Evidence Based Practice An Implementation Guide For Healthcare Organizations:

Evidence-Based Practice Liz Trinder, 2008-04-30 Evidence based practice is an idea whose time has come Few concepts can have achieved the status of unchallengeable common sense in such a short space of time and across such a broad range of professional activity As yet there have been few opportunities to take stock and reflect on the evidence for evidence based practice or the implications of its adoption How effective or feasible is it in medicine Is it really different What are the consequences of not basing practice on research Can evidence based practice be used in non clinical settings where practitioners must deal with the complexity of multi problem individuals families and organizations This text introduces the key concept of Evidence Based Practice and accounts for its emergence and rapid expansion within and beyond medicine It then goes on to describe how evidence based practice is being translated in key areas medicine nursing mental health education and social welfare while critically appraising the strengths and weaknesses of evidence based practice as it applies in a range of fields of professional practice *Evidence-Based Practice* Janet Houser, Kathleen S. Oman, 2010-06-14 Evidence Based Practice An Implementation Guide for Healthcare Organizations was created to assist the increasing number of hospitals that are attempting to implement evidence based practice in their facilities with little or no guidance This manual serves as a guide for the design and implementation of evidence based practice systems and provides practice advice worksheets and resources for providers It also shows institutions how to achieve Magnet status without the major investment in consultants and external resources Research for the Health Professional Angela N. Hisson, Jennifer E. Lape, Diana M. Bailey, 2014-11-26 This classic text explains the hows and whys of conducting and writing a research project Step by step guidance shows you how to select topics how to select the appropriate methodology and theoretical framework how to collect analyze and interpret the data and how to write present and publish your project
