Hell in the Heartland Jax Miller, 2021-06-15 There is in the best of us a search for the truth to serve the living and dead alike Jax Miller is one of those people and Hell in the Heartland is one of those books Robert Graysmith New York Times bestselling author of Zodiac As seen in Marie Claire s Best True Crime Books of 2020 HuffPost OK Magazine CrimeReads LitHub s Best New Summer Books S Town meets I ll Be Gone in the Dark in this stranger than fiction cold case from rural Oklahoma that has stumped authorities for two decades concerning the disappearance of two teenage girls and the much larger mystery of murder possible police cover up and an unimaginable truth On December 30 1999 in rural Oklahoma sixteen year old Ashley Freeman and her best friend Lauria Bible were having a sleepover The next

morning the Freeman family trailer was in flames and both girls were missing While rumors of drug debts revenge and police corruption abounded in the years that followed the case remained unsolved and the girls were never found In 2015 crime writer Jax Miller who had been haunted by the case decided to travel to Oklahoma to find out what really happened on that winter night in 1999 and why the story was still simmering more than fifteen years later What she found was more than she could have ever bargained for evidence of jaw dropping levels of police negligence entire communities ravaged by methamphetamine addiction and a series of interconnected murders with an ominously familiar pattern These forgotten towns were wild lawless and home to some very dark secrets **Freedom's Child** Jax Miller,2016-08-26 *Freedom's Child* Jax Miller,2016 Most people know that Freedom Oliver works at the local bar and likes a drink or two What they don't know is that Freedom is not her real name that she has spent the last eighteen years living under Witness Protection after being arrested for her husband's murder They don't know that she put her two children up for adoption a decision that haunts her every day Then Freedom's daughter goes missing and everything changes Determined to find her Freedom slips her handlers and heads to Kentucky where her kids were raised No longer protected by the government she is tracked by her husband's sadistic family who are thirsty for revenge And as she gets closer to the truth Freedom faces an even more dangerous threat She just doesn't know it yet *Dear George* Jan Miller,2013-03 *Dear George* Insights into Healing Relationships is a book of hope and possibilities I've been on a healing journey most of my life The stories you are about to read are based on my own complicated journey and my years in private practice Each chapter starts with a letter to George a psychotherapist The letters describe the journey of George and me custom designing a therapeutic relationship They are my effort to move beyond my past patterns of distrust for the psychotherapeutic system We co create something new that drastically reduces the chronic pain I've been living with for forty years All the chapters have three perspectives mine with George a novice's experience my daughter's journey healing cancer and the points of view of veterans of the system These people choose to work with me They have been in the system for a long time and often have more than one diagnosis They are system weary and system wise In my life and practice I witness transformative shifts which produce amazing results whether people are dealing with anxiety depression chronic pain cancer or mental illness We use less than 10 percent of our brain capacity and we mostly operate from unconscious programming or habit This is why we keep doing what we do even though it may not work One way to form new connections in the brain is to open ourselves to possibilities through reading about people who experience these kinds of changes Is your unconscious programming taking over Are you struggling to overcome it *Dear George* inspires hope challenges conventional ideas and theories and creates more expansive thinking and learning for those with the courage to question current practices No hard work no exercises Just relax read and then see what happens **Catalog of Copyright Entries.
