Gemini Jones: the Dr. Marquise Crawford Case Veronica Faye, 2019-09-26 Dr Marquise Crawford is a successful African American plastic surgeon who has found herself accused of murdering her employer and good friend media mogul Peter Wayne based on nothing more than her looks The DA believes he has the right suspect and is out for blood but detective Nape Tanner isn't convinced that there is any truth to the allegations at all The evidence and his instincts are all pointing in a totally different direction Clearly there is more to the crime than what meets the eye Gemini Jones the attorney hand picked for this case has earned the reputation as a winner in high profile cases but right now she has her own set of demons to deal with Still she knows that she has to put all of her personal issues on the back burner because there's a killer on the loose and she has a client that is counting on her to bring her A game in the fight for her life Behind the wealth and the power that is the driving force of the hell that is being unleashed in the lives of everyone involved there is an evil so ugly a rage so explosive that it can no longer be contained A person would have to be crazy to want to go up against a force like that And that's exactly why they hired Gemini Jones
