Freedom From The Bondage Of Karma:

Freedom from the Bondage of Karma Swami Rama, 2007-02-08 Karma is the activity of doing and being It is traditionally symbolized as a rope with strands made of actions thoughts desires and the latent subconscious tendencies of personality The effect of these constituent aspects of karma is to keep the mind in a state of constant agitation and outward directedness in search of appearement The result is enslavement to the many objects ideas fantasies and pleasures which scream for the mind's attention As long as the mind remains in this scattered and dissipated condition there can be no hope of freedom from karma In the eight lectures included in this volume Swami Rama offers a series of perspectives on man s most significant responsibility that of self understanding Analyzing the mechanisms of karma and the functioning of mind Swamiji demonstrates the kind of self study each student of life must undertake to gain liberation and attain freedom from the bondage of karma How to Remain Ever Free M. K. Gupta, 2006 In this book the author takes you on a journey towards freedom and happiness According to him freedom is the very fragrance of life Freedom and happiness are intimately linked However the author makes a clear distinction between real freedom and the so called casual freedom of doing anything as Freedom Through Understanding Lama Yeshe, Lama Zopa Rinpoche, 2009 In Lama Yeshe per one s whims and fancies s and Lama Zopa Rinpoche's first trip to Europe in 1975 they offered a weekend seminar based on their famous month long Kopan meditation courses Preceded by Lama Yeshe's lecture on meditation at Kensington Town Hall these teachings at Royal Holloway College Surrey encompass the entire Buddhist path to enlightenment I. Krishnamurti and Sant Kabir Rohit Mehta, Shridevi Mehta, 1990 From Kabir to Krishnamurti is a far cry For they are separated one from the other by over five centuries But quantitative measurement of this distance has a qualitative aspect which cannot be measured in any time scale Two great seers lived in two completely different worlds with no comparison between the two And yet they expressed their thoughts and experience not only in a similar language but almost in identical terms In these two streams of thought represented by Kabir and Krishnaji the authors note a fascinating parallelism These streams run parallel to each other and yet they meet from time to time at the intersections between the two approaches to life J Krishnamurti and Sant Kabir focuses on these meeting points between the two approaches to life The book also presents the intersections between the writings and sayings of Kabir and Krishnaji **OM the Eternal Witness** Swami Rama, 2007 The Upanishads are called shruti revelations Mandukya Upanishad though the shortest of all Upanishads is a revered profound Upanishad that teaches us about four states of consciousness the waking dreaming and sleeping states and Turiya the fourth state beyond the first three In this Upanishad there is a unique combination of psychology and profound philosophy a clear exposition of the four states of consciousness Holistic Living Manual Prakash Keshaviah, 2018-05-22 The word holistic comes from the Greek root holos which means whole total entire Holistic means to understand the entire human being In holistic health the entire human being is considered paying attention to the interaction and integration of the biological and physiological body and
