**Get Your Dream Job** Ebere Ujam-Ojadua, 2017-03-01 Going for an interview can be a huge task when you are not prepared. Knowing what to say to convince your interviewer is very important. When you prepare adequately, your chances of getting the job above your peers will be better. This book has been designed to prepare you for success in your interview.

*Web Hacking from the Inside Out* Michael Flenov, 2006 Covering new technologies used to search for vulnerabilities on websites from a hacker's point of view, this book on Web security and optimization provides illustrated practical examples such as attacks on click counters, flooding, forged parameters, passed to the server, password attacks, and DoS and DDoS attacks. Including an investigation of the most secure and reliable solutions to Web security and optimization, this book considers the many utilities used by hackers, explains how to write secure applications, and offers numerous interesting algorithms for developers. The CD included contains programs intended for testing sites for vulnerabilities as well as useful utilities for Web security.

*Office 97* Elaine J. Marmel, 1997 The highly visual nature of this book offers a step by step approach that is appealing to new users. The simple task orientation allows readers to follow from beginning to end to master all the basic skills and to return to the book for reminders when specific Office 97 tasks are needed.

*Efficient Information Searching on the Web* Jonas Fransson, 2010-05 Information searching on the Web has become part of our everyday life. Efficient Information Searching on the Web deals with different aspects which are important to become a better searcher. To search for information is one of the most common occupations on the Web. We do it for work, for studies, and in our spare time. We search for information about illnesses, far away countries, or spare parts for the car. The Web is an important source of information, no matter if you are a journalist, a student, a university researcher, or a teacher. Everybody can become more effective when it comes to searching for information. Central matters of the book are: How does a search engine work? How may the search services be used more efficiently? What is the invisible Web? How can the information be managed once it is found?

The Career Artisan Series: The 21st Century Resume & Linkes to Custom Templates Mary Elizabeth Bradford, 2011-07 .**Facebook** resell right, *Microsoft Word Secrets* Flavio Morgado, 2017-10-27 Get hints, useful tricks, and solutions to those annoying problems that plague users of Microsoft's ever popular word processing software. This book goes beyond a how to guide. You will understand where some of Word's odd behavior comes from, how underlying inheritance rules can affect your formatting, and how to understand and make use of the many hidden characters that Word uses to control the text. By the end of the book, you'll be able to fly through your Word processing without the usual headaches. What You'll Learn Understand why you should care about hidden characters and how they can save you time and headaches. Use templates effectively and produce your own templates. Employ fast desktop publishing techniques to produce a polished final document. Generate a table of contents and index. Fix those pesky tables forever. Who This Book Is For Everyone who uses Microsoft Word and has encountered difficulties and felt frustrated and slowed down.
