Look What Chemistry Did For Me Alan Heaton, 2017-08-04 This is the story of a life spent largely in the world of chemistry mainly as a college or university level teacher. It is also the story of an ordinary boy a child of the war years who rose from an unpromising start leaving school at 16 with four mediocre O Levels to become more successful and fulfilled in a career than he had ever imagined possible eventually becoming a university professor. The book also describes the immense contribution made to our lives by chemical research and the chemical industry.
