter its sectarian affiliation? This book contends that early Shi'i reformist thought set the foundations for a more universal oriented Shi'ism. Prominent reformists in the first half of the twentieth century from the holy cities of Karbala and Najaf in Iraq and from the Shi'i centres in Southern Lebanon played a significant role in the renewal of Shi'ism and laid the groundwork for its reinvention in the modern era. Exploring this shift towards a more ecumenical perception of Islam, Elisheva Machlis here provides a fresh perspective on inter-sectarian relations in contemporary Iraq and illuminates the intellectual roots of the Islamic revolution by examining networks of Shi'i scholars such as Mu'ammad usayn K ashif al Ghi and Mu' sin al Am n al mil operating within a more globalised Muslim world. Drawing on the experiences of early Shi'i reformists such as Abd al usayn Sharaf al D n al M saw in Lebanon and Mu' ammad Jaw d Mughniyya in Damascus, this book gives new insight on the future of inter-Muslim relations at a time of growing inter-sectarian contention from the Iran-Iraq war to the post-2003 Sunni Shi'i conflict in Iraq and al-Qa'ida's anti-Shi'i message taking into account questions of theology, historiography, jurisprudence and politics which all played a vital role in the transition to the contemporary era. The author here analyses the broad scholarly connections between Iran, Iraq and Lebanon in the twentieth century while debating paramount questions of leadership, identity and group membership in the development of modern Shi'ism. Examining the relationship between intellectual thought and socio-political development in the region, this book provides a new perspective concerning the future of an increasingly globalised Muslim world and will prove essential reading for students and specialists.

**Maria Sibylla Merian** Catherine Powell-Warren, 2025-09-09 This captivating study of the life and career of Maria Sibylla Merian focuses on her artistic output and accomplishments. The career and achievements of Maria Sibylla Merian (1647-1717) are well documented. A pioneering artist and scientist, she spent much of her life innovating across various mediums and disciplines. Her curiosity was so strong that it led her on a journey across the Atlantic Ocean from Europe to South America in pursuit of knowledge. While her status as an entomologist and naturalist has garnered the most attention, Merian has not yet received her full due as an artist. Raised by a family of illustrators and publishers, she learned how to draw, mix paints, create prints and paint in watercolor from her stepfather, still life expert Jacob Marrel. Her stepfather's attention and tutelage would provide the foundation for her talents to flourish and teach her that her gender was not a barrier to success. In *Maria Sibylla Merian*, author Catherine Powell-Warren examines Merian through an art-historical lens to better understand her life as a woman and illustrator in the early modern Dutch

Republic This volume highlights Merian's artistic range, financial successes and historical significance. Considering the obstacles women artists faced in this period, Merian's achievements, namely her management of a successful artists' studio and for-profit workshop, were extraordinary.
